The City Without Color:

The Spirit with No Color Zeina Iyamah, 2023-05-23 The book narrates the true story of a child who grew up in Beirut during an era of war. During that chaotic period, she found comfort and hope in nature. Her love for nature later took her to the Idaho forests to study forestry. A canceled flight led to her being stranded in Paris for the day. An unfortunate event put her on the path of love where she met the man of her dreams. Together they ended up exploring countless countries and eventually marrying in a place that is dear to both of them. As a true believer in love, she fought cultural and ethnic racial norms to be with him. At the same time, she dedicated a good part of her time to caring for her aging parents whom she loved beyond words. The loss of her parents was too traumatic for her to handle and threw her into a fragile mental and emotional state which was compounded by the COVID 19 pandemic. However, the biggest heartbreaking moment was yet to come. A

City without Care Kevin McQueeney, 2023-03-16 New Orleans is a city that is rich in culture, music, and history. It has also long been a site of some of the most intense racially based medical inequities in the United States. Kevin McQueeney traces that inequity from the city's founding in the early eighteenth century through three centuries to the present. He argues that racist health disparities emerged as a key component of the city's slave-based economy and quickly became institutionalized with the end of Reconstruction and the rise of Jim Crow. McQueeney also shows that despite legislation and court victories in the civil rights era, a segregated health care system still exists today. In addition to charting this history of neglect, McQueeney also suggests pathways to fix the deeply entrenched inequities, taking inspiration from the long civil rights framework and reconstructing the fight for improved health and access to care that started long before the boycotts, sit-ins, and marches of the 1950s and 1960s. In telling the history of how New Orleans has treated its Black citizens in its hospitals, McQueeney uncovers the broader story of how urban centers across the country have ignored Black Americans and their health needs for the entire history of the nation. **Paris Berlin New York - The Color of the City**

Hermann, Wolfgang, Miscovich, Mark, 2016-10-07 In the age of Sex and the City when Manhattan has been elevated to the Mecca of the world, Wolfgang Hermann prefers to wander through the red light district, immigrant quarters, bad neighborhoods, and the docks. Hermann's readers are confronted with homeless people, immigrants, and the poor. Other people and their stories abound in his writing, although Hermann's poor figures are not granted the privilege of merely strolling and observing; for encounters play a particularly pivotal role in his texts. With an introduction by Mark Miscovich. *The Slum*

and the City Agnese Codebò, 2024-07-15 The Argentine capital is largely perceived as a middle class space. Yet in reality, urban poverty and precarious settlements are defining features of the city. Agnese Codebò investigates how slums have produced culture as well as their representation in literature and the visual arts from the 1950s to the present. Looking at government-led urban projects as well as novels, artworks, films, militant magazines, poems, and music, she tells the story of how villas miserias have mattered culturally and socially as spaces that produce new aesthetics, cultural trends, and social
