**Jews, Gentiles, and Other Animals** Mira Beth Wasserman,2017-04-21 In Jews Gentiles and Other Animals Mira Beth Wasserman undertakes a close reading of Avoda Zara arguably the Talmud s most scandalous tractate to uncover the hidden architecture of this classic work of Jewish religious thought She proposes a new way of reading the Talmud that brings it into conversation with the humanities including animal studies the new materialisms and other areas of critical theory that have been reshaping the understanding of what it is to be a human being Even as it comments on the the rabbinic laws that govern relations between Jews and non Jews Avoda Zara is also an attempt to reflect on what all people share in common and on how humans fit into a larger universe of animals and things As is typical of the Talmud in general it proceeds by incorporating a vast and confusing array of apparently digressive materials but Wasserman demonstrates that there is a whole greater than the sum of the parts a sustained effort to explore human identity and difference In centuries past Avoda Zara has been a flashpoint in Jewish Christian relations It was partly due to its content that the Talmud was subject to burning and censorship by Christian authorities Wasserman develops a twenty first century reading of the tractate that aims to reposition it as part of a broader quest to understand what connects human beings to each other and to the world around them
