The Christian Scholar In The Age Of The Reformation:

The Christian Scholar in the Age of the Reformation Elmore Harris Harbison, 1961 **The Christian Scholar in the Age of the Reformation** E. Harris Harbison, 2003-01-01 **The Christian Scholar in the Age of the Reformation** Elmore Harris Harbison, 1956 The Christian Scholar in the Age of the Reformation Elmore Harris Harbison, 1965 **The Christian Scholar in the Age of the Reformation. E. Harris Harbison,...** E. Harris Harbison, 1956 **The Age of Reformation** E. Harris Harbison, 2013-04-12 In The Age of Reformation first published in 1955 E Harris Harbison shows why sixteenth century Europe was ripe for a catharsis New political and social factors were at work the growth of the middle classes the monetary inflation resulting from an influx of gold from the New World the invention of printing the trend toward centralization of political power Against these developments Harbison places the church nearly bankrupt because of the expense of defending the papal states supporting an elaborate administrative organization and luxurious court and financing the crusades The Reformation as he shows was the result of a long slow shifting of social conditions and human values to which the church was not responding readily enough The sheer inertia of an enormous and complex organization the drag of powerful vested interests the helplessness of individuals with intelligent schemes of reform this is what strikes the historian in studying the church of the later Middle Ages Martin Luther a devout and forceful monk sought only to cleanse the church of its abuses and return to the spiritual guidance of the Scriptures But as it turned out western Christendom split into two camps a division as stirring as fearful as portentous to the sixteenth century world as any in Europe s history Offering an engaging and accessible introductory history of the Reformation Harbison focuses on the age s key individuals institutions and ideas while at the same time addressing the slower less obvious tides of social and political change A classic and long out of print synthesis of earlier generations of historical scholarship on the Reformation told with clarity and drama this book concisely traces the outlines interlocked and interwoven as they were of the various phases that comprised the Age of Reformation **Christian Scholar In The Age Of The Reformation** Elmore Harris Harbison, 1956 **The Christian Scholar** , 1964 **The ^ASoul of the American University Revisited** George M. Marsden, 2021-04-28 The Soul of the American University is a classic and much discussed account of the changing roles of Christianity in shaping American higher education From the 1630s through the 1950s when Protestantism provided an informal religious establishment colleges were expected to offer some sort of religious and moral guidance Following reactions in the 1960s against the WASP establishment and concerns for diversity the specifically Protestant heritage quickly disappeared and various secular viewpoints predominated This revised and updated edition brings the story into the twenty first century **The Collected Writings of James Leo Garrett Jr., 1950-2015: Volume Four** James Leo Garrett Jr., 2020-05-06 James Leo Garrett Jr has been called the last of the gentlemen theologians and the dean of Southern Baptist theologians In The Collected Writings of James Leo Garrett Jr 1950 2015 the reader will find a truly dazzling collection of works that clearly evince the meticulous

scholarship the even handed treatment the biblical fidelity the wide historical breadth and the honest sincerity that have made the work and person of James Leo Garrett Jr so esteemed and revered among so many for so long Volume 4 is the first of two volumes that will contain his theological essays Spanning sixty five years and touching on topics from Baptist history theology ecclesiology church history and biography religious liberty Roman Catholicism and the Christian life The Collected Writings of James Leo Garrett Jr 1950 2015 will inform and inspire readers regardless of their religious or denominational affiliations

The Catholic Reformation John C. Olin, 2024-10-22 Available in a new digital edition with reflowable text suitable for e readers This work contains fifteen key documents illustrative of reform in the Church in the period from 1495 to 1540 an age of great religious ferment and upheaval which is marked historically by the crisis known as the Protestant Reformation The documents collected in this work focus on the simultaneous struggle for renewal and reform within the Catholic Church There was much amiss within the Church at the close of the Middle Ages The Protestant Reformation threw into high relief the urgent need for religious reform Involving basic questions of doctrine practice and authority this severe trial put in jeopardy the very life of the existing Catholic Church The balanced selection of notable and representative source materials tells their story in a lively and dramatic way This important work on a little known aspect of a turbulent era is a valuable contribution to Reformation studies

Calvin's Doctrine of the State Mark J. Larson, 2009-01-08 Contemporary treatments of Calvin's political views often imply that he embraced a theocratic civil polity and that he was committed to holy war doctrine On the basis of the primary sources the first half of this volume argues that neither position is correct Calvin in his political thought maintained the superiority of a republic as a civil polity In addition he placed himself firmly within the medieval just war tradition that was established by Augustine of Hippo and later reaffirmed by Thomas Aquinas In terms of his commitment to classical just war teaching Calvin stood in continuity with Martin Luther even while he distanced himself from the holy war perspective of the Zurich Reformers Henry Bullinger and Peter Martyr Vermigli In the thinking of Calvin a war could only be authorized by the state not the church War had to be prosecuted with humanity and restraint and not in the tradition of the medieval crusade The second half of the book sets forth what Calvin actually believed on the matter of government and war Here we examine his teaching on parliamentary resistance to monarchical tyranny and the full dimensions of his commitment to justice of war categories Unlike Luther and Bullinger Calvin provided a parliamentary remedy for the perennial evil of tyranny With Vermigli and Theodore Beza siding with Calvin on this right a body of Reformed doctrine was established to which succeeding generations could appeal for teaching direction and justification for taking up arms It is clear that Calvin's political legacy is profoundly evident in the American Revolutionary War and in the constitutional determination for a republic in the United States of America Calvin's ecclesiastical republicanism as it came to fruition in Presbyterian church government was a powerful impetus toward the creation of republican institutions in civil government

