The Cinema Of Dirk Bogarde:

The Cinema of Dirk Bogarde Margaret Hinxman, Susan D'Arcy, 1974 **The Films of Dirk Bogarde** Margaret Hinxman, Susan D'Arcy, 1974 *An Orderly Man* Dirk Bogarde, 2012-01-15 _____ Absorbing his gift for dialogue is exceptional The Observer _____ First published in 1983 *An Orderly Man* is volume three of Dirk Bogarde's best selling memoirs After completing work on Visconti's *Death in Venice* the celebrated actor seeks a refuge from 20 years of continual motion This dream of a peaceful retreat materialises itself in the form of a neglected farmhouse in the South of France However before he is rewarded with the calm he craves he is forced to endure the relative evils of dying olive trees and the rampaging mistral In this pursuit of the tranquil Bogarde manages to portray the simplest of issues in the most delicate and humane way This volume also covers the years in which Dirk Bogarde gave some of his finest acting performances and began his career as a gifted writer imposing order on a rich and varied life *Dirk Bogarde* David Huckvale, 2019-11-05 English actor Dirk Bogarde dominated the films in which he starred Exploring the tension between his matinee idol appeal and his own closeted sexuality this book focuses on the wide variety of genres in which he worked and the highly charged interaction between his life and his roles Beginning with an expose of gay life in post war Britain and his relationship with partner manager Anthony Forwood each chapter explores Bogarde's performances by genre his juvenile delinquent movies his military roles his contribution to Basil Dearden's overtly gay thriller *Victim* 1961 and his outsider roles in such films as *The Servant* 1963 *The Fixer* 1968 and *Despair* 1978 Bogarde's camp cinema espionage thrillers and various roles as artists are also examined along with the misogyny of the Doctor films and his later television work **British Cinema in the Fifties** Christine Geraghty, 2002-01-04 In the fifties British cinema won large audiences with popular war films and comedies creating stars such as Dirk Bogarde and Kay Kendall and introducing the stereotypes of war hero boffin and comic bureaucrat which still help to define images of British national identity In *British Cinema in the Fifties* Christine Geraghty examines some of the most popular films of this period exploring the ways in which they approached contemporary social issues such as national identity the end of empire new gender roles and the care of children Through a series of case studies on films as diverse as *It Always Rains on Sunday* and *Genevieve* Simba and *The Wrong Arm of the Law* Geraghty explores some of the key debates about British cinema and film theory contesting current emphases on contradiction subversion and excess and exploring the curious mix of rebellion and conformity which marked British cinema in the post war era **Dirk Bogarde** John Coldstream, 2011-09-08 Biographies only tend to be definitive until the next one comes along but there's no danger of Coldstream's erudite moving analysis ever being superseded **INDEPENDENT ON SUNDAY** As an actor Dirk Bogarde was a Rank contract artist and matinee idol who became a giant of the intellectual cinema working on films such as *Death in Venice* *The Servant* and *Providence* Fiercely protective of his privacy and that of his partner of 40 years he left England in the 1960s to live abroad where he carved a second career for himself as a bestselling author

The Cinema of Joseph Losey James Leahy,1967 **British Cinema of the 1950s** Sue Harper,Vincent Porter,2003-09-11 In this definitive and long awaited history of 1950s British cinema Sue Harper and Vincent Porter draw extensively on previously unknown archive material to chart the growing rejection of post war deference by both film makers and cinema audiences Competition from television and successive changes in government policy all forced the production industry to become more market sensitive The films produced by Rank and Ealing many of which harked back to wartime structures of feeling were challenged by those backed by Anglo Amalgamated and Hammer The latter knew how to address the rebellious feelings and growing sexual discontents of a new generation of consumers Even the British Board of Film Censors had to adopt a more liberal attitude The collapse of the studio system also meant that the screenwriters and the art directors had to cede creative control to a new generation of independent producers and film directors Harper and Porter explore the effects of these social cultural industrial and economic changes on 1950s British cinema [British Horror Films You Must Watch Before You Get Axed to Death](#) Thomas Baxter,2023-11-05 Strap yourselves in make sure the doors are locked blow out the candles and prepare to embrace the world of British horror films A world of rural folk horror megalithic stones vampires werewolves escaped lunatics nuclear war Cenobites zombies spooky children serial killers cannibals stone tapes ghosts elementals killer cults droogs time loops misty moors nutty ventriloquists graverobbers rare and unusual objects of the occult

