The Magic Of J B:

The Magic of J. B. Carl Mays, Robert B. Martin, 1977-01-01 An ugly silent parakeet a skinny kitten an injured dog and a friendless boy flourish under the attention of a 10 year old girl Magic in the Ancient Eastern Mediterranean Nina Nikki, Kirsi M.J. Valkama, 2020-12-14 Magic in the Ancient Eastern Mediterranean Cognitive Historical and Material Perspectives brings together articles with the shared conviction that the category of magic remains useful in religious studies and provides new insights to biblical and related texts and artifacts Historically magic has been considered in both scholarly and popular discourse to be questionable obscure and potentially subversive 19th century scholars of religion viewed magical beliefs and practices as primitive and inferior compared to Judeo Christian forms of worship which were considered true religion More recently the category has been defended especially by scholars of the cognitive science of religion who find it useful for delineating a set of beliefs and practices fundamental to all forms of religion The volume joins current scholarship in refraining from using the concept as an othering device and in arguing that it can still serve as a helpful analytical tool In addition to analyzing the discourse on magic in both ancient literature and modern scholarship the articles provide individual examples of how literary and material culture attest to the existence of magical beliefs and practices in sources from the Ancient Near East to the Byzantine Period The book is divided into three parts The contributions in the first part approach magic from the theoretical perspective of cognitive studies ritual studies and cultural evolution while the rest of the book focuses on how magic and magicians are understood in ancient sources The second part discusses a specific set of textual material dealing with blessings and curses The third part of the volume discusses the world of various destructive celestial beings from which one and one's loved ones had to be defended as well as the multitude of protective beings such as angels

this internship is nothing like what she'd expected. Soon she's administering to the producer's mammoth ego, keeping bed watch on the boozy starlet and intercepting a burgeoning romance between two of the mega-hot, mega-hormonally-compromised leads. And while all this is taking place, someone we're not yet sure who or why is busy keeping the blogosphere up to date with The Bu Hoo, a scandalous unauthorized behind-the-scenes look at the making of The Bu. [The Applause of the Gods, a Novel](#) Warren R B Dixon, 2016-06-30 This story of Faustian bargains happened in Paris in the 1950s. Using any means necessary to get to the top with her talent, Kathleen Ingersoll reached the far edge of possibility as a classical pianist. With the higher music establishment in the background, her story is neither about music nor about Paris. It is about a woman and the cost of extreme ambition, about love and other dangers, and about time and the river. Events on streets and in neighborhoods that were never in Paris are in this book the same way that Poe's murders happened in the Rue Morgue. Persons who existed in the past, for example Josephine Baker, are images in a distorted mirror. The world in this book and the one we call real happen inches apart. Whether Kathleen Ingersoll's bargains with an imaginary or true devil could actually have happened somewhere, sometime, the author leaves to his many coauthors, the readers. They necessarily will see the story as different from what the author saw in telling it. **The Golden Bough** James George Frazer, 1913 [Sleep Walking Out of Afghanistan](#) Harold Phifer, 2018-07-25 I found myself caught in the middle of the biggest vehicle explosion to ever hit

Afghanistan. While dealing with injuries and destruction, my mind kept spinning out of control, from horror to horror to my dysfunctional past. I did my best to replay my personal ordeals and the reactions of the people around me as accurately as possible. The journey starts out in a tropical country of Thailand where I was living a carefree life with no worries or drama. By happenstance, I came across another retiree, Dylan, that took advantage of my drunken state while easily coercing me to dive into my life's history. It was a life that I buried deep below the surface, away from my kids, my family, my friends, my co-workers, and mainly myself. Each story is sure to affect you differently than the previous one. Dealing with what I had viewed as an imminent death helped to bring closure to where I was once open and exposed. The book touches on the sad, the shocking, and the schizophrenic behaviors that surrounded me until later into my adulthood. I tried to ratchet down those experiences with my sense of humor and creative outlets. You are guaranteed to read this book over and over again. You may find yourself identifying with many of the events or characters. But undoubtedly, some of the stories will stick with you like nothing you have ever read or ever heard of before. *Fiction & Books for the Young* Denver Public Library, 1903
