Missional Renaissance Reggie McNeal, 2009-02-03 Reggie McNeal's bestseller *The Present Future* is the definitive work on the missional movement i.e. the widespread movement among Protestant churches to be less inwardly focused and more oriented toward the culture and community around them. In that book he asked the tough questions that churches needed to entertain to begin to think about who they are and what they are doing. In *Missional Renaissance* he shows them the three significant shifts in their thinking and behavior that they need to make that will allow leaders to chart a course toward being missional: 1. from an internal to an external focus ending the church as exclusive social club model; 2. from running programs and ministries to developing people as its core activity; and 3. from professional leadership to leadership that is shared by everyone in the community. With in-depth discussions of the what and the how of transitioning to being a missional church, readers will be equipped to move into what McNeal sees as the most viable future for Christianity. For all those thousands of churches who are asking about what to do next after reading *The Present Future*, *Missional Renaissance* will provide the answer.

Reverse Mentoring Earl Creps, 2008-10-14 Earl Creps is known for his work in connecting the younger generation of postmoderns with their Boomer predecessors. The author of *Off Road Disciplines*, Creps in this new book takes up the topic of how older church leaders can learn from younger leaders who are more conversant with culture, technology, and social context. In addition to making the benefits of what he calls reverse mentoring apparent, he also makes it accessible by offering practical steps to implement this discipline at both personal and organizational levels, particularly in communication, evangelism, and leadership. Creps' new book is a topic of interest both inside and outside the church as older leaders realize that they're not getting it when it comes to technologies like iPod, IM, blogging, or cultural issues such as the fact that younger people see the world in an entirely different way. Creps has been personally involved in reverse mentoring for several years and has spoken and written on the subject extensively. He has pastored three churches: one Boomer, one Builder, one X'er, and is currently a church planter in Berkeley, California. He has also served as a consultant and a seminary professor and administrator, holding a PhD in Communication Studies and a DMin from the Assemblies of God Theological Seminary.

The Ministry of the Word, Vol. 25, No. 03: Vital Factors for the Recovery of the Church Life Various Authors, This issue of *The Ministry of the Word* contains the eight messages of the international training for elders and responsible ones hosted by Living Stream Ministry on April 16-18, 2021. The messages were provided via webcast from Anaheim, California, and the mutual fellowship, prophesying, and studying by groups were practiced locally in the various churches that participated. The general subject of this series of messages is *Vital Factors for the Recovery of the Church Life*. The ultimate goal in God's eternal economy is the building up of the church as the Body of Christ to consummate the New Jerusalem, the bride of the redeeming God. In the age of the church, there needs to be an understanding, experience, and application of various vital factors for the strengthening and full recovery of the church life. A factor is an element that actively contributes to the production of a result. In this series of messages, we will see eight vital

critical and strategic elements that actively contribute to the recovery of the church life

Pentecostal Experience Peter D. Neumann, 2012-08-22 Pentecostals are known for an experiential spirituality that emphasizes immediate encounters with God through the Holy Spirit But how should such experience be understood Is it in fact quite so immediate Neumann argues that Pentecostal experience of God is mediated by the Spirit s work through Scripture the Christian tradition and the broader cultural context Using the work of three contemporary Pentecostal theologians Frank D Macchia Simon K H Chan and Amos Yong the book demonstrates that a mediated view of experience of God is forging a more mature Pentecostal theology As further evidence of this maturation Neumann engages these Pentecostal theologians in ecumenical dialogue with leading representatives from Roman Catholic Eastern Orthodox and

Protestant traditions
