**Due Diligence** David Roodman, 2012 The idea that small loans can help poor families build businesses and exit poverty has blossomed into a global movement The concept has captured the public imagination drawn in billions of dollars reached millions of customers and garnered a Nobel Prize Radical in its suggestion that the poor are creditworthy and conservative in its insistence on individual accountability the idea has expanded beyond credit into savings insurance and money transfers earning the name microfinance But is it the boon so many think it is Readers of David Roodman s openbook blog will immediately recognize his thorough straightforward and trenchant analysis Due Diligence written entirely in public with input from readers probes the truth about microfinance to guide governments foundations investors and private citizens who support financial services for poor people In particular it explains the need to deemphasize microcredit in favor of other financial services for the poor

**Matthaeus Adversus Christianos** Christoph Ochs, 2013 In this book Christoph Ochs presents for the first time an extensive study of the use of the Gospel of Matthew in Jewish polemics These often overlooked texts advance numerous exegetical arguments against Jesus divinity the incarnation and the Trinity Seven Jewish polemical key texts comprise the main sources for this inquiry Qissat Mijadilat al Usqif c 8 9th century and Sefer Nestor ha Komer before 1170 Sefer Milhamot ha Shem c 1170 Sefer Yosef ha Meqanne c 13th century Nizzahon Vetus 13 14th century Even Bohan late 14th century Kelimmat ha Goyim c 1397 and Hizzuq Emunah c 1594 Together with the relevant passages in the original Hebrew and in translation each text is presented with a historical and exegetical introduction Contemporary parallels are also discussed but in less detail The result is a compendium of arguments against the divinity of Jesus based on the Jewish interpretation of Matthew

The Apostolic Fathers in English Michael W. Holmes, 2006 A reliable translation of important early Christian texts not included in the New Testament

**Doing Theology for the Church** Rebekah Eklund, John E. Phelan, 2014-11-01 Doing Theology for the Church honors the life of Klyne R Snodgrass and his four decades of service as professor of New Testament at North Park Theological Seminary as well as to the wider church and academy

Snodgrass's work is multifaceted and encompasses the study of the gospels and the parables Paul's inner biblical interpretation, women and ministry, and identity. In conversation with Snodgrass's wide range of interests, the book is organized around these themes. In addition to honoring a significant person, the purpose of a festschrift is to interact with that individual's work to examine its implications and to take up the honoree's interests in new and creative ways. This volume accomplishes all of this with the contributors thoughtfully engaging the significant themes that have constituted the life and work of their colleague, mentor, teacher, and friend.

*1?2 Peter and Jude* Pheme Perkins, Patricia McDonald, Eloise Rosenblatt, 2022-07-02 2023 Catholic Media Association Second Place Award Scripture Academic Studies Reading 1 Peter through the lens of feminist and diaspora studies keeps front and center the bodily psychological and social suffering experienced by those without stable support of family or homeland, whether they were economic migrants or descendants of those enslaved by Roman armies. In the new household of God, believers are encouraged to exhibit a moral superiority to the society that engulfs them. But adoption of elite values cannot erase the undertones of randomized verbal abuse, general scorn, and physical violence that women, immigrants, slaves, and freedmen faced as the facts of life. First Peter offers the honor of identifying with the Crucified by his bruises; you are healed. 2:24 A Christian liberation ethic would challenge 1 Peter's approach. Pliny the Younger, governor of Bithynia Pontus in northwestern Asia Minor, is a contemporary of 2 Peter's writer. The polemical accusatory genre of 2 Peter, like Jude, originates in Roman judicial rhetoric. The pastor, in the persona of a prosecuting attorney, condemns immoral defendants, including influential women. Their crimes encode community tensions over women's leadership, Gentile members' sexual ethics, their syncretistic deviations from Jewish doctrine on creation and the certainty of divine judgment and punishment. Citations to Elizabeth Cady Stanton's *A Woman's Bible* enliven the commentary. The doctrinal disorder prompts the male pastor to sustain loyalists in their commitment to Our Lord and Savior Jesus Christ. Second Peter dramatizes an ecclesial crisis whose solution was the eventual imposition of a magisterium to silence dissent. Brief, combative, and assuming a familiarity with a literary culture that most twenty-first-century readers do not have, the Letter of Jude would be an obvious candidate for being the most neglected book of the New Testament. As a model for a pastoral strategy, it can be recommended only with great reservations; almost everyone will find in it something problematic if not offensive. Yet, in addition to giving a window on a Greek-speaking Jewish Christian milieu, Jude's energetic prose testifies to the author's visceral concern for those attempting to live by the gospel in difficult circumstances. Furthermore, to the extent that over-familiarity with parts of the New Testament can blunt their challenge, this letter provides a salutary reminder that the entire canon originated in a world that is radically unfamiliar to us.

