The Magnificent Siberian:

The Magnificent Siberian Louis Charbonneau, 1996-04-25 **The Magnificent Siberian** Louis Charbonneau, 2014-03-10 In Russia everything has a price In Far East Siberia Russia a sense of independence from the central government prevailed even under harsh Communist rule Now with the nation in political turmoil poachers operate in brazen defiance of the law Their targets rare Siberian tigers fetch hundreds of thousands of dollars on the black market American biologist Chris Harmon is part of a joint Russian American research team investigating the tigers survival in the Sikhote Alin preserve Harmon s recent discovery of a tiger and her three young cubs is threatened by a politician s lucrative thirty year logging contract which could destroy their habitat His petition to oppose the deal is dismissed but Harmon s efforts to protect the endangered animals are getting someone s attention Former KGB hit man Sergei Lemenov is a dangerous man not just a hunter of unusual animals but of men too He saves a piece of each of his victims man or beast giving him the gruesome nickname The Collector He s been ordered to obtain the tigers and to silence Harmon permanently Now Harmon must navigate a labyrinth of bureaucratic red tape ruthless Communist sympathizers and a complicated international trafficking ring to save the tigers and himself *On the Edge of Extinction* Claire Craig, 2003 Up to 30 species become extinct every day How do animals and plant species disappear from the face of the Earth Find out about those already gone those in danger now and what is being done about it **Narrative of a Pedestrian Journey Through Russia and Siberian Tartary from the Frontiers of China to the Frozen Sea and Kamtchatka Performed During the Years 1820-1823** John Dundas Cochrane, 1824 [The EcoTourism travel guide for Bangladesh](#) , 2025-09-25 *Stalk* Louis Charbonneau, 2014-04-03 Survival is just the beginning For three years ex CIA agent Barney McLean has been leading a quiet double life in Fortune California His peaceful retirement is shattered when two hit men break in looking for his long time girlfriend Angie But she s already gone along with her young son Tony It turns out Angie was hiding some dangerous secrets of her own A mafia informant in the witness protection program Angie Simmons formerly Angela Marchetti lived in fear ever since she testified against her powerful mobster husband worried that someday he would track her down If he catches up to Angie and the kid before McLean does no one will be able to protect her As McLean desperately tries to find Angie he is pursued by his own past a rogue CIA agent with a blood vendetta against McLean He ll stop at nothing to see McLean dead Hunted by both the mob and the feds McLean is on his own now running out of time and luck as he races across the country to save the woman he loves **Down to Earth** Louis Charbonneau, 2013-10-07 Vengeance knows no bounds Emergency Landing Station No 17 light years away from our solar system has rarely been used since the Space Corps developed bigger and better ships that can bypass the planetoid as they head into deep space Yet all the E L S s including No 17 are still manned by intrepid volunteers from an overpopulated Earth Dave Perry and his family are drawing to the end of a three year assignment on E L S 17 Their time at the station passed relatively uneventfully the simulated weather and high

tech holograms mimic Earth well enough that it's easy to forget it's all an illusion. Until the incidents begin, flawless machines start to malfunction; anomalies appear in the holograms; foreign bodies materialize within the airtight walls of the space station's dome. At first Dave tries to convince himself that it is mere coincidence or that the years of isolation have induced a kind of mass hysteria around unconnected events. But then the incidents increase in ferocity and communication with Earth is cut off. It becomes clear a vicious saboteur walks among them. Millions of miles from aid, Dave will need to rely on raw instinct to outsmart the sadist stalking his family.

Trail Louis Charbonneau, 2013-12-02 In 1804 Meriwether Lewis and William Clark set forth to explore and map the West and forge a trade route to the Pacific coast. Though their adventures and contributions to American history are well known, a vital member of their team was nearly forgotten by time. Amid the soldiers, cartographers, and boatmen, one particular explorer in The Corps of Discovery stands out: Seaman. Captain Lewis's giant black Newfoundland dog, Seaman, is more than just a companion. He is a skilled hunter, a talented scout, and a fierce guardian frequently risking his own life to save that of his master's. Along with Seaman, Sacajawea, and the intrepid pioneers in their party, Lewis and Clark face countless dangers: starvation, deadly storms, and hostile tribes as they attempt to achieve President Jefferson's ambitious assignment. Based on expedition journals and other historical documents, *Trail* is a gripping retelling of a true American adventure that vividly captures the inspiration, courage, and imagination of the Westward Expansion.

