The International Containment Of Displaced Persons Humanitarian Spaces Without Exit:

The International Containment of Displaced Persons Cecile Dubernet, 2017-07-12 This title was first published in 2001 This work examines four post Cold War interventions launched on behalf of people on the move international action in Iraq Bosnia Somalia and Rwanda Because these crises accompanied the emergence of the concept of Internationally Displaced Persons IDPs in international relations they have shaped the understandings of forced displacement issues such as ethnic cleansing need and humanitarian action The author looks at attitudes towards IDPs concluding that UN backed interventions regarding displaced civilians were primarily about deterring sometimes preventing them from escaping places of conflict Protection in this context became a device by which international protagonists sought to contain people on the move within the confines of their collapsed states As a result levels of safety effectively granted by the international community depended less on the vulnerability of populations than on Western fears of mass border crossings

Would the World Be Better Without the UN? Thomas G. Weiss, 2018-02-20 Do we need the United Nations Where would the contemporary world be without its largest intergovernmental organization And where could it be had the UN s member states and staff performed better These fundamental questions are explored by the leading analyst of UN history and politics Thomas G Weiss in this hard hitting authoritative book While counterfactuals are often dismissed as academic contrivances they can serve to focus the mind and here Weiss uses them to ably demonstrate the pluses and minuses of multilateral cooperation He is not shy about UN achievements and failures drawn from its ideas and operations in its three substantive pillars of activities international peace and security human rights and humanitarian action and sustainable development But he argues the inward looking and populist movements in electoral politics worldwide make robust multilateralism more not less compelling The selection of António Guterres as the ninth UN secretary general should rekindle critical thinking about the potential for international cooperation There is a desperate need to reinvigorate and update rather than jettison the United Nations in responding to threats from climate change to pandemics from proliferation to terrorism Weiss tells you why and how

Internal Displacement Thomas G. Weiss, David A. Korn, 2006-09-27 This new volume traces the normative legal institutional and political responses to the challenges of assisting and protecting internally displaced persons IDPs The crisis of IDPs was first confronted in the 1980s and the problems of those suffering from this type of forced migration has grown continually since then Drawing on official and confidential documents as well as interviews with leading personalities Internal Displacement provides an unparalleled analysis of this important issue and includes an exploration of the phenomenon of internal displacement and of policy research about it a review of efforts to increase awareness about the plight of IDPs and the development of a legal framework to protect them a behind the scenes look at the creation and evolution of the mandate of the Representative of the Secretary General on IDPs a variety of case studies illustrating the difficulties in overcoming the operational shortcomings within the UN system a foreword by former UN high commissioner

for refugees Sadako Ogata Internal Displacement will appeal to students and scholars with interests in war and peace forced migration human rights and global governance

UNHCR Associate Professor Department of International Development Alexander Betts, Chairman of the External Advisory Board to the United Nations High Commissioner for Refugees in Geneva and Professor of International Relations Gil Loescher, James Milner, 2008-08 This is a concise and comprehensive introduction to both the world of refugees and the UN organization that protects and assists them Written by experts in the field this is one of the very few books that trace the relationship between state interests global politics and the work of the United Nations High Commissioner for Refugees UNHCR Looking ahead into the twenty first century the authors outline how the changing nature of conflict and displacement poses UNHCR with a new array of challenges and how there exists a fundamental tension between the UN's human rights agenda of protecting refugees fleeing conflict and persecution and the security political and economic interests of states around the world Key topics discussed include The UNHCR as an actor in world politics since 1950 Refugee definition and protection instruments New challenges to the UNHCR's mandate Institutional strengths and weaknesses Asylum crises in the global North and global South Protracted refugee situations and internally displaced persons Key criticisms and continuing relevance of the UNHCR

