G. Evelyn Hutchinson and the Invention of Modern Ecology Nancy G. Slack, 2010-01-01 Slack enjoyed full access to Hutchinson s archives and conducted extensive interviews both with Hutchinson himself and with his students colleagues and friends She evaluates his contributions to theoretical ecology limnology the study of fresh water ecosystems biogeochemistry population ecology and the creation of the new fields of systems ecology and radiation ecology and she discusses his profound influence as a mentor The book also looks into his personal life which included three very different wives a refugee baby under his care during World War II friendships with such contemporaries as Rebecca West Margaret Mead and Gregory Bateson and a host of colleagues and friends on four continents Filled with information available nowhere else this book draws a vibrant portrait of a giant in the discipline of twentieth century ecology who was also a man of remarkable personal appeal Book Jacket *Undergraduate Mathematics for the Life Sciences* Glenn Ledder, Jenna P. Carpenter, Timothy D. Comar, 2013 There is a gap between the extensive mathematics background that is beneficial to biologists and the minimal mathematics background biology students acquire in their courses The result is an undergraduate education in biology with very little quantitative content New mathematics courses must be devised with the needs of biology students in mind In this volume authors from a variety of institutions address some of the problems involved in reforming mathematics curricula for biology students The problems are sorted into three themes Models Processes and Directions It is

difficult for mathematicians to generate curriculum ideas for the training of biologists so a number of the curriculum models that have been introduced at various institutions comprise the Models section Processes deals with taking that great course and making sure it is institutionalized in both the biology department as a requirement and in the mathematics department as a course that will live on even if the creator of the course is no longer on the faculty Directions looks to the future with each paper laying out a case for pedagogical developments that the authors would like to see Tutoring Second Language Writers Shanti Bruce, Ben Rafoth, 2016-03-01 Tutoring Second Language Writers a complete update of Bruce and Rafoth s 2009 ESL Writers is a guide for writing center tutors that addresses the growing need for tutors who are better prepared to work with the increasingly international population of students seeking guidance at the writing center Drawing upon philosopher John Dewey's belief in reflective thinking as a way to help build new knowledge the book is divided into four parts Part 1 Actions and Identities is about creating a proactive stance toward language difference thinking critically about labels and the mixed feelings students may have about learning English Part 2 Research Opportunities demonstrates writing center research projects and illustrates methods tutors can use to investigate their questions about writing center work Part 3 Words and Passages offers four personal stories of inquiry and discovery and Part 4 Academic Expectations describes some of the challenges tutors face when they try to help writers meet readers specific expectations Advancing the conversations tutors have with one another and their directors about tutoring second language writers and writing Tutoring Second Language Writers engages readers with current ideas and issues that highlight the excitement and challenge of working with those who speak English as a second or additional language Contributors include Jocelyn Amevuvor Rebecca Day Babcock Valerie M Balester Shanti Bruce Frankie Condon Michelle Cox Jennifer Craig Kevin Dvorak Paula Gillespie Glenn Hutchinson Pei Hsun Emma Liu Bobbi Olson Pimyupa W Praphan Ben Rafoth Jose L Reyes Medina Guiboke Seong and Elizabeth Adelay Witherite
