many of them why they all look alike and why they're impervious to bullets at least until they met the business end of Alistair's .52 caliber 1874 pattern Sharps rifle. It could take down a buffalo with one shot and it worked on those Bowlers too. But Alistair's gun and Amy's quick thinking might not be enough. The Buttoned Sky Robert W. Krepps, 2023-10-04. In *The Buttoned Sky*, Robert W. Krepps crafts a haunting narrative that delves into the complexities of human relationships amid an ever-evolving technological landscape. Set in a near future society where the boundaries between organic life and digital existence blur, Krepps employs a lyrical prose style that is rich in metaphor and imagery. The novel invites readers to consider the implications of interconnectedness and isolation, channeling influences from renowned dystopian writers while maintaining a unique voice that reflects contemporary anxieties about surveillance and authenticity. Krepps, an accomplished author and cultural commentator, draws upon his background in sociology and technology studies to explore the themes present in this compelling work. His prior experience with community-based projects has shaped his understanding of the nuanced interplay between human connections and societal structures, which is palpably woven into the fabric of the narrative. Krepps's keen insights into the human condition lend a profound depth to the characters and their struggles. This thought-provoking novel is highly recommended for readers who appreciate literary fiction that transcends mere entertainment. *The Buttoned Sky* challenges us to reflect on our current trajectory, provoking critical discourse on identity and belonging. It is an essential read for anyone intrigued by the impact of technology on modern life.

Fire Along the Sky Robert Moss, 2012-02-01. *Fire Along the Sky* is an epic tale of adventure and bawdy intrigue among whites and Indians, a stirring evocation of the wild American frontier in the eighteenth century. Through the eyes of its irreverent narrator, Shane Hardacre, a young Irishman with a passion for women and adventure, we are caught up in the world of Pontiac, the great Ottawa war chief who rallied the Indian nations to a war of resistance, and of Sir William Johnson, the man of two worlds who made peace between peoples divided by race and religion. This edition includes the love letters of Lady Valerie D'Arcy, Shane's soulmate, a sensual, worldly, and intuitive lover who delivers a wry commentary on his amorous escapades. Splendidly researched and wildly amusing historical adventure. Tom Jones as *The Deerslayer*. Kirkus Reviews: Robert Moss gives us a novel whose depth is close to that one tends to find in nonfiction. This is a splendid work which will bring pleasure

Replika: Sky's Mission Hugo Bernard,2022-02-01 Described as The Matrix meets Inception They hacked her brother s brain Then sent him into the simulation Sky must now get to him first the future of reality is at stake an absolute blockbuster of a tale that not only absorbs every bit of your attention but will have you pondering about the nature of reality Pikasho Dekka for Readers

Favorite Earth's ecological collapse is avoided when most of the world population agrees to permanently upload into a simulated reality called Replika. But the stability of the system is threatened when a group of neuroscientists hack their brains to interact with the simulations in unforeseen and dangerous ways. Sky devotes her life to rebuilding the real world left in the shadows of Replika. But when she learns her brother who disappeared under mysterious circumstances is in danger, she must choose which world needs her most. All she wants is to find the brother she loves, but she will unwittingly get entangled in a ploy to redefine reality. HUGO BERNARD masterfully weaves a highly original and fast-paced sci-fi thriller with a convincing and thought-provoking vision on how simulated reality will change our lives. Replika is easily one of the best cyberpunk books I've read this year. S. C. Jensen, author of *Bubbles in Space*, a complex thriller about power and hope, whilst never missing a beat. K. C. Finn for Readers' Favorite.

Under the Same Sky Mojgan Shamsalipoor, Milad Jafari, James Knight, 2017-04-26 After fleeing their homeland, Australian refugee policies threaten to tear this young couple apart. An unforgettable story of love, hope, and a quest for freedom. At seventeen, all Mojgan Shamsalipoor wanted was to be safe from physical and sexual abuse, go to school, and to eventually marry for love. In Iran, she was denied all of this. Milad Jafari was a shy teenage boy who found his voice as a musician. But the rap music he loved was illegal in his country. All Milad's father, a key maker, builder, and shopkeeper, wanted was for his family to live free from the fear of arrest, imprisonment, or execution. To do that, they all had to flee Iran. Mojgan and Milad met in Australia. But in the months between their separate sea voyages, the Australian government changed the way asylum seekers were treated. Though Milad is recognised as a refugee and will soon become a proud Australian citizen, Mojgan has been told she cannot stay here even though the threat of imprisonment and further abuse or worse means she can't return to Iran. UNDER THE SAME SKY is a powerful insight into the human face of asylum seekers and the way history has shaped the lives of these two young people. It also shows the compassion alive in our suburbs. For Mojgan and Milad, their love keeps their hopes alive.
