Making Sense of Mind Only William S. Waldron, 2023-11-07 Through engaging contemporary examples *Making Sense of Mind Only* reveals the Yogacara school of Indian Buddhism as a coherent system of ideas and practices for the path to liberation contextualizing its key texts and rendering them accessible and relevant The Yogacara or Yoga Practice school is one of the two schools of Mahayana Buddhism that developed in the early centuries of the common era Though it arose in India Mahayana Buddhism now flourishes in China Tibet Korea Vietnam and Japan While the other major Mahayana tradition the Madhyamaka Middle Way focuses on the concept of emptiness that all phenomena lack an intrinsic essence the Yogacara school focuses on the cognitive processes whereby we impute such essences Through everyday examples and analogues in cognitive science author William Waldron makes Yogacara's core teachings on the three turnings of the Dharma wheel the

three natures the storehouse consciousness and mere perception accessible to a broad audience In contrast to the common characterization of Yogacara as philosophical idealism Waldron presents Yogacara Buddhism on its own terms as a coherent system of ideas and practices with dependent arising its guiding principle The first half of Making Sense of Mind Only explores the historical context for Yogacara's development Waldron examines early Buddhist texts that show how our affective and cognitive processes shape the way objects and worlds appear to us and how we erroneously grasp onto them as essentially real perpetuating the habits that bind us to samsara He then analyzes the early Madhyamaka critique of essences This context sets the stage for the book's second half an examination of how Yogacara texts such as the Samdhinirmocana Sutra and Asanga's Stages of Yogic Practice Yogacarabhūmi build upon these earlier ideas by arguing that our constructive processes also occur unconsciously Not only do we collectively yet mostly unknowingly construct shared realities or cultures our shared worlds are also mediated through the storehouse consciousness ālayavijāna functioning as a cultural unconscious Vasubandhu's Twenty Verses argues that we can learn to recognize such objects and worlds as mere perceptions vijāptimātra and thereby abandon our enchantment with the products of our own cognitive processes Finally Maitreya's Distinguishing Phenomena from Their Ultimate Nature Dharmadharmatāvibhanga elegantly lays out the Mahayana path to this transformation In Waldron's hands Yogacara is no mere view but a practical system of transformation His presentation of its key texts and ideas illuminates how religion can remain urgent and vital in our scientific and pluralistic age

Mādhyamika and Yogācāra Gadjin M. Nagao, 1991-01-08 Nagao invariably focuses on the core of Mahāyāna Buddhism the path of the Bodhisattva the doctrine of *śūnyatā* and the system of *Trisvabhava* are explained Important technical terms used in the Mahayana textual tradition whose exact understanding is imperative for the study of Mahāyāna Buddhism are skillfully presented making the book indispensable to scholars of Buddhist studies

The Chadar of Secrets Harsh Singhal, 2019-01-30 MAGIC The shortest and the most complete answer When you enter a magic show you only know about the name of the trick which you are about to see and nothing else right And with that one name being enough already for you you start making your own stories to tell yourself how the trick will be performed or how will the magician do it according to your own ideas and your own understanding Later when the magician performs his tricks and his magic doesn't match with your expected stories you feel surprised and something unexpected has happened And ta da But that's not the end Now the magician waits for something more magical and that is the sound of your claps and the look on your faces And that's when it ends Does anything up above sounds similar That's how you and your life work You know one thing and you start making up stories according to your own beliefs and your own ideas of what you know You are already prepared And later life changes your already prepared game and it surprises you and something unexpected has happened Again This book will not teach you any lessons because that's your life's job but it will show you how life tries to teach you those lessons And once you have read this book till the end you will know that you are a magician yourself and perform magic tricks almost every day
