**The Maronites in History** Matti Moosa, 1986      *The Maronites in History* Matti Moosa, 2005 Originally published in 1986 *The Maronites in History* addressed what author Matti Moosa identified as a Maronite crisis of identity in the Lebanese cultural context Offering a historical perspective on the whole of Maronite heritage and culture Moosa sought to tell the relatively unknown story of one branch of the Syriac Christian tradition In making known the history of his people Moosa brought the past to light for students and scholars of the history of Christianity and the Middle East and offered hope in troubled times for a community struggling to come to meaningful terms with itself in the midst of cultural upheaval      **The Maronites in History** Matti Moosa, 1986-01-01      *The Maronites* Naaman Paul, 2011-02-01 The Maronite Church is one of twenty two Eastern Catholic Churches in communion with the Pope of Rome Her patriarch is in Lebanon Forty three bishops and approximately five million faithful make up her presence throughout the world The story of Maron a fifth century hermit priest and the community gathered around him later called the Maronites tells another fascinating story of the monastic and missionary movements of the Church Maron s story takes place in the context of Syrian monasticism which was a combination of both solitary and communal life and is a narrative of Christians of the Middle East as they navigated the rough seas of political divisions and ecclesiastical controversies from the fourth to the ninth centuries Abbot Paul Naaman a Maronite scholar and former Superior General of the Order of Lebanese Maronite Monks wisely places the study of the origins of the Maronite Church squarely in the midst of the history of the Church His book *The Maronites The Origins of an Antiochene Church* published during the sixteenth centenary of Maron s death offers plausible insights into her formation and early development grounding the Maronite Church in her Catholic Antiochian Syriac and monastic roots Abbot Paul Naaman is a Maronite scholar and former Superior General of the Order of Lebanese Maronite Monks      **The Rowman & Littlefield Handbook of Christianity in the Middle East** Mitri Raheb, Mark A. Lamport, 2020-12-15 This work represents the current and most relevant content on the studies of how Christianity has fared in the ancient home of its founder and birth Much has been written about Christianity and how it has survived since its migration out of its homeland but this comprehensive reference work reassesses the geographic and demographic impact of the dramatic changes in this perennially combustible world region The Rowman Littlefield Handbook of Christianity in the Middle East also spans the historical socio political and contemporary settings of the region and importantly describes the interactions that Christianity has had with other major minor religions in the region      **Writing the History of Mount Lebanon** Mouannes Hojairi, 2021-10-05 A meticulous deconstruction of Maronite history writing and the ways in which Lebanese nationalist myths have been invented and perpetuated by historians As a frequently contested territory Mount Lebanon has an equally contested history one that is produced shaped and revised by as many players as those who molded the Lebanese state since its inception in 1920 The Lebanese Maronite Church has had more at stake in the process of history writing than any other

group or institution It is arguably one of the most influential institutions in Lebanese history and definitely the most influential institution in the country at the moment of the state's birth Writing the History of Mount Lebanon traces the genealogy of Maronite identity by examining the historical traditions that shaped its contemporary manifestation It explores the presence of a tradition in Maronite Church historiography that was maintained by the historians of the Church whose claims and hypotheses ultimately defined the communal identity of the Maronites in Mount Lebanon and deeply influenced subsequent Lebanese national identity Rooted in a reexamination of the existing literature and bringing evidence to bear on this particular aspect of history writing in Lebanon it shows how early Maronite ecclesiastic historiography's plea for inclusion as a part of Catholic orthodoxy was transformed and recast in subsequent centuries by lay and secular historians into a demand for exclusion and exclusivity which in turn led to the rise of exclusivist political identities based on sectarian belonging in Mount Lebanon Ultimately Mouannes Hojairi shows how history writing is one of the main instruments in generating and perpetuating nationalist ideologies and how historians are central agents of nationality

**Rome and the Maronites in the Renaissance and Reformation** Sam Kennerley, 2021-09-30 Rome and the Maronites in the Renaissance and Reformation provides the first in depth study of contacts between Rome and the Maronites during the fifteenth and sixteenth centuries This book begins by showing how the church unions agreed at the Council of Ferrara Florence 1438 1445 led Catholics to endow an immense amount of trust in the orthodoxy of Christians from the east Taking the Maronites of Mount Lebanon as its focus it then analyses how agents in the peripheries of the Catholic world struggled to preserve this trust into the early sixteenth century when everything changed On one hand this study finds that suspicion of Christians in Europe generated by the Reformation soon led Catholics to doubt the past and present fidelity of the Maronites and other Christian peoples of the Middle East and Africa On the other it highlights how the expansion of the Ottoman Empire caused many Maronites to seek closer integration into Catholic religious and military goals in the eastern Mediterranean By drawing on previously unstudied sources to explore both Maronite as well as Roman perspectives this book integrates eastern Christianity into the history of the Reformation while re-evaluating the history of contact between Rome and the Christian east in the early modern period It is essential reading for scholars and students of early modern Europe as well as those interested in the Reformation religious history and the history of Catholic Orientalism