History of the Christian Church Williston Walker, 2014-06-30 Since publication of the first edition in 1918 A

History of the Christian Church by Williston Walker has enjoyed outstanding success and recognition as a classic in the field. Written by an eminent theologian it combines in its narrative a rare blend of clarity, unity and balance. In light of significant advances in scholarship in recent years, extensive revisions have been made to this fourth edition. Three scholars from Union Theological Seminary in New York have incorporated new historical discoveries and provided fresh interpretations of various periods in church history from the first century to the twentieth. The result is a thoroughly updated history which preserves the tenor and structure of Walker's original unparalleled text.

The Age of Reform, 1250-1550 Steven

Ozment, 2020-08-25 Celebrating the fortieth anniversary of this seminal book, this new edition includes an illuminating foreword by Carlos Eire and Ronald K. Rittgers. The seeds of the swift and sweeping religious movement that reshaped European thought in the 1500s were sown in the late Middle Ages. In this book, Steven Ozment traces the growth and dissemination of dissenting intellectual trends through three centuries to their explosive burgeoning in the Reformations, both Protestant and Catholic, of the sixteenth century. He elucidates with great clarity the complex philosophical and theological issues that inspired antagonistic schools, traditions and movements from Aquinas to Calvin. This masterly synthesis of the intellectual and religious history of the period illuminates the impact of late medieval ideas on early modern society. With a new foreword by Carlos Eire and Ronald K. Rittgers, this modern classic is ripe for rediscovery by a new generation of students and scholars.

From Every Tribe and Nation (Turning South: Christian Scholars in an Age of World Christianity) Mark A. Noll, 2014-10-14 Christianity's demographics, vitality and influence have tipped markedly toward the global South and East. Addressing this seismic shift, one of America's leading church historians shows how studying world Christianity changed and enriched his understanding of the nature of the faith as well as of its history. Mark Noll illustrates the riches awaiting anyone who gains even a preliminary understanding of the diverse histories that make up the Christian story. He shows how coming to view human culture as created by God was an important gift he received from the historical study of world Christian diversity, which then led him to a deeper theological understanding of Christianity itself. He also offers advice to students who sense a call to a learned vocation. This is the third book in the Turning South series, which offers reflections by eminent Christian scholars who have turned their attention and commitments beyond North America.

Jewish Influence in Christian Reform Movements Louis Newman, 2016-05-27 In his work, Rabbi Newman documents the struggle between Christianity and Judaism. The Rabbi also includes information on Jewish influence in fomenting the Protestant revolt against the Catholic Church, which led to the freeing of Jews from Church strictures and mainstreaming them into the political and social life of Christendom, particularly in Protestant countries. Newman even takes up the topic of Jewish influence in Puritan New England. All in all, this is an important book for those wishing to understand the mutual antipathies which have beset Christians and Jews.

The Discovery of Hebrew in Tudor England G. Lloyd Jones, 1983

Celebrating the Legacy of the Reformation Benjamin K. Forrest, 2019-07-01 In this compilation of essays, experts in

the field provide an in depth look at the long lasting impact of the Protestant Reformation Readers will gain new insights into the legacies of theology spiritual formation and personal worship catechism and preaching and the missions and martyrs of the Reformation Celebrating the Legacy of the Reformation will inspire and challenge readers to learn from the past for the sake of the future

Main Currents of Western Thought Franklin Le Van Baumer, 1978-01-01 Baumer's collection maps better than any other with which we are familiar the seminal and distinguishing ideological climates in western civilization Seventeenth Century News Many disciplines create books of readings by the dozens it is a rare event when a reader helps to create a discipline On its initial publication in 1952 Main Currents of Western Thought did just that In the years since its first appearance Main Currents has remained unquestionably the leading reader in its field The illuminating short essays that introduce sections and subsections are well known but the continuing usefulness of any reader depends upon the quality of its selections Franklin Le Van Baumer has sought out passages that best represent and illuminate the ideas and preoccupations of each age He has found them in the works of the great including Augustine Aquinas Dante Luther Newton Voltaire Darwin Whitehead and Freud But he has also discovered telling statements in writings less widely known Ramon Lull on chivalry 13th century Henry Peacham on the complete gentleman and Leonard Busher on religious liberty both 17th century Louis Ren de la Chalotais on education 18th century Samuel Smiles on self help 19th century and Virgil Gheorgiu on mechanization 20th century
