for those working in interdisciplinary fields such as African studies African American studies Caribbean studies decolonial studies postcolonial studies women and gender studies and queer studies *The African Union's Africa* Rita Kiki Edozie, Keith Gottschalk, 2014-11-01 The African Union's Africa New Pan African Initiatives in Global Governance examines the initiatives of the Pan African global governance institution the African Union AU as the organization and its precursor commemorate their Jubilee as international actors Taking a unique approach the book seeks to explain the AU through a theoretical framework referred to as the African Union phenomenon capturing the international organization's efforts to transform the national politics of Africa as well as to globalize the practice of African politics The authors examine Africa's self-determined international norms and values such as Pan Africanism African Solutions to African Problems Hybrid Democracy Pax Africana and the African Economic Community to demonstrate that Africa the world's least developed region is composed of crucial values institutions agents actors and forces that are through the AU contributing to the advancement of contemporary global development The book reveals how in the areas of cultural identity democracy security and economic development Africans are infusing new politics economics and cultures into globalization representing the collective will and imprint of African agency decisions ideas identities practices and contexts Via a Pan African vision the AU is having both regional and global impact generating exciting possibilities and complicated challenges **20 Years of South African Democracy: So Where to now?** MISTRA MISTRA, 2015-06-09 This publication is the outcome of a conference marking the beginning of South Africa's third decade of democracy hosted in November 2014 by the Mapungubwe Institute for Strategic Reflection MISTRA and the Thabo Mbeki African Leadership Institute TMALI at the University of South Africa Unisa The conference was entitled 20 Years of South African Democracy So Where to Now The main focus of the conference was projective reflections into the next two decades of democracy It aimed to deal with the theoretical perspectives underpinning the state of South Africa in two decades of democracy and most importantly prospects for the future African Renaissance, 2006 **Sustainability, Emerging Technologies, and Pan-Africanism** Thierno Thiam, Gilbert Rochon, 2019-08-31 This book examines the historical antecedents of Pan Africanism as a driving force of African Unity carefully studying its major contributors current institutional status and potential future growth It analyzes the facilitative role of emerging technologies such as high performance computing telecommunications and satellite remote sensing in enabling African sustainable development Finally the authors discuss possible ways that the vision of Pan Africanism can be used today in Africa's efforts towards unity and sustainable development The African Union Tony Karbo, Tim Murithi, 2017-11-23 The African Union has been a major factor in establishing peace security and development in Africa Today however the intranational body is struggling in the midst of a perceived dissipating appetite for supporting continental institutions Previously seen as the panacea to Africa's continuing problems with violence and corruption in society under the slogan African Solutions to African Problems the African Union this book argues seems to have run its course Recognizing that the measured successes in

political emancipation which have been recorded across the African continent do not seem to have translated into economic and social gains for its 1.2 billion citizens the AU adopted a new development framework dubbed Agenda 2063 The framework calls on African leaders to rediscover the Pan African spirit and to create the Africa Africans want In practice this means a new focus and engagement with the African Diaspora tapping into their strong track record in economic development As this book shows however there remain deep differences over the meaning timing and sequencing of pan African integration Indeed different member states have different understandings of the role of the African Union itself This essential handbook from one of the leading research institutions on the continent seeks to uncover what some of those understandings are and why the unification project has remained so elusive Debating Nigeria Jideofor Adibe, 2016-12-21 In this collection of essays Jideofor Adibe offers his perspectives on some of the contentious issues in Nigerian politics governance and economy The essays mostly from the author's weekly column in the Daily Trust and contributions on Brookings Institutions Africa Growth Initiative's blog reflect on such themes as Boko Haram the upsurge in separatist agitations in the country the federal character principle and why elections are often anarchic in the country The articles are well researched and written with remarkable authority and conviction Unite or Perish Muchie, Mammo, Gumede, Vusi, 2015-03-26 This book is an outcome of the third conference in the successful Scramble for Africa International Conference series now renamed the African Unity for Renaissance International Conference The book provides an overview and contains profound analyses of the important issues pertaining to African Unity and African Renaissance The book is accessible to a wide variety of readers ranging from policy makers to researchers from teachers to students and for anyone concerned with the further development of the African continent and Africa's renewal The book outlines the various issues that animate Africa's stand in the global political socio economic cultural and technological arenas The chapters gathered in the book critically examine and evaluate the burning questions and challenges with which Africa is grappling This book is one of the vital texts for understanding how Africa will manage to navigate the tumultuous waters of globalisation as Africa has just recently emerged out of the horrors of slavery colonialism apartheid neo colonialism and genocide and is still wrestling with unceasing conflicts popular unrest neo imperialism coloniality and mushrooming insurgency The chapters provide a much needed insight into the issue of whether Africa has achieved genuine and meaningful independence after 50 years of the founding of the OAU and whether the baby steps Africa has taken towards unity are worth celebrating The contributors highlight these and allied issues with a view to capture more public attention in order to stimulate debate and usher in a new phase in the quest for African Unity and Renaissance The contributors are distinguished authors and established and emerging scholars in their own domains While a majority of the contributors are from the continent distinguished scholars from around the globe have joined their African fellows in dealing with the relevant issues regarding Africa's place in an ever changing world European Union and New Regionalism Mario Telò, 2016-04-22 Stemming from an international and