What's Wrong with the United Nations and How to Fix it Thomas G. Weiss, 2009 Six decades after its establishment the United Nations and its system of related agencies and programs is perpetually in crisis While World War I and World War II gave rise to ground breaking efforts at international organization in 1919 and 1945 the UN today seems ill equipped to deal with modern challenges to world order Neither the end of the Cold War nor the aftermath of 9 11 has led to the creation of a next generation of multilateral institutions But what exactly is wrong with the UN and how can we fix it Is it possible to retrofit the world body In this succinct and illuminating analysis Thomas G Weiss takes a diagnosis and cure approach to the world organization's inherent difficulties In the first half of the book he considers the problems of international leadership and decision making in a world of self interested states the diplomatic difficulties caused by the artificial divisions between the industrialized North and the global South the structural problems of managing the UN's many overlapping jurisdictions agencies and bodies and the ever demanding challenges of bureaucracy and leadership The second half examines how to mitigate these maladies and points the way to a more ideal world in which the UN's institutional ills might be cured His remedies are not based on pious hopes of a miracle cure for the UN but rather on specific and encouraging examples that could be replicated With considered optimism and in contrast to received wisdom Weiss contends that substantial change in intergovernmental institutions is plausible and possible This indispensable book will spark debate amongst students scholars and policy makers concerned with international politics as well as anyone genuinely interested in the future of the United Nations and international cooperation

Refuge beyond Reach David Scott FitzGerald, 2019-03-14 Why do people seeking asylum often break immigration laws Refuge Beyond Reach shows how rich democracies deliberately and systematically shut down most legal

paths to safety An architecture of repulsion in the air at sea and on land keeps most refugees far away from places where they can ask for sanctuary

Individual Agency and Policy Change at the United Nations Ingvild Bode,2015-03-24

This book highlights how temporary international civil servants play a crucial role in initiating processes of legal and institutional change in the United Nations system These individuals are the missing creative elements needed to fully understand the emergence and initial spread of UN ideas such as human development sovereignty as responsibility and multifunctional peacekeeping The book Shows that that temporary UN officials are an actor category which is empirically crucial yet usually neglected in analytical studies of the UN system Focussing on these particular individual actors therefore allows for a better understanding of complex UN decision making Demonstrates how these civil servants matter looking at what their agency is based on Offering a new and distinctive model Bode seeks to move towards a comprehensive conceptualisation of individual agency which is currently conspicuous for its absence in many theoretical approaches that address policy change Uses three key case studies of international civil servants Francis Deng Mahbub ul Haq and Marrack Goulding to explore the possibilities of this specific group of UN individuals to act as agents of change and thereby test the prevailing notion that international bureaucrats can only act as agents of the status quo This book will be of great interest to students and scholars of international organizations and the United Nations

Routledge Handbook of Peace, Security and Development Fen Osler Hampson,Alpaslan Özerdem,Jonathan Kent,2020-06-04 This Handbook offers a comprehensive examination of the peace security and development nexus from a global perspective and investigates the interfaces of these issues in a context characterised by many new challenges By bringing together more than 40 leading experts and commentators from across the world the Handbook maps the various research agendas related to these three themes taking stock of existing work and debates while outlining areas for further engagement In doing so the chapters may serve as a primer for new researchers while also informing the wider scholarly community about the latest research trends and innovations The volume is split into three thematic parts Concepts and approaches New drivers of conflict insecurity and developmental challenges Actors institutions and processes For ease of use and organisational consistency each chapter provides readers with an overview of each research area a review of the state of the literature a summary of the major debates and promising directions for future research This Handbook will be of much interest to students of peace and conflict studies development studies security studies and International Relations

International Organizations as Self-Directed Actors Joel Oestreich,2012-05-23 This exciting new text illustrates and advances the argument that International Organizations IOs need to be taken seriously as actors in world affairs Bringing together an international line up of distinguished contributors the text examines recent theories that suggest how IOs are able to set their own policies and implement them in meaningful ways The chapters review these theoretical positions and then present a series of case studies which focus on how these theories play out when IOs are charged with solving global problems including development

peacekeeping and environmental policy coordination Examining and analysing both positive and negative examples of this independence this text is a valuable resource on the topic of the internal workings of IOs providing the richest and most focused textbook so far dealing with the capacity of IOs for independent action in international politics It is essential reading for all students of international organizations

Handbook of Research on the Regulation of the Modern Global Migration and Economic Crisis Alaverdov, Emilia,Bari, Muhammad Waseem,2023-02-17 Migration is not a new phenomenon it has a centuries long history since the world s population has been characterized by the desire to relocate not only from one country to another but from one continent to another as well However there is a significant difference between the migrations of the past and the current one Today s migration is complicated by the strong emotional reaction and hostile attitude from society The study of migration processes needs interdisciplinary approaches The Handbook of Research on the Regulation of the Modern Global Migration and Economic Crisis presents emerging research and case studies on global migration in the modern world Through interdisciplinary approaches it further showcases the current challenges and approaches in regulation Covering topics such as forced migration human trafficking and national identity this major reference work is an excellent resource for migration specialists government officials politicians sociologists economists students and educators of higher education researchers and academicians

