The Man Of Independence Give Em Hell Harry Series:

The Man of Independence Jonathan Daniels,1998 Having worked closely with Harry S Truman in the triumphant campaign of 1948 Jonathan Daniels believed that President Truman was an everyday American an ordinary human who aspired to greatness and achieved it Thus it was Daniels s intention that The Man of Independence not be a conventional biography rather he wanted it to reveal in real terms the Odyssey of the everyday American through our times As a result this comprehensive work not only presents Truman s life it also details the development of the America in which the president grew up Truman spent his youth and his political life believing that old fashioned determined conservatism was vital to the preservation of personal liberty Daniels re creates Truman s remarkable journey through life employing newspapers letters memos family papers as well as interviews with Truman his family and his close acquaintances In the process Daniels provides powerful evocations of the time during which Truman lived Daniels tells this extraordinary story by following this simple farm boy from Missouri through his youth and his years as a farmer a veteran and a businessman on to his early career in politics and then his presidency Along the way Daniels deals with issues events and ideas that were part of Missouri and American politics in the 1920s 1930s and 1940s ultimately he gives us the Truman who was to become the legend This inside account provides thought provoking and personal information about Truman His relationship with Thomas Pendergast the seeming conflict between Truman s midwestern conservatism and his belief in equality for American blacks and his momentous decision to use the atomic bomb to end the war these are just a few of the topics touched on Ending in 1949 when Truman was for the second time sworn in as president The Man of Independence provides a fascinating and valuable look at one of America s most important and beloved presidents as well as a crucial look at the America from which he emerged *Prologue* ,1993

Devine,2023-08 Michael J Devine provides a fresh wide ranging and international

perspective on the contested memory of the 1950-1953 conflict that left the Korean Peninsula divided along a heavily fortified demilitarized zone. His work examines theaters of memory including literature, popular culture, public education efforts, monuments and museums in the United States, China, and the two Koreas to explain how contested memories have evolved over decades and how they continue to shape the domestic and foreign policies of the countries still involved in this unresolved struggle for dominance and legitimacy. *The Korean War Remembered* also engages with the revisionist school of historians who, influenced by America's long nightmare in Vietnam, consider the Korean War an unwise U.S. interference in a civil war that should have been left to the Koreans to decide for themselves. As a former Peace Corps volunteer in Korea, a two-time senior Fulbright lecturer at Korean universities, and former director of the Harry S. Truman Presidential Library, Devine offers the unique perspective of a scholar with half a century of close ties to Korea and the Korean American community, as well as practical experience in the management of historical institutions. **A Humorous Account of**

America's Past: 1945 to 2001 Richard T. Stanley, 2011-04-27 In 1945 the United States was the most powerful nation in the world. But an Iron Curtain soon surrounded Eastern Europe, and by 1950 Americans were fighting in Korea. In 1952 I Like Ike swept the nation, and the Fabulous Fifties began. GM sold the most cars, gas was 29 cents a gallon, and a new house cost 9,000. In 1955, following President Eisenhower's mild heart attack, America's favorite sick joke had Vice President Dick Nixon greeting Ike at the White House by saying, "Welcome back, May I race you up the stairs." The Fabulous Fifties of Marilyn Monroe and Elvis Presley gave way to riots, hippies, and The Beatles during the Radical Sixties. The 1960s began with JFK's New Frontier, grew into LBJ's Great Society, and ended with Nixon's Silent Majority and men on the moon. Soon Nixon resigned, Ford stumbled, Carter's brother sold Billy Beer, and the star of *Bedtime for Bonzo* led the popular Reagan Revolution. In 1989 Reagan's Evil Empire collapsed. Soon George Bush was victorious over Iraq and Panama, and lost to Bill Clinton in 1992. Clinton was eventually impeached and was later replaced by another Bush. Want more details?
