The Imperfect Union

James Brown Scott

The Imperfect Union:

The Imperfect Union Peter E. Quint, 2012-09-17 In the mid summer of 1989 the German Democratic Republic known as the GDR or East Germany was an autocratic state led by an entrenched Communist Party A loyal member of the Warsaw Pact it was a counterpart of the Federal Republic of Germany West Germany which it confronted with a mixture of hostility and grudging accommodation across the divide created by the Cold War Over the following year and a half dramatic changes occurred in the political system of East Germany and culminated in the GDR's accession to the Federal Republic itself Yet the end of Germany's division evoked its own new and very bitter constitutional problems The Imperfect Union discusses these issues and shows that they are at the core of a great event of political economic and social history Part I analyzes the constitutional history of eastern Germany from 1945 through the constitutional changes of 1989 1990 and beyond to the constitutions of the re-created east German states Part II analyzes the Unification Treaty and the numerous problems arising from it the fate of expropriated property on unification the unification of the disparate eastern and western abortion regimes the transformation of East German institutions such as the civil service the universities and the judiciary prosecution of former GDR leaders and officials the rehabilitation and compensation of GDR victims and the issues raised by the fateful legacy of the files of the East German secret police Part III examines the external aspects of unification **The Imperfect**

Union John Hutchinson, 1970 **Mobsters, Unions, and Feds** James B Jacobs, 2006-01-01 This worthy successor to Gotham Unbound is an exhaustive survey of the grip La Cosa Nostra has exerted on the country's most powerful unions Publishers Weekly Nowhere in the world has organized crime infiltrated the labor movement as effectively as in the United States Yet the government the AFL CIO and the civil liberties community all but ignored the situation for most of the twentieth century Since 1975 however the FBI Department of Justice and the federal judiciary have relentlessly battled against labor racketeering even in some of the nation's most powerful unions Mobsters Unions and Feds is the first book to document organized crime's exploitation of organized labor and the massive federal cleanup effort A renowned criminologist who for twenty years has been assessing the government's attack on the Mafia James B Jacobs explains how Cosa Nostra families first gained a foothold in the labor movement then consolidated their power through patronage fraud and violence and finally used this power to become part of the political and economic power structure of twentieth century urban America Since FBI Director J Edgar Hoover's death in 1972 federal law enforcement has aggressively investigated and prosecuted labor racketeers as well as utilized the civil remedies provided for by the Racketeer Influenced and Corrupt Organization RICO statute to impose long term court supervised remedial trusteeships on mobbed up unions There have been some impressive victories including substantial progress toward liberating the four most racketeer ridden national unions from the grip of organized crime but victory cannot yet be claimed A must read book for anyone interested in the problem of union corruption and what to do about it Industrial and Labor Relations Review **An Imperfect Union** Paul Finkelman, 2000

Originally published Chapel Hill N C University of North Carolina Press c1981 **Imperfect Union** Paul Finkelman,2000

Imperfect Union Steve Inskeep,2020-01-14 Steve Inskeep tells the riveting story of John and Jessie Fr mont the husband and wife team who in the 1800s were instrumental in the westward expansion of the United States and thus became America s first great political couple John C Fr mont one of the United States s leading explorers of the nineteenth century was relatively unknown in 1842 when he commanded the first of his expeditions to the uncharted West But in only a few years he was one of the most acclaimed people of the age known as a wilderness explorer bestselling writer gallant army officer and latter day conquistador who in 1846 began the United States s takeover of California from Mexico He was not even 40 years old when Americans began naming mountains and towns after him He had perfect timing exploring the West just as it captured the nation s attention But the most important factor in his fame may have been the person who made it all possible his wife Jessie Benton Fr mont Jessie the daughter of a United States senator who was deeply involved in the West provided her husband with entr e to the highest levels of government and media and his career reached new heights only a few months after their elopement During a time when women were allowed to make few choices for themselves Jessie who herself aspired to roles in exploration and politics threw her skill and passion into promoting her husband She worked to carefully edit and publicize his accounts of his travels attracted talented young men to his circle and lashed out at his enemies She became her husband s political adviser as well as a power player in her own right In 1856 the famous couple strategized as John became the first ever presidential nominee of the newly established Republican Party With rare detail and in consummate style Steve Inskeep tells the story of a couple whose joint ambitions and talents intertwined with those of the nascent United States itself Taking advantage of expanding news media aided by an increasingly literate public the two linked their names to the three great national movements of the time westward settlement women s rights and opposition to slavery Together John and Jessie Fr mont took parts in events that defined the country and gave rise to a new more global America Theirs is a surprisingly modern tale of ambition and fame they lived in a time of social and technological disruption and divisive politics that foreshadowed our own In *Imperfect Union* as Inskeep navigates these deeply transformative years through Jessie and John s own union he reveals how the Fr monts adventures amount to nothing less than a tour of the early American soul *Uniting the Kingdom?* Alexander Grant,Keith Stringer,2002-11 A group of Britain s most prestigious