Human Rights and Refugees, Internally Displaced Persons and Migrant Workers Anne Fruma Bayefsky,Joan M. Fitzpatrick,Arthur C. Helton,2006 Examines the major issues in the field today the theoretical challenges of international protection lessons learned from the field including Afghanistan Iraq and Sudan jurisprudential responses from courts due process issues from Europe Canada and the United States and the special needs of migrant workers

The Ashgate Research Companion to Ethics and International Relations Patrick Hayden,2016-04-01 While skepticism about the role of moral considerations in international politics has been influential within the discipline of international relations IR those writing on topics such as war peace rights and trade up until the twentieth century took seriously the importance of ethical values and moral debates The 1990s and 2000s have seen a substantial growth of attention to the ways in which IR conceives and analyzes themes of an ethical nature and how issues problems and policies involving ethics are addressed by a variety of actors within the international system This indispensable research companion widens the perspective from ethics and international relations to ethics in international relations redressing the mis perception that ethical concepts principles norms and rules are not in part constitutive of the international system and the agents acting within that system Necessarily cross disciplinary expertise is drawn from IR and also philosophy political theory religious studies history and law making this an ideal volume for any library reference collection

Forced Displacement K. Grabska,L. Mehta,2008-11-12 Uprootedness exile and forced displacement be they due to conflict persecution or so called development are conditions which characterise the lives of millions across the globe This book analyses a range of displacement situations including development oustees refugees and internally displaced persons

The Migration-Displacement Nexus Khalid Koser, Susan Martin, 2011-09-01 The migration displacement nexus is a new concept intended to capture the complex and dynamic interactions between voluntary and forced migration both internally and internationally Besides elaborating a new concept this volume has three main purposes the first is to focus empirical attention on previously understudied topics such as internal trafficking and the displacement of foreign nationals using case studies including Afghanistan and Iraq the second is to highlight new challenges including urban displacement and the effects of climate change and the third is to explore gaps in current policy responses and elaborate alternatives for the future

Migration Studies Avijit Mistri, MD SELIM REJA, Bhaswati Das, 2025-05-30 This book is an essential toolkit for students and early researchers of population studies and demography geography economics development studies political science sociology anthropology and gender studies The volume Presents in depth coverage of basic concepts Includes empirical data case studies and references for further reading Covers critical aspects of migration studies ranging from the theoretical to contemporary issues and policies The book will be of interest to scholars students researchers or anyone interested in migration and diasporic studies development studies the politics of migration immigration policy social anthropology economics and sociology

Biopolitics, Governmentality and Humanitarianism Volha Piotukh, 2015-04-10 This book critically analyses the changing role and nature of post Cold War humanitarianism using Foucault's theories of biopolitics and governmentality It offers a compelling and insightful interpretation of the policies and practices associated with new humanitarianism in general as well as of the dynamics of two specific international assistance efforts the post 2001 conflict related assistance effort in Afghanistan and the post 2000 Chernobyl related assistance effort in Belarus The central argument of the book is that new humanitarianism represents a dominant regime of humanitarian governing informed by globalising neoliberalism and is reliant on a complex set of biopolitical disciplinary and sovereign technologies It demonstrates that while the purposes of humanitarian governing are specific to particular contexts its promise of care is more often than not accompanied by sovereign and or biopolitical violences Making an important contribution to existing scholarship on humanitarian emergencies and humanitarian action on biopolitics and governmentality this book will be of much interest to students and scholars of humanitarianism critical security studies governmentality and International Relations generally

Migration and Climate Change Étienne Piguet, Antoine Pécoud, Paul F. A. Guchteneire, 2011-06-23 This book provides an authoritative analysis of the impact of climate change on migration

