**Palestinian Art** Gannit Ankori, 2013-06-01 Turmoil and violence have defined the lives of Palestinian people over the last few decades yet in the midst of the chaos artists live and thrive creating little seen work that is a powerful response to their situation Gannit Ankori's *Palestinian Art* is the first in depth English language assessment of contemporary Palestinian art and it offers an unprecedented and wholly original overview of this art in all its complexity Ankori comprehensively traces the full history and development of Palestinian art from its roots in folk art and traditional Christian and Islamic painting to the predominance of nationalistic themes and diverse media used today Drawing on over a decade of extensive research studio visits and interviews Ankori explores the vast oeuvre of prominent contemporary Palestinian artists navigating between the personal and biographical dimensions of specific

artworks and the symbolic meanings embedded within them. She provides detailed interpretations of many works and considers the complex historical geographical political and cultural contexts in which the art was created. Questions of gender exile colonialism postcolonialism and hybridity are integral to Ankori's investigation as she probes the influence and thematic dominance of issues such as rootedness and displacement in Palestinian art. Palestinian Art is a fascinating introduction to a virtually unknown visual culture that has been subsumed under the torrent of current political turmoil. A groundbreaking and essential work of art scholarship, Palestinian Art illuminates new and unique facets of the Palestinian cultural identity.

**Correspondences** Anne Michaels, 2013-12-03 A rare and beautifully produced accordion book by renowned novelist and poet Anne Michaels and acclaimed artist and writer Bernice Eisenstein that will cause a stir for both its form and its content. Anne Michaels's resonant book-length poem which unfolds on one side of the pages of this accordion book ranges from the universal to the intimate as she writes of historical figures for whom language was the closest thing to salvation. On the other side we have Bernice Eisenstein's luminous portraits of and quotes from such twentieth-century writers and thinkers as Paul Celan, Nelly Sachs, W. G. Sebald, Anna Akhmatova, Primo Levi, and Albert Einstein. The poetry and portraits join together in a dialogue that can be read in any direction and any order in a format that perfectly reflects the thematic interconnectedness of this collaboration: an alphabet of spirits and spirit, an elegy of remembrance. Eisenstein just as a conversation becomes the third side of the page, the moment one life becomes another. Michaels

By focusing on key critical concepts within multimodality, transmediality, adaptation, intertextuality, and addressing multiple platforms and media, digital analogue, music, prose, linguistics, graphics, it expands and develops existing comics theory and also addresses multiple other media and disciplines. Over the last decade, Studies in Comics has been at the forefront of international research in comics. This volume showcases some of the best research to appear in the journal. In so doing, it demonstrates the evolution of Comics Studies over the last decade and shows how this research field has engaged
