interest Aleister Crowley and the Temptation of Politics looks at the man behind the myth by setting him firmly within the politics of his time and the development of his ideas through his extensive and extraordinarily varied writings Crowley was a rationalist sympathetic to the values of the Enlightenment but also a romantic and a reactionary His search for an alternative way to express his religious feelings led him to elaborate his own vision of social and political change Crowley's complex politics led to his involvement with many key individuals organisations and groups of his day the secret service of various countries the German Nazi party Russian political activists journalists and politicians of various persuasions as well as other writers both in Europe and America Aleister Crowley and the Temptation of Politics presents a life of ideas an examination of a man shaped by and shaping the politics of his times The Palgrave Handbook of Contemporary Gothic Clive Bloom, 2020-07-10 Simply put there is absolutely nothing on the market with the range of ambition of this strikingly eclectic collection of essays Not only is it impossible to imagine a more comprehensive view of the subject most readers even specialists in the subject will find that there are elements of the Gothic genre here of which they were previously unaware Barry Forshaw Author of British Gothic Cinema and Sex and Film The Palgrave Handbook of Contemporary Gothic is the most comprehensive compendium of analytic essays on the modern Gothic now available covering the vast and highly significant period from 1918 to 2019 The Gothic sensibility over 200 years old embraces its dark past whilst anticipating the future From demons and monsters to post apocalyptic fears and ecological fantasies Gothic is thriving as never before in the arts and in popular culture This volume is made up of 62 comprehensive chapters with notes and extended bibliographies contributed by scholars from around the world The chapters are written not only for those engaged in academic research but also to be accessible to students and dedicated followers of the genre Each chapter is packed with analysis of the Gothic in both theory and practice as the genre has mutated and spread over the last hundred years Starting in 1918 with the impact of film on the genre's development and moving through its many and varied international incarnations each chapter chronicles the history of the gothic milieu from the movies to gaming platforms and internet memes television and theatre The volume also looks at how Gothic intersects with fashion music and popular culture a multi layered multi ethnic even a trans gendered experience as we move into the twenty first century