Artificial Intelligence in the Movies David Huckvale, 2024-10-25 Since the times of ancient Greece popular culture has entertained stories of artificial humans Our modern fears about the otherness of androids and human replicants have much in common with fears of the Doppelgänger a mythological harbinger of death Throughout the twentieth century AI technologies have developed at a rapid pace bringing us face to face with these ancient fears in a modern context Examining such films as *The Day the Earth Stood Still* *Forbidden Planet* and *Blade Runner* among others this book charts cinema's fascination with artificial intelligence and the technological double as well as the historical antecedents of the artificial human

Historical Dictionary of British Cinema Alan Burton, Steve Chibnall, 2013-07-11 British cinema has been around from the very birth of motion pictures from black and white to color from talkies to sound and now 3D it has been making a major contribution to world cinema Many of its actors and directors have stayed at home but others ventured abroad like Charlie Chaplin and Alfred Hitchcock Today it is still going strong the only real competition to Hollywood turning out films which appeal not only to Brits just think of *Bridget Jones* while busily adding to franchises like *James Bond* and *Harry Potter* So this *Historical Dictionary of British Cinema* has a lot of ground to cover This it does with over 300 dictionary entries informing us about significant actors producers and directors outstanding films and serials organizations and studios different films genres from comedy to horror and memorable films among other things Two appendixes provide lists of award winners Meanwhile the chronology covers over a century of history These parts provide the details countless details while the introduction offers the big story And the extensive bibliography points toward other sources of information

Transformation and Tradition in 1960s British Cinema Farmer Richard Farmer, 2019-05-03 Over half a century on the 1960s continue to generate strong intellectual and emotional responses both positive and negative and this is no less true in the arena of film Making substantial use of new and underexplored archive resources that provide a wealth of information and insight on the period in question this book offers a fresh perspective on the major resurgence of creativity and international appeal experienced by British cinema in that dramatic decade *Transformation and Tradition in 1960s British Cinema* is the first scholarly volume on this period of British cinema for more than twenty five years It provides a major reconsideration of the period by focusing on the central tensions and contradiction between novelty revolution and continuity tradition during what remains a highly contentious period of cultural production and consumption **Film** Michael

Wood, 2012-01-26 Film is considered by some to be the most dominant art form of the twentieth century It is many things but it has become above all a means of telling stories through images and sounds The stories are often offered to us as quite false frankly and beautifully fantastic and they are sometimes insistently said to be true But they are stories in both cases and there are very few films even in avant garde art that don't imply or quietly slip into narrative This story element is important and is closely connected with the simplest fact about moving pictures they do move Even the older meanings of the word film

a membrane a covering a veil an emanation now seem to have something to do with moving pictures Many people believe films are an instrument of illusion an emphatic way of seeing what is not there and this capacity has been both celebrated and condemned Like a movie mostly means like some sort of fairy tale But what about the reverse proposition that more than any other invention film brings us close to the world as it actually is Photography is truth a character says in a film by Jean Luc Godard And cinema is the truth twenty four times per second The same claim is made every day albeit less epigrammatically by newsreels and surveillance cameras In this Very Short Introduction Michael Wood provides a brief history and examination of the nature of the medium of film considering its role and impact on society as well as its future in the digital age ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

The Routledge Companion to British Cinema History I.Q. Cinema and Unconventional Warfare in the Twentieth Century Paul B. Rich, 2018-08-23 Cinematic representations of unconventional warfare have received sporadic attention to date However this pattern has now begun to change with the rise of insurgency and counter insurgency in Iraq and Afghanistan and the growing importance of jihadist terrorism in the wake of 9 11 This ground breaking study provides a much needed examination of global unconventional warfare in 20th century filmmaking with case studies from the United States Britain Ireland France Italy and Israel Paul B Rich examines Hollywood's treatment of counter terrorism and counter insurgency in the United States British post colonial insurgencies in Malaya and Kenya and British special operations in the Second World War the Irish conflict before and during the Troubles French filmmaking and the reluctance to deal with the bitter war in Algeria in the 1950s Italian neorealism and its impact on films dealing with urban insurgency by Roberto Rossellini Nanni Loy and Gillo Pontecorvo and Israel and the upsurge of Palestinian terrorism Whilst only a small number of films on these conflicts have been able to rise above stereotyping insurgents and terrorists in some cases due to a pattern of screen orientalism Cinema and Unconventional Warfare in the Twentieth Century stresses the positive political gains to be derived from humanizing terrorists and terrorists movements especially in the context of modern jihadist terrorism This is essential reading for academics postgraduates and advanced undergraduates interested in 20th century military history politics and international relations and film studies