The Lair Louis Charbonneau, 2014-04-15 Not all evil hides in the dark. World War II veteran Jeff Blanchard got the call before he got the letter. His new daughter-in-law, Angie, has chilling news: his son, Mike, suddenly disappeared from their motel in Mexico. Then the letter arrives. Sent just before his abduction, Mike's note is shocking. An old army friend of Jeff's, Darrell Kinney, believed to be dead for almost 30 years, is very much alive and has been following the newlyweds through Mexico. The plane crash that let Kinney fake his own death was good luck; finding the fugitive Nazi was destiny. SS Officer Ernst von Schoenwald struck an expensive bargain for his life that day. Since then, he's been hiding in plain sight in a lavish Mexican compound, sitting on millions of dollars of stolen art. It's been decades since they made that deal, and Kinney is tired of waiting for his share. Kinney thought his luck had run out when he spotted Mike in Guadalajara. But Mike was exactly the catalyst Kinney needed to set off a twisted life-and-death game of avarice and bloodlust designed to overthrow von Schoenwald and claim his spoils. Now Blanchard, with the help of Angie and an attractive American teacher, must begin the frantic hunt to find his son before it's too late.

Where the Wild Books Are Jim Dwyer, 2010-04-01 As interest in environmental issues grows, many writers of fiction have embraced themes that explore the connections between humans and the natural world. Ecologically themed fiction ranges from profound philosophical meditations to action-packed entertainments. *Where the Wild Books Are* offers an overview of nearly 2,000 works of nature-oriented fiction. The author includes a discussion of the precursors and history of the genre and of its expansion since the 1970s. He also considers its forms and themes as well as the subgenres into which it has evolved, such as speculative fiction, ecodefense, animal stories,

mysteries ecofeminist novels cautionary tales and others A brief summary and critical commentary of each title is included Dwyer's scope is broad and covers fiction by Native American writers as well as ecofiction from writers around the world Far more than a mere listing of books *Where the Wild Books Are* is a lively introduction to a vast universe of engaging provocative writing It can be used to develop book collections or curricula It also serves as an introduction to one of the most fertile areas of contemporary fiction presenting books that will offer enjoyable reading and new insights into the vexing environmental questions of our time

Make for the Hills Robert Thompson, 1989-06-01 When Robert Thompson left Cambridge to join the Malayan Civil Service in 1938 the sun still shone on the British Empire for 24 hours a day The outbreak of war in the Pacific found him in Hong Kong from which he was obliged to make a hurried and dramatic exit From that point most of his working life was spent in military and political circles as one of the world's leading experts on counterinsurgency measures on which subject he has written a number of highly regarded works Now with wit and modesty he tells the story of his own eventful life After the war during which he served in both operations in Burma he returned to Malaya and it was there during the Emergency that he gained the experience in anti terrorist operations which was eventually to lead him as special adviser to Vietnam and on to Washington En route he was privileged to meet many of the most influential and controversial figures of his time from Wingate and Templer to Kennedy Nixon and Kissinger His comments on these and many others are candid and revealing *Make for the Hills* is both a fascinating autobiography and an important addition to the history of the post war world especially that of South East Asia

Trespassing John Hanson Mitchell, 2015-05-05 *Trespassing* a thoughtful beautifully written addition to environmental and regional literature Kirkus Reviews is a historical survey of the evolution of private ownership of land concentrating on the various land uses of a 500 acre tract of land over a 350 year period What began as wild land controlled periodically by various Native American tribes became British crown land after 1654 then private property under US law and finally common land again in the late twentieth century Mitchell considers every aspect of the important issue of land ownership and explores how our attitudes toward land have changed over the centuries

Intruder Louis Charbonneau, 2014-03-10 He's got the whole town in his hands The technical glitches in Hollister California began inconspicuously enough errors in department store billing and production problems at local factories But the episodes become more malicious when falsified criminal records are strategically released to employers and press fake medical reports are sent to spouses and the city's traffic lights are hacked and thrown into deadly chaos The only link between these seemingly random occurrences is the Regional Data Center Former FBI agent Michael Egan the RDC's new security director knows something more than coincidence is involved in these events The RDC computers certainly aren't foolproof but the incidents of the last week have grown in such frequency and intensity it can only mean one thing It's not a computer malfunction The system has an intruder Someone is in the RDC network someone who does not belong there The intruder is cruel drunk with power and his games with the RDC have already resulted in a man's death If Egan and his