**World Upside Down C.** Gavin Rowe, 2009-06-29 No longer can Acts be seen as a simple apologia that articulates Christianity's harmlessness vis-à-vis Rome. Rather, in its attempt to form communities that witness to God's apocalypse, author Gavin Rowe argues that Luke's second volume is a highly charged and theologically sophisticated political document. Luke aims at nothing less than the

construction of a new culture a total pattern of life that inherently runs counter to the constitutive aspects of Graeco Roman society     *The Apostolic Fathers* Michael W. Holmes,2007-11 A contemporary version of important early Christian texts that are not included in the New Testament The translation Greek texts introduction notes and bibliographies are freshly revised

**The Emergence of Christianity** Cynthia White,2010-10-01 This brief survey text tells the story of early Christianity Cynthia White explores the emergence of Christianity in Rome during the first four centuries of the Greco Roman empire from the first followers of Jesus Christ to conflicts between Christians and Jewish kings under Roman occupation to the torture of Christian followers Diocletian s reforms and Constantine s eventual conversion to monotheism which cemented Christianity s status as the official religion of Rome The text s chapters will integrate key pedagogy including introductions study questions textboxes photos maps suggested readings and a glossary and timeline     **Moral Formation and the Virtuous Life** Paul M. Blowers,2019-07-02 In *Moral Formation and the Virtuous Life* volume editor Paul M Blowers has translated and gathered several key texts from early Christian sources to explore the broad themes of moral conscience and ethics Readers will gain a sense of how moral formation was part of a process sustained by pastoral instruction and admonition based on ritual practice baptism eucharist and liturgy as well as learned ethical behaviors related to moral issues such as sexual ethics marriage and celibacy wealth and poverty pagan entertainment military service and more *Moral Formation and the Virtuous Life* is part of *Ad Fontes Early Christian Sources* a series designed to present ancient Christian texts essential to an understanding of Christian theology ecclesiology and practice The books in the series will make the wealth of early Christian thought available to new generations of students of theology and provide a valuable resource for the Church Developed in light of recent Patristic scholarship the volumes will provide a representative sampling of theological contributions from both East and West The series aims to provide volumes that are relevant for a variety of courses from introduction to theology to classes on doctrine and the development of Christian thought The goal of each volume is not to be exhaustive but rather representative enough to denote for a non specialist audience the multivalent character of early Christian thought allowing readers to see how and why early Christian doctrine and practice developed the way it did

*Pagans and Christians in the City* Steven D. Smith,2018-11-15 Traditionalist Christians who oppose same sex marriage and other cultural developments in the United States wonder why they are being forced to bracket their beliefs in order to participate in public life This situation is not new says Steven D Smith Christians two thousand years ago faced very similar challenges Picking up poet T S Eliot s World War II era thesis that the future of the West would be determined by a contest between Christianity and modern paganism Smith argues in this book that today s culture wars can be seen as a reprise of the basic antagonism that pitted pagans against Christians in the Roman Empire Smith s *Pagans and Christians in the City* looks at that historical conflict and explores how the same competing ideas continue to clash today All of us Smith shows have much to learn by observing how patterns from ancient history are reemerging in today s most controversial issues

*The Ethics of The Tripartite Tractate (NHC I, 5)* Paul Linjamaa, 2019-06-07 In *The Ethics of The Tripartite Tractate NHC I* 5 Paul Linjamaa explores the theoretical foundations and practical implications of the ethics in the longest Valentinian text extant today As such it is one of the first serious explorations of early Christian determinism **Recovering the Love Feast** Paul Fike Stutzman, 2011-01-01 What is a Love Feast How did the early church celebrate the Love Feast How might Christians today celebrate the Love Feast In *Recovering the Love Feast* Paul Stutzman addresses these questions offering a unique blend of liturgical history and practical theology Part I outlines the history of the Love Feast noting its prevalence in early church worship its gradual decline and its reemergence in the practices of several Pietist groups e g the Moravians Methodists and Brethren Particular focus is given to five elements of the celebration that is eucharistic preparation footwashing the fellowship meal the holy kiss and the Eucharist proper In Part II Stutzman argues that the Love Feast is a valuable Christian practice and a celebration worth recovering in those traditions that may have forgotten the feast Rather than prescribing a specific method for celebrating the Love Feast Stutzman proposes that there are five key disciplines that today's Love Feasts should embody submission love confession reconciliation and thanksgiving This book encourages Christians from a range of traditions to experiment with reclaiming the Love Feast with the hope that each celebration serves as an act of worship to God and an authentic expression of Christian discipleship **The Cambridge Companion to Religious Studies** Robert A. Orsi, 2012 Informative and provocative this book introduces readers to debates in the contemporary study of religion and suggests future research possibilities *The Apocalypse of Empire* Stephen J. Shoemaker, 2018-10-02 In *The Apocalypse of Empire* Stephen J. Shoemaker argues that earliest Islam was a movement driven by urgent eschatological belief that focused on the conquest or liberation of the biblical Holy Land and situates this belief within a broader cultural environment of apocalyptic anticipation Shoemaker looks to the Qur'an's fervent representation of the imminent end of the world and the importance Muhammad and his earliest followers placed on imperial expansion Offering important contemporary context for the imperial eschatology that seems to have fueled the rise of Islam he surveys the political eschatologies of early Byzantine Christianity Judaism and Sasanian Zoroastrianism at the advent of Islam and argues that they often relate imperial ambition to beliefs about the end of the world Moreover he contends formative Islam's embrace of this broader religious trend of Mediterranean late antiquity provides invaluable evidence for understanding the beginnings of the religion at a time when sources are generally scarce and often highly problematic Scholarship on apocalyptic literature in early Judaism and Christianity frequently maintains that the genre is decidedly anti-imperial in its very nature While it may be that early Jewish apocalyptic literature frequently displays this tendency Shoemaker demonstrates that this quality is not characteristic of apocalypticism at all times and in all places In the late antique Mediterranean as in the European Middle Ages apocalypticism was regularly associated with ideas of imperial expansion and triumph which expected the culmination of history to arrive through the universal dominion of a divinely chosen world