A Micro-Sociology of Violence Jutta Bakonyi, Berit Bliesemann de Guevara, 2014-06-11 This book aims at a deeper understanding of social processes dynamics and institutions shaping collective violence It argues that violence is a social practice that adheres to social logics and in its collective form appears as recurrent patterns In search of characteristics mechanisms and logics of violence contributions deliver ethnographic descriptions of different forms of collective violence and contextualize these phenomena within broader spatial and temporal structures The studies show that collective violence at least if it is sustained over a

certain period of time aims at organization and therefore develops constitutive and integrative mechanisms Practices of social mobilization of people and economic resources their integration in functional structures and the justification or legitimization of these structures sooner or later lead to the establishment of new forms of violent orders be it at the margins of or beyond the state Cases discussed include riots in Gujarat India mass violence in Somalia social orders of violence and non violence in Colombia humanitarian camps in Uganda trophy taking in North America and violent livestock raiding in Kenya This book was originally published as a special issue of Civil Wars **Relocation Failures in Sri Lanka** Robert Muggah, 2013-04-04 Each year millions of people are internally displaced and resettled in the wake of wars and floods or to make way for large scale development projects and this number is increasing Humanitarian and development specialists continue to struggle with designing and executing effective protection strategies and durable solutions Relocation Failures explains how internal displacement and efforts to engineer resettlement are conceived and practiced by policy makers and practitioners The author argues that policies for internally displaced peoples are weak and diluted by narrow interpretations of state sovereignty and collective action dilemmas and in the case of Sri Lanka unintentionally intensified ethnic segregation and ultimately war This unique new book considers the origins and parameters of internal displacement and resettlement policy and practice and proposes an explanation for why it often fails In highlighting the ways that development assistance can exacerbate smoldering conflicts the volume provides an important caution to the aid community *Refugees Worldwide* Doreen Elliott, Uma A. Segal, 2012-08-03 Utilizing international perspectives this unprecedented collection of essays from leading authorities on refugee studies spotlights the realities and challenges of the global refugee population With increasing changes in the socio political climate of the world as well as with the rising numbers of natural disasters people of all ethnicities and nationalities are frequently forced from their homes and their homelands While there is a substantial body of work that addresses refugee policies post traumatic stress disorder and other specific issues there have been few attempts to understand refugee health or comprehend overall refugee adaptation until now This is the first work to address refugee issues worldwide addressing the psychological health human rights political public policy law economic social and personal aspects of this universal problem Refugees Worldwide also includes examples of first person refugee stories from around the world eye opening information not available in any other work Drawing on the expertise of myriad international researchers theoreticians and practitioners from representative nations around the world this four volume set effectively speaks to a number of refugee issues from a truly global perspective

The International Containment Of Displaced Persons Humanitarian Spaces Without Exit Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and

manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The International Containment Of Displaced Persons Humanitarian Spaces Without Exit PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The International Containment Of Displaced Persons Humanitarian Spaces Without Exit PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The International Containment Of Displaced Persons Humanitarian Spaces Without Exit free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About The International Containment Of Displaced Persons Humanitarian Spaces Without Exit Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The International Containment Of Displaced Persons Humanitarian Spaces Without Exit is one of the best book in our library for free trial. We provide copy of The International Containment Of Displaced Persons Humanitarian Spaces Without Exit in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The International Containment Of Displaced Persons Humanitarian Spaces Without Exit. Where to download The International Containment Of Displaced Persons Humanitarian Spaces Without Exit online for free? Are you looking for The International Containment Of Displaced Persons Humanitarian Spaces Without Exit PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another The International Containment Of Displaced Persons Humanitarian Spaces Without Exit. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of The International Containment Of Displaced Persons Humanitarian Spaces Without Exit are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with The International Containment Of Displaced Persons Humanitarian Spaces Without Exit. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with

The International Containment Of Displaced Persons Humanitarian Spaces Without Exit

The International Containment Of Displaced Persons Humanitarian Spaces Without Exit To get started finding The International Containment Of Displaced Persons Humanitarian Spaces Without Exit, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with The International Containment Of Displaced Persons Humanitarian Spaces Without Exit So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading The International Containment Of Displaced Persons Humanitarian Spaces Without Exit. Maybe you have knowledge that, people have search numerous times for their favorite readings like this The International Containment Of Displaced Persons Humanitarian Spaces Without Exit, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. The International Containment Of Displaced Persons Humanitarian Spaces Without Exit is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one.
