The Hungry Hills Ozarks Tales And Sketches:

The Hungry Hills Wesley W. Hall, 2000-03 The Hungry Hills is a collection of thirty two true stories about real hillbillies The tales take place in a semi autonomous region located on either side of a dogleg of the Ozark Mountains The natives of the region descend Tennessee and Kentucky pioneering men who were shorn of birthright and therefore forced to move westward in search of wild game and security Some arrived in the wild upper reaches of the Ozarks just ahead of U S Marshals These hillbillies are about as friendly a bunch of citizens that can be found any place They may not pay taxes or believe in gainful employment but then they don't expect handouts from anybody either especially the Government

JOURNAL TWO Wesley E. Hall, 2012-05-14 We bought eighty acres of trees bordering the Mark Twain National Forest and built a Cape Cod style house on it This was in Christian County Missouri twenty six miles from my college teaching position in Springfield And for a time it was a wonderful place to raise our three children But by 1969 when this volume ends the marriage was in trouble

The Permit that Never Expires Philip Garrison, 2010-03-15 Philip Garrison keeps his eyes and ears open And he also keeps an open mind It helps that he's bilingual because a lot of his neighbors these days speak Spanish and he likes to know what's on their minds Like his epileptic friend Pera who asks him to write a note in English to explain to her supervisor that she probably shouldn't be cooking on a grill in case she has a seizure and falls into the flames When Garrison asks her if she has a work permit she replies Bueno El que nunca vence The kind that never expires That's the sort of response he doesn't forget There is a river Garrison writes that runs from Oaxaca to British Columbia El flujo migratorio he calls it The migratory flow But it isn't a conventional sort of river It is made of neither rock nor water nor wind but only of motion of momentum And yet it is the most compelling feature in the entire U S West he claims Garrison has his feet planted firmly in the middle of this river of humanity wondering why America is trying to build a wall along an actual river the Rio Grande to keep us separated from the mexicanos All borders he writes exist mostly in the imagination a point he proves decisively in this delightful book Garrison is an award winning writer and this book shows why Warm witty self deprecating and charming the list could go on this collection illuminates the lives of these migrants whether at the local food bank in Ellensburg Washington in the streets of Michoacán or everywhere in between

Who's who Among North American Authors, 1925 Covering the United States and Canada with their possessions and neighbors and containing the biographical and literary data of living authors whose birth or activities connect them with the continent of North America with a press section devoted to journalists and magazine writers varies slightly