historians assemble to explore the formation of the UK its history and its identity Traditional regional and chronological frontiers are broken down as mediev alists modernists and early modernists debate **There Is Power in a Union** Philip Dray,2011-09-20 From the nineteenth century textile mills of Lowell Massachusetts to the triumph of unions in the twentieth century and their waning influence today the contest between labor and capital for the American bounty has shaped our national experience In this stirring new history Philip Dray shows us the vital accomplishments of organized labor and illuminates its central role in our social political economic and cultural evolution His epic character driven narrative not only

restores to our collective memory the indelible story of American labor it also demonstrates the importance of the fight for fairness and economic democracy and why that effort remains so urgent today *Out in the Union* Miriam

Frank,2014-06-13 *Out in the Union* tells the continuous story of queer American workers from the mid 1960s through 2013 Miriam Frank shrewdly chronicles the evolution of labor politics with queer activism and identity formation showing how unions began affirming the rights of lesbian gay bisexual and transgender workers in the 1970s and 1980s She documents coming out on the job and in the union as well as issues of discrimination and harassment and the creation of alliances between unions and LGBT communities Featuring in depth interviews with LGBT and labor activists Frank provides an inclusive history of the convergence of labor and LGBT interests She carefully details how queer caucuses in local unions introduced domestic partner benefits and union based AIDS education for health care workers innovations that have been influential across the U S workforce *Out in the Union* also examines organizing drives at queer workplaces campaigns for marriage equality and other gay civil rights issues to show the enduring power of LGBT workers **Corruption and**

Reform in the Teamsters Union David Scott Witwer,2003 Almost since its creation at the close of the nineteenth century the Teamsters Union has had recurring problems with corruption This book is the first in depth historical study of the forces that have contributed to the Teamsters troubled past as well as the various mechanisms the union has employed from top down directives to grass roots measures to combat the spread of corruption Arguing that the Teamsters Union was by its very nature especially vulnerable to certain forms of corruption David Witwer charts the process by which organized crime came to play a significant role in sectors of the union from low level involvements of the 1930s to suspicions of mob ties among the union s upper echelons beginning in the 1950s Witwer includes a detailed account of the links forged between the mafia and union head Jimmy Hoffa as well as the highly revealing McLellan Committee investigation that first brought these links to light David Witwer is a former employee of the New York County District Attorney s Office and the U S Attorney s Office Drawing on hundreds of hours of tapes of activities and conversations in the offices of corrupt union officials he brings his experience and insight to bear on the union s history considering the subject from a range of perspectives that include the rank and file the Teamster leadership and the criminal element He also examines the persistent efforts of labor opponents to capitalize on the union s unsavory reputation fanning the flames of crises of corruption in order to influence popular and legislative opinion **Reds Or Rackets?** Howard Kimeldorf,1988 Why is the American working class different For

generations scholars and activists alike have wrestled with this question with an eye to explaining why workers in the United States are not more like their radicalized European counterparts Approaching the question from a different angle *Reds or Rackets* provides a fascinating examination of the American labor movement from the inside out as it were by analyzing the divergent sources of radicalism and conservatism within it Kimeldorf focuses on the political contrast between East and West Coast longshoremen from World War I through the early years of the Cold War when the difference between the two unions

