**The Christian Religion in Its Doctrinal Expression (Classic Reprint)** Edgar Young Mullins, 2015-07-11 Excerpt from The Christian Religion in Its Doctrinal Expression Several reasons have led the writer to prepare the present work on theology He has been a teacher of the subject during the past eighteen years His own method and standpoint in dealing with truth have as a natural consequence taken definite form Theology is like any other science in the fact that if it is alive it grows This does not mean that it goes beyond Christ and the New Testament It means rather that these are provocative of endless growth The object of religion does not grow but the subject never attains a final and static stage in the present life Truth does not change but we apprehend truth with increasing clearness Down to the middle of the nineteenth century after Luther's age theology was engaged chiefly with the issues growing out of the Reformation The method of theology was that derived from a past age Theologies were comprehensive more or less philosophical and abstract treatises There was a very commendable desire to systematize the truths of Christianity But too often the biblical method and aim were sacrificed in the interest of a school of theology or a philosophical principle For example Arminianism overlooked certain essential truths about God in its strong championship of human freedom As against it Calvinism ran to extremes in some of its conclusions in its very earnest desire to safeguard the truth of God's sovereignty We are learning to discard both names and to adhere more closely than either to the Scriptures while retaining the truth in both systems During the nineteenth century the whole world of human thought underwent a remarkable revolution In physical science a new method and ideal arose In the social and economic sphere a new sociology and political economy took shape About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original

### **Southern Baptist Seminary 1859-2009** Gregory A. Wills, 2010-12-14 Gregory Wills

argues that Southern Baptist Theological Seminary has played a fundamental role in the persistence of conservatism not entirely intentionally Tracing the history of the seminary from the beginning to the present Wills shows how its foundational commitment to preserving orthodoxy was implanted in denominational memory in ways that strengthened the denomination s conservatism and limited the seminary s ability to stray from it

### **The Making of the 1963 Baptist Faith and Message**

A. J. Smith, 2008-08-05 Questions regarding the orthodoxy of Dale Moody and Ralph Elliott propelled the Southern Baptist Convention SBC toward a re evaluation of its doctrinal statement the Baptist Faith and Message BFM The SBC adopted this document in 1925 under the leadership of E Y Mullins when faced by the challenge of modernism This dissertation argues that the 1962 Committee on Baptist Faith and Message produced a document that expressed subtle shifts in Baptist theology This shift had the effect of assuring the conservative base while allowing enough latitude in interpretation for those serving in the academy to teach more progressive views After a first introductory chapter chapters 2 and 3 trace the historical developments leading to the formation of the Committee Biblical inspiration and interpretation were key concerns but as chapter 3 demonstrates other concerns drew the attention of the Committee Chapters 4 and 5 deal with the ever sensitive issue of the relationship between Baptist confessionalism soul liberty and soul competency Each chapter examines how Baptist confessionalism functioned in relation to these concepts Chapter 6 examines in detail the work of the Committee itself and looks at those persons or groups who influenced the outcome of the Committee s work Of special note are the

contributions made by Wayne Ward Leo Garrett the religion faculty of Mercer University and the theology faculty of Southern Seminary Chapter 7 examines four areas where the 1963 BFM altered the confessional expression of Baptist doctrines 1 Scripture 2 Man 3 Salvation 4 The Church Chapter 8 is the conclusion Four appendices contain early drafts of the Committee's work The Watchman-examiner, 1928 The Publishers Weekly, 1917 The Princeton Theological Review, 1910 Includes section Reviews of recent literature Systematic Theology, Volume 1, Fourth Edition James Leo Garrett, 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett's system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary **The Axioms of Religion** Edgar Young Mullins, 2010 Most observers consider E Y Mullins president of Southern Baptist Theological Seminary from 1899 to 1928 to be the most influential Southern Baptist theologian and denominational leader of the twentieth century This title sets a fresh standard in Mullins study and in the study of Baptist history by restoring Mullins to his rightful place **Bible Doctrine, Second Edition** Wayne A. **Against Returning to Egypt** Jeff B. Pool, 1998 Against Returning to Egypt is study of a doctrinal statement recently adopted by the Southern Baptist Convention

The Report of the Presidential Theological Study Committee Using criteria developed from the SBC's historic distinction between confessions of faith and creeds Professor Jeff Pool takes the measure of this doctrinal statement and finds it wanting. He argues that the Report represents the greatest theological threat to the denomination in the history of the SBC. This threat consists primarily in that the Report intentionally erases the historic Baptist distinction between confessions of faith and creeds and in addition in that it presents and in fact is based upon a radically Calvinistic revision of the SBC's historic perspectives on several central Christian doctrines. This investigative study has significance for other traditions and histories during these tumultuous times rightly characterized as times of fundamentalist resurgence. The principles, motives, and aspirations examined here appear not only in other denominational histories but in other political, social, and cultural realms as well.
