**The Making of the Masters** David Owen,1999-04-05     *The Making of the Masters* David Owen,1999-04-05 The first full history of the making of sport s rite of spring the Masters Tournament by the acclaimed author of *My Usual Game* based on unprecedented access to the archives of the Augusta National Golf Club of color photos     [The Making of the Masters](#)

David Owen,1999-04-05     **The Making of the Masters** David Owen,1999     *The Master in Bondage* Huaiyin Li,2023-03-28 Drawing on a rich set of original oral histories conducted with retired factory workers from industrial centers across the country this book provides a bottom up examination of working class participation in factory life during socialist and reform era China Huaiyin Li offers a series of new interpretations that challenge revise and enrich the existing scholarship on factory politics and worker performance during the Maoist years including the nature of the Maoist state as seen in the operation of power relations on the shop floor as well as the origins and dynamics of industrial enterprise reforms in the post Mao era In sharp contrast with the ideologically driven goal of promoting grassroots democracy or manifesting workers status as the masters of the workplace Li argues that Maoist era state owned enterprises operated effectively to turn factory workers into a well disciplined labor force through a complex set of formal and informal institutions that functioned to generate an equilibrium in power relations and work norms The enterprise reforms of the 1980s and 1990s undermined this preexisting equilibrium catalyzing the transformation of the industrial workforce from predominantly privileged workers in state owned enterprises to precarious migrant workers of rural origins hired by private firms Ultimately this comprehensive and textured history provides an analytically astute new picture of everyday factory life in the world s largest manufacturing powerhouse     *The Masters and Their Retreats* Marl L. Prophet,Elizabeth Clare Prophet,2020-08-28 The great lights who have come out of all the world s spiritual traditions and graduated from earth s schoolroom have become widely known as masters They demonstrate that in the world of Spirit there is no division of race religion or philosophy there is simply oneness ineffable sweetness and love What is not so widely known is that these great masters have retreats temples and cities of light in the heaven world where we can go in spiritual meditation and while our bodies sleep at night In this comprehensive work Mark and Elizabeth Prophet talk about these great masters the stories of their lives and their magnificent spiritual retreats
