**The Man of Letters as a Man of Business** William Dean Howells, 2022-09-04 In The Man of Letters as a Man of Business William Dean Howells presents a keenly observed exploration of the evolving role of authorship in the American literary landscape of the late 19th century Through a blend of essays and reflections Howells employs a candid conversational style that underscores the tension between artistic integrity and commercial pressures The book situates itself within a broader cultural context where the burgeoning publishing industry intersects with the responsibilities of the writer thus raising timely questions about the morality and economics of literary production William Dean Howells often hailed as the Dean of American Letters was a leading figure in American realism and a vocal advocate for the rights of authors His own experiences navigating the often tumultuous terrain of publishing coupled with his extensive engagement with contemporary writers provided a fertile backdrop for this work Howells career spanning journalism and fiction gave him a unique perspective on the precarious balance between maintaining literary craft and achieving commercial success I highly recommend The Man of Letters as a Man of Business to readers interested in the intricate interplay of creativity and commerce in literature Howells insights resonate in today's publishing climate making this book not only a historical document but also a guide for modern writers grappling with similar dilemmas

**The Man of Letters as a Man of Business** William Dean Howells, 2015-01-08 He can say that as the thing is unless he sells his art he cannot live that society will leave him to starve if he does not hit its fancy in a picture or a poem or a statue and all this is bitterly true He is and he must be only too glad if there is a market for his wares

Elliott, 2002 Culture is a term we commonly use to explain the differences in our ways of living In this book Michael A Elliott returns to the moment this usage was first articulated tracing the concept of culture to the writings folktales dialect literature local color sketches and ethnographies that provided its intellectual underpinnings in turn of the century America The Culture Concept explains how this now familiar definition of culture emerged during the late nineteenth century through the intersection of two separate endeavors that shared a commitment to recording group-based difference American literary realism and scientific ethnography Elliott looks at early works of cultural studies as diverse as the conjure tales of Charles Chesnut the Ghost Dance ethnography of James Mooney and the prose narrative of the Omaha anthropologist turned author Francis La Flesche His reading of these works which struggle to find appropriate theoretical and textual tools for articulating a less chauvinistic understanding of human difference is at once a recovery of a lost connection between American literary realism and ethnography and a productive inquiry into the usefulness of the culture concept as a critical tool in our time and times to come      *Man of Quality, Man of Letters* Rori Bloom, 2009 Best known for the short novel Manon Lescaut Antoine Francois Prevost was also the author of a dictionary several important translations an extensive corpus of historical writing a dozen novels and more than twenty

volumes of journalism While much of his fiction is reminiscent of the adventure stories of baroque novelists Prevost's nonfiction expresses an encyclopedic ambition that prefigures the intellectual enterprises of the philosophes In her exploration of the tension between his novelistic and journalistic writing Rori Bloom argues that Prevost's novels employ established and even archaic attitudes toward authorship while his newspaper elaborates a new understanding of the roles of author and public By juxtaposing Prevost's novels and newspaper Bloom analyzes the sophisticated literary strategies through which this author constructed his complex professional identity Rori Bloom is an Assistant Professor of French in the Department of Romance Languages and Literatures at the University of Florida

**Benjamin Franklin as a Man of Letters** John Bach McMaster, 1887 Of Literature William Dean Howells, 2015-01-08 William Dean Howells 1837-1920 was an American realist author and literary critic He wrote his first novel *Their Wedding Journey* in 1871 but his literary reputation really took off with the realist novel *A Modern Instance* published in 1882 which describes the decay of a marriage His 1885 novel *The Rise of Silas Lapham* is perhaps his best known describing the rise and fall of an American entrepreneur in the paint business His social views were also strongly reflected in the novels *Annie Kilburn* 1888 and *A Hazard of New Fortunes* 1890 While known primarily as a novelist his short story *Editha* 1905 included in the collection *Between the Dark and the Daylight* 1907 appears in many anthologies of American literature Howells also wrote plays criticism and essays about contemporary literary figures such as Ibsen Zola Verga and especially Tolstoy which helped establish their reputations in the United States He also wrote critically in support of many American writers It is perhaps in this role that he had his greatest influence

**The Man of Letters As a Man of Business** William Dean Howells, 2014-05-15 I think that every man ought to work for his living without exception and that when he has once avouched his willingness to work society should provide him with work and warrant him a living I do not think any man ought to live by an art A man's art should be his privilege when he has proven his fitness to exercise it and has otherwise earned his daily bread and its results should be free to all There is an instinctive sense of this even in the midst of the grotesque confusion of our economic being people feel that there is something profane something impious in taking money for a picture or a poem or a statue Most of all the artist himself feels this

Pritchett, 2011-10-28 V S Pritchett is widely and justly regarded not only as one of the finest short story writers of this century but as a critic and essayist of astonishing range perception and originality Combining an unpretentious common sense with a rare genius for the illuminating insight into the familiar and the neglected alike his criticism is all the more valuable in an age in which the study of literature has become increasingly arid and arcane and unlike so many of his academic counterparts V S Pritchett has always had a remarkable ability to epitomise a writer's work and convey his own enthusiasm for it within the compass of a short and eminently accessible essay First published in 1985 *A Man of Letters* brings together a selection of his finest and most representative work from the past forty years ranging from Smollett and Peacock to Evelyn Waugh and Cyril Connolly from Henry James and Nathanael West to Stendhal

exemplar of a school of humor that was thought to be uniquely American As he moved into more respectable venues in the 1870s especially through the promotion of William Dean Howells in the Atlantic Monthly Mark Twain muddied the hierarchical distinctions between class appropriate leisure and burgeoning forms of mass entertainment between uplifting humor and debased laughter and between the literature of high culture and the passing whim of the merely popular     *The Student's Practical Dictionary of Idioms, Phrases and Terms* ,1904