colleagues can't stop him many more will die Hollister is under attack and the only chance for survival may lie within the very machines where the crisis began *Way Out* Louis Charbonneau, 2014-04-14 An angel among demons Seventeen year old songstress Donna Roberts is the kind of natural talent record executives dream of signing Na ve and beautiful she s also the kind of woman they dream of corrupting Which is why studio PR man Jack Darrin is assigned to keep an eye on Donna when she arrives in Los Angeles Darrin helps Donna navigate the treacherous Hollywood music scene loaded with slick celebrities desperate groupies and dangerous criminals But the greatest threat Donna faces isn't one that lurks amid the gilded throngs of the glamorous parties Someone is stalking Donna from the shadows waiting watching Is it a man from her past An obsessed fan Whoever he is his seething obsession with Donna has already driven him to violence and now Darrin is the only obstacle left in his way *The Ice* Louis Charbonneau, 2013-11-01 The world's most hostile environment just became even deadlier Brutal unforgiving and breathtaking for American biologist Kathy McNeely much of Antarctica's lure lies in its dangerous beauty Part of an international research team sent to study the long term effects of an oil spill on the ecology Kathy's focus is on the penguin population As she uncovers a mysterious new threat to the birds a sudden blizzard drives more than snow to her team's remote field camp Archaeologist turned adventurer Brian Hurley isn't the kind of man to stay in one place very long But the fierce whiteout conditions force him to postpone training for his record breaking sledge run to the South Pole He's not the only one stranded at the scientists camp a pair of cagey energy contractors and a dogged L A journalist also wait for the severe weather to pass As the storm rages on a dangerous and potentially deadly spate of accidents plagues the Ice Missing supplies damaged equipment and communication errors too many to be coincidence spur rumors of sabotage Someone is conducting unsanctioned research in protected areas and they've discovered something so valuable they will do anything keep it secret *All the Russias* Henry Norman, 1902 **Our Vanishing Wild Life** William T. Hornaday, 2020-07-17 Reproduction of the original *Our Vanishing Wild Life* by William T Hornaday *White Harvest* Louis Charbonneau, 2013-11-04 In the Arctic man is the deadliest animal Biologist Kathy McNeely is no stranger to the capricious nature of the wilderness Fresh off a dangerous research mission in Antarctica she's been asked to join a new expedition in Alaska The Association of Scientists to Save the Environment organized the trip for McNeely and other researchers to identify the risks of the Alaskan pipeline It's also a chance for McNeely to investigate the rampant poaching business in the area What she discovers is shocking Someone is butchering entire herds of walruses using a local Eskimo tribe to do their dirty work by plying them with drugs and alcohol The man behind the slaughter Travis Mayberry is just getting started His bosses want ivory lots of it but there's one prize that's worth more than the rest the tusks of a legendary walrus called Muugli For those Travis will do anything even murder With the help of an undercover government agent and an Eskimo patriarch McNeely pursues the poachers But as they draw closer to exposing a massive international trafficking ring McNeely and her team become the target of a ruthless kingpin To save the walruses first they'll need to save themselves

No Place on Earth Louis Charbonneau, 2014-04-28 Some men weren't born to follow In the 23rd Century science's triumph in prolonging life comes at a terrible cost Widespread famine and overpopulation spurred the creation of the Leader Party a Malthusian inspired dictatorship that controls the world with a ceaseless grip Though a mysterious rebel group The Underground works to dismantle the police state they've been dealt a potentially fatal blow a traitor has infiltrated their ranks Now the success of a crucial operation and perhaps the entire resistance lies in the hands of one captured rebel Petr Clayborne Raised by the state after his father was executed for treason Petr never loved the Leader Party But unlike his dad he didn't see any point in opposing it That all changed when he found out he and his wife Alda would soon have a son of their own Under the Population Code unsanctioned birth is a crime punishable by death for the parents and the child Captain Kurt Hartog the Population Control Corps most ruthless leader will stop at nothing to crush The Underground His brutal interrogation threatens Petr's sanity and his life But Petr guards the rebellion's most powerful secret For the sake of humanity for the sake of his son he must be willing to do anything to protect it From a Dark Place Louis Charbonneau, 2014-04-16 Some wounds never heal Jenny Vaughn loved Roy Landell since they were kids so their engagement should have been a joyful celebration But Jenny barely recognizes the man in front of her It's more than his appearance ragged and gaunt it's the deep darkness behind his eyes and his new obsession with his lost war dog Roy didn't have an easy childhood haunted by the rumors surrounding his mother's suspicious death So after his brutal tour in Vietnam Roy's return to Mt Washington Ohio is anything but happy Except for his reunion with Bluka the vicious German Shepherd who saved Roy's life during battle Fiercely loyal to Roy Bluka is hostile toward anyone who comes near the battered Landell house including Jenny Before long the town is talking again Neighborhood pets and innocent people are getting hurt even killed under mysterious circumstances Is it coincidence is the aggressive war dog to blame or is some darker force from Roy's past at work To clear Roy's name and save their future Jenny must find out even if it means using herself as bait
