productions **Screen World Presents the Encyclopedia of Hollywood Film Actors: From the silent era to 1965**

Barry Monush, 2003 Applause Books For decades Screen World has been the film professional's as well as the film buff's favorite and indispensable annual screen resource full of all the necessary statistics and facts. Now Screen World editor Barry Monush has compiled another comprehensive work for every film lover's library. In the first of two volumes this book chronicles the careers of every significant film actor from the earliest silent screen stars Chaplin, Pickford, Fairbanks to the mid 1960s when the old studio and star systems came crashing down. Each listing includes a brief biography, photos from the famed Screen World archives with many rare shots, vital statistics, a comprehensive filmography, and an informed, entertaining assessment of each actor's contributions, good or bad. In addition to every major player, Monush includes the legions of unjustly neglected troupers of yesteryear. The result is a rarity: an invaluable reference tool that's as much fun to read as a scandal sheet. It pulsates with all the scandal, glamour, oddity, and glory that was the lifeblood of its subjects. Contains over 1 000 photos.

The Encyclopedia of Best Films Jay Robert Nash, 2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5 000 three to five star entries: three stars good, four stars excellent, five stars masterpiece, and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations: for viewing, recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre, i.e. animated, drama, sports, mystery, adventure, etc., as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.

American Frontiersmen on Film and Television Ed Andreychuk, 2011-05-23 From the French and Indian War to the Civil War, well over a hundred years of American history is reflected through the lives of six bold and famous men: Daniel Boone, Davy Crockett, Jim Bowie, Sam Houston, Jim Bridger, and Kit Carson. Here is a book that details their lives, their legends, and the many films and television shows that have inspired them. A biography of each frontiersman is followed by a detailed examination of films and television shows featuring that man as a character. Discussion of films includes cast and credit listings, synopses, and notes on the production, including comments on accuracy and interpretation. Television coverage includes listings of episode titles and discussion of each series' history. The book is illustrated with both film stills and artwork of the frontiersmen. An appendix of documentaries and a bibliography are included.