multidisciplinary network of leading specialists this best selling text is fully updated with new chapter additions With the first edition prepared at the end of the last century and the second edition adding inter regional relations this new edition focuses on competing models of regional cooperation within a multipolar world and the role of European Union This new edition offers A comparative analysis of regional cooperation and of both US centred and EU centred interregionalism A fresh exploration of key issues of regionalism versus globalization and the potential for world economic and political governance through regional cooperation notably in hard times A vigorous response to conventional wisdom on the controversial EU international identity An appendix on regional and interregional organizations A key resource for postgraduate or undergraduate study and research of international relations European integration studies comparative politics and international political economy Taking into account both the expanded European Union and regional cooperation in every continent this multidisciplinary volume comprises contributions from established scholars in the field A Gamble P Padoan G Joff G Therborn Th Meyer R Higgott B Hettne F Ponjaert F Soederbaum Ch Deblock K Eliassen A Arnottir S Keukeleire I Petrova S Santander and M Tel editor

World Literature and the Geographies of Resistance Joel Nickels, 2018-06-07 This book proposes a new definition of world literature an archive of democratic mechanisms external to state power Accordingly World Literature and the Geographies of Resistance takes shape as an exploration of nonstate space territories of self government that contest the vertical command structures of the state Joel Nickels argues that literature devoted to these processes of spatial occupation can help us imagine democratic alternatives to state space and to the regime of legalized dispossession that goes under the name of globalization Conceptualized in these terms world literature can be viewed not as the corollary of 90s era cosmopolitanism but as a document of strategies for the militant reorganization of social space This ambitious book addresses the work of Patrick Chamoiseau Ousmane Sembene Miguel ngel Asturias Claude McKay Arundhati Roy T S Eliot and Melvin Tolson It engages with theories of transnationality diaspora and postcoloniality as well as world literature

The African American Sonnet Timo Müller, 2018-08-02 Some of the best known African American poems are sonnets Claude McKay s If We Must Die Countee Cullen s Yet Do I Marvel Gwendolyn Brooks s First fight Then fiddle Yet few readers realize that these poems are part of a rich tradition that formed after the Civil War and comprises more than a thousand sonnets by African American poets Paul Laurence Dunbar Jean Toomer Langston Hughes Margaret Walker and Rita Dove all wrote sonnets Based on extensive archival research The African American Sonnet A Literary History traces this forgotten tradition from the nineteenth century to the present Timo Müller uses sonnets to open up fresh perspectives on African American literary history He examines the struggle over the legacy of the Civil War the trajectories of Harlem Renaissance protest the tensions between folk art and transnational perspectives in the thirties the vernacular modernism of the postwar period the cultural nationalism of the Black Arts movement and disruptive strategies of recent experimental poetry In this book Müller examines the inventive strategies African American poets devised to occupy and reshape a form

overwhelmingly associated with Europe In the tightly circumscribed space of sonnets these poets mounted evocative challenges to the discursive and material boundaries they confronted **African Postcolonial Modernity** S.