was greatest He explores the politics of the West Coast union that developed into a hot bed of working class insurgency and contrasts it with the conservative and racket ridden East Coast longshoreman s union Two unions based in the same industry as different as night and day The question posed by Kimeldorf is why Why reds on one coast and racketeers on the other To answer this question Kimeldorf provides a systematic comparison of the two unions illuminating the political consequences of occupational recruitment industry structure mobilization strategies and industrial conflict during this period In doing so Reds or Rackets sheds new light on the structural and historical bases of radical and conservative unionism More than a comparative study of two unions Reds or Rackets is an exploration of the dynamics of trade unionism sources of membership loyalty and neglected aspects of working class consciousness It is an incisive and valuable study that will appeal to historians social scientists and anyone interested in understanding the political trajectory of twentieth century American labor

Sovereign States and Suits Before Arbitral Tribunals and Courts of Justice James Brown Scott,1925 The Master of Seventh Avenue Robert D. Parmet,2005-07 Within an institutional history of Dubinsky as a uniquely influential labor warrior Parmet finds room to portray the man as well as the public figure **Fractures and Dislocations** Thomas Pickering Pick,1885 **Slavery and the Supreme Court, 1825-1861** Earl M. Maltz,2009-11-03 During America s turbulent antebellum era the Supreme Court decided important cases most famously Dred Scott that spoke to sectional concerns and shaped the nation s response to the slavery question Much scholarship has been devoted to individual cases and to the Taney Court but this is the first comprehensive examination of the major slavery cases that came before the Court between 1825 and 1861 Earl Maltz presents a detailed analysis of all eight cases and explains how each fit into the slavery politics of its time beginning with The Antelope heard by the John Marshall Court and continuing with the seven other cases taken before the Roger Taney Court The Amistad Groves v Slaughter Prigg v Pennsylvania Strader v Graham Dred Scott v Sandford Ableman v Booth and Kentucky v Denison Case by case Maltz identifies the political and legal forces that shaped each of the judicial outcomes while clarifying the evolution of the Court s slavery related jurisprudence He reveals the beliefs of each justice about the morality of slavery and the judicial role in constitutional cases to show how their actions were determined by a complex interaction of political and doctrinal considerations Thus he offers a more nuanced understanding of the antebellum federal judiciary showing how the decision in Prigg hinged on views about federalism as well as attitudes toward human freedom while the question of which slaves were freed in The Antelope depended more on complex fact finding than on a condemnation of the slave trade Maltz also challenges the view that the Taney Court simply mirrored Southern interests and argues that despite Dred Scott the overall record of the Court was not particularly proslavery Although the progression of the Court s decisions reflects a change in the tenor of the conflict over slavery the aftermath of those decisions illustrates the limits of the Court s ability to change the dynamic that governed political struggles over such divisive issues As the first accessible account of all of these cases Slavery and the Supreme Court 1825 1861 underscores the Court s limited capability

to resolve the intractable political conflicts that sharply divided our nation during this period Quain's Elements of Anatomy Jones Quain,1882 **Club-foot** William Adams,1873 **Club-foot: Its Causes, Pathology, and Treatment** William Adams,1866 *The Republican Right Since 1945* David W. Reinhard,1983 **Federalism, Subnational Constitutions, and Minority Rights** G. Alan Tarr,Robert F. Williams,Josef Marko,2004-08-30 Whether federalism and subnational constitutions contribute to or undermine minority rights has long been a subject of controversy Within the United States the general view has been that federalism has been detrimental to minority rights In contrast other countries have seen federalism as crucial in safeguarding rights of ethnic and religious minorities This volume provides the basis for a more nuanced assessment of the contributions of federalism and subnational constitutions to protecting minority rights by studying their impact in a variety of federal systems This work explores both mature federal systems Switzerland United States systems in transition Belgium Bosnia Herzegovina both quasifederal Italy Spain and well established systems Germany both systems with considerable homogeneity of population Austria and systems with extraordinary diversity India It also analyses the various constitutional arrangements that federal systems have devised for safeguarding minority rights and given them a voice in political deliberations