empire This imperial apocalypticism not only affords an invaluable backdrop for understanding the rise of Islam but also reveals an important transition within the history of Western doctrine during late antiquity **Augustine and the Jews** Paula Fredriksen, 2010-10-12 In *Augustine and the Jews* Fredriksen draws us into the life times and thought of Augustine of Hippo 396-430 Focusing on the period of astounding creativity that led to his new understanding of Paul and to his great classic *The Confessions* she shows how Augustine's struggle to read the Bible led him to a new theological vision one that countered the anti Judaism not only of his Manichaean opponents but also of his own church The Christian Empire Augustine held was right to ban paganism and to coerce heretics But the source of ancient Jewish scripture and current Jewish practice he argued was the very same as that of the New Testament and of the church namely God himself Accordingly he urged Jews were to be left alone Conceived as a vividly original way to defend Christian ideas about Jesus and about the Old Testament Augustine's theological innovation survived the collapse of the Western Roman Empire and it ultimately served to protect Jewish lives against the brutality of medieval crusades *Augustine and the Jews* sheds new light on the origins of Christian anti-Semitism and through Augustine opens a path toward better understanding between two of the world's great religions

**Christian Intellectuals and the Roman Empire** Jared Secord, 2021-05-06 Early in the third century a small group of Greek Christians began to gain prominence and legitimacy as intellectuals in the Roman Empire Examining the relationship that these thinkers had with the broader Roman intelligentsia Jared Secord contends that the success of Christian intellectualism during this period had very little to do with Christianity itself With the recognition that Christian authors were deeply engaged with the norms and realities of Roman intellectual culture Secord examines the thought of a succession of Christian literati that includes Justin Martyr Tatian Julius Africanus and Origen comparing each to a diverse selection of his non-Christian contemporaries Reassessing Justin's apologetic works Secord reveals Christian views on martyrdom to be less distinctive than previously believed He shows that Tatian's views on Greek culture informed his reception by Christians as a heretic Finally he suggests that the successes experienced by Africanus and Origen in the third century emerged as consequences not of any change in attitude toward Christianity by imperial authorities but of a larger shift in intellectual culture and imperial policies under the Severan dynasty Original and erudite this volume demonstrates how distorting the myopic focus on Christianity as a religion has been in previous attempts to explain the growth and success of the Christian movement It will stimulate new research in the study of early Christianity classical studies and Roman history *Into All the World* Mark Harding, Alanna Nobbs, 2017-07-26 *Into All the World* the third volume from editors Mark Harding and Alanna Nobbs on the content and social setting of the New Testament brings together a team of eminent Australian scholars in ancient history New Testament and the early church to take the story of Christianity into the Jewish and Greco-Roman world of the first century In thirteen chapters the contributors discuss all the post-Pauline New Testament writings devoting attention to both their content and their context They examine the impact of the growth of the church on both Jews and

Gentiles exploring issues such as the diaspora minorities the Book of Acts and the Fourth Gospel The book then proceeds to a discussion of the impact of Christianity on the Roman state including consideration of the book of Revelation and the imperial cult A final chapter investigates how the church was perceived by Clement of Rome at the end of the first century The Apostles' Creed Piotr Ashwin-Siejkowski, 2009-05-01 The Apostles Creed is an expression of Christian theology that was formed in a period of fascinating and creative debate The creed is not simply a dogmatic static and cryptic symbol of Christian faith but on the contrary a lively narrative that can still inspire imagination critical reflection and faith In The Apostles Creed the ancient debates that led to the formulation of its twelve pronouncements are examined The richness of early Christian thought is explored by looking at the ideas behind each creedal pronouncement and tracing the theological debates that inspired each statement Early Christian theology is not treated as unanimous but as pluralistic The polyphony of theological opinion which characterized the Christianity of this period is therefore highlighted and celebrated In explaining the context that gave birth to the creed this study refers to the testimony of various witnesses of those theological arguments This includes opponents of the apostolic and church Fathers the Gnostics heretics and Jewish and pagan critics of Christian faith
