Hope Street Pamela Young, 2011-01-20 This is the story of a family which has always lived in the heart of one of the traditional working class communities of the North Originally immigrants from Ireland in the mid nineteenth century their saga their triumphs and tragedies unfolded in the cobbled streets working men s cottages and terraced houses of Horwich near Manchester They worked in the cotton mills and on the railways Like most families at the time they were good socialists and trade unionists They also attended the local Spiritualist church Spiritualism was free thinking modern and progressive too and went hand in hand with socialism The family living on Hope Street North had problems every family has and worse Marriages broke up and they had more than their fair share of loss and heartbreak Within the working class in those days there were many now forgotten class distinctions which caused painful rifts between the family There was a violent bully too and an eviction which left a mother and her children wandering the streets penniless and homeless A young girl was run over and killed by a horse and cart and another died of diptheria An unmarried woman bound her abdomen tightly to disguise her pregnancy and as a result her child was born with deformed legs As a young woman that child went on to elope with her lover and they both committed suicide She died as she was born in shame The book that would become Hope Street started when Pamela Young felt compelled to write about her mother s childhood of seeing things spirits angels that other people couldn t see Vivid memories of their family life came flooding back coal dusk glistening on her father s scalp as he came

home from work the old army coats used as bedding and the dresser with doors missing because they d been chopped up as firewood when times were hard And swirling in and around these very vivid often earthy memories of life in Hope Street were memories of the extraordinary spiritual phenomena that took place there On one occasion a silver ball sped around the room On another her father asking for proof was picked up by a spirit guide and lifted up into the air as light as a feather Pamela would once see her mother engulfed in a cloud of ectoplasm and twice her mother gradually and starting from her head down disappeared before her eyes But it was after her own marriage had broken up and her mother had died when Pamela was in the depths of despair that she found her own spiritual gift Guided by the spirit of her mother she began to fully understand the great project her mother had initiated Ordination: Celebrating the Gift of Min , **The Hollow**

American Trinity Larry Len Peterson,2017-09-11 *American Trinity* is for everyone who loves the American West and wants to learn more about the good the bad and the ugly It is a sprawling story with a scholarly approach in method but

accessible in manner In this innovative examination Dr Larry Len Peterson explores the origins development and consequences of hatred and racism from the time modern humans left Africa 100 000 years ago to the forced placement of Indian children on off reservation schools far from home in the late 1800s Along the way dozens of notable individuals and cultures are profiled Many historical events turned on the lives of legendary Americans like the Father of the West Thomas Jefferson and the Son of the West George Armstrong Custer two strange companions who shared an unshakable sense of their own skills as their interpretation of truths motivated them in the winning of the West Dr Peterson reveals how anti Indian sentiments were always only obliquely about them They were victims but not the cause The Indian was a symbol not a real person The politics of hate and racism directed toward them was also experienced in prior centuries by Jews enslaved Africans and other Christians Hatred and racism when taken into the public domain are singularly difficult to justify which is why Europeans and Americans have always sought vindication from the highest sources of authority in their cultures In the Middle Ages it was religion supplemented later by the philosophy of the Enlightenment In nineteenth century Europe and America religion and philosophy were joined by science and medicine to support Manifest Destiny scientific racism and social Darwinism all of which had profound consequences on Native Americans and the Spirit of the West Presenting research in anthropology archaeology biology history law medicine religion philosophy and psychology Dr Peterson provides the latest observations that delineate why the Native American s life was destroyed American Trinity is a stunning portrait a view at once unique panoramic and intimate It is a fascinating book that will make you think about the differences between belief and knowledge about the self skepticism of science and medicine and about what aspects of the world we take on faith
