Armand D'Angour, 2019-03-07 An innovative and insightful exploration of the passionate early life of Socrates and the influences that led him to become the first and greatest of philosophers Socrates the philosopher whose questioning gave birth to the ideas of Western thought and whose execution marked the end of the Athenian Golden Age Yet despite his pre eminence among the great thinkers of history little of his life story is known What we know tends to begin in his middle age and end with his trial and death Our conception of Socrates has relied upon Plato and Xenophon men who met him when he was in his fifties and a well known figure in war torn Athens There is mystery at the heart of Socrates story what turned the young Socrates into a philosopher What drove him to pursue with such persistence at the cost of social acceptance and ultimately of his life a whole new way of thinking about the meaning of existence In this revisionist biography Armand D Angour draws on neglected sources to explore the passions and motivations of young Socrates showing how love transformed him into the philosopher he was to become What emerges is the figure of Socrates as never previously portrayed a heroic warrior an athletic wrestler and dancer and a passionate lover Socrates in Love sheds new light on the formative journey of the philosopher finally revealing the identity of the woman who Socrates claimed inspired him to develop ideas that have captivated thinkers for 2 500 years **The Philosopher's Autobiography** Shlomit C. Schuster, 2003-01-30 Throughout the

ages philosophers have examined their own lives in an attempt both to find some meaning and to explain the roots of their philosophical perspectives This volume is an introduction to philosophical autobiography a rich but hitherto ignored literary genre that questions the self its social context and existence in general The author analyzes representative narratives from antiquity to postmodernity focusing in particular on three case studies the autobiographies of St Augustine Rousseau and Sartre Through the study of these exemplary texts philosophical reflection on the self emerges as a valid alternative to Freudian psychoanalysis and as a way of promoting self renewal and change **The Philosopher's Habitat** Laurence Goldstein, 2023-02-14 First published in 1990 The Philosopher s Habitat introduces the subject by investigating a variety of the problems which are currently engaging philosophers and which can be made intelligible to an absolute beginner Rather than introducing philosophy by examining in the traditional way the writings of great philosophers the author has inverted

this procedure The idea is that the reader will become absorbed in these dramas will thereby come to appreciate the ways in which the stage was set by the great writers of the past and will feel the urge to participate Questions at the end of each chapter encourage the reader to push beyond the text This book is a must read for students of philosophy **The Philosopher's Playground** Jacob L. Goodson, 2021-11-09 Since its inception in 1994 scriptural reasoning has been practiced by academics and religious laypeople on an international scale Scriptural reasoning is an activity or practice where Jews Christians and Muslims read and study together short passages from their traditionally sacred texts In this book Jacob L Goodson describes this activity by giving a tour through modern philosophy and showing how certain arguments ideas and theories from modern philosophers help make sense of this inter religious practice According to Goodson one of the most interesting aspects of the practice of scriptural reasoning concerns how its driven by a tension between pragmatism and semiotics what he calls purposefulness pragmatism vs playfulness semiotics throughout the book Can inter religious practices only be playful in terms of an academic leisure activity Or do inter religious practices need to strive toward a greater end or even a higher purpose such as peace making among the Abrahamic faiths or inter religious friendships In each individual chapter Goodson explores this tension within the practice of scriptural reasoning Utilizing Immanuel Kant's deontology Goodson concludes by demonstrating how the practice of scriptural reasoning might work if only two rules are in place while participating in it Setting the Moral Compass : Essays by Women Philosophers Cheshire Calhoun Professor of Philosophy Colby College, 2003-11-28 Setting the Moral Compass brings together the largely unpublished work of nineteen women moral philosophers whose powerful and innovative work has contributed to the re setting of the compass of moral philosophy over the past two decades The contributors who include many of the top names in this field tackle several wide ranging projects they develop an ethics for ordinary life and vulnerable persons they examine the question of what we ought to do for each other they highlight the moral significance of inhabiting a shared social world they reveal the complexities of moral negotiations and finally they show us the place of emotion in moral life **A new method of chemistry ... translated ...
