**Idealism and Christian Philosophy** Steven B. Cowan,James S. Spiegel,2016-02-25 When it comes to contemporary philosophical problems metaphysical idealism or Berkeleyan immaterialism is not taken seriously by most philosophers not to mention the typical Christian layperson This state of affairs deserves some attempt at rectification since Idealism has considerable explanatory power as a metaphysical thesis and provides numerous practical and theoretical benefits Such thinkers as George Berkeley and Jonathan Edwards believed that Idealism is especially amenable to a Christian perspective both because it provides a plausible way of conceptualizing the world from a theistic standpoint and because it effectively addresses skeptical challenges to the Christian faith The contributors to this volume explore a variety of ways in which the case can be made for this claim including potential solutions to philosophical problems related to the nature of time the ontology of physical objects the mind body problem and the nature of science

**AGES OF CREATION** Roger Rali,2013-05 Understanding the dimensions and mechanics of the bible is far crucial in understanding of the bible itself Fresh and new revelations will be like links on the chain when you read the bible from cover to cover with this very nature in mind Bible is no different to the concept of a jigsaw puzzle All the individual 66 books and epistles that sum up the bible are incomplete in its individuality You can find that missing jigsaw piece nowhere but within the vicinity of the bible itself For instance Genesis without the other 65 books and epistles is incomplete and so forth Oracles in the bible are scattered and blended with other testimonial experience so that an ordinary mind will look but shall not see and listen but cannot hear The Pharisees High Priests and the Jewish authorities opposed and rejected Jesus for their lack of awareness about the dynamics of the bible You are very blessed for discovering this GOLDEN SECRET about the divinity of the bible Moreover the bible is an encyclopedia of its own having answers to its own questions and all the questions mankind can ever think of In other words bible itself is the absolute and divine meaning of COMPLETION lacking nothing In it is fullness of life health wealth prosperity authority and power without lack of any kind for it is a piece of God s mind and heart constrained to mankind s
