**Apocalyptic Dread** Kirsten Moana Thompson, 2012-02-01 In *Apocalyptic Dread* Kirsten Moana Thompson examines how fears and anxieties about the future are reflected in recent American cinema Through close readings of such films as *Cape Fear* *Candyman* *Dolores Claiborne* *Seven Signs* and *War of the Worlds* Thompson argues that a longstanding American apocalyptic tradition permeates our popular culture spreading from science fiction and disaster films into horror crime and melodrama Drawing upon Kierkegaard's notion of dread that is a fundamental anxiety and ambivalence about existential choice and the future Thompson suggests that the apocalyptic dread revealed in these films and its guiding tropes of violence retribution and renewal also reveal deep seated anxieties about historical fragmentation and change anxieties that are in turn displaced onto each film's particular monster whether human demonic or eschatological *Last One Alive* Jennifer Graeser Dornbush, 2023-10-24 Dr Emily Hartford is back in Chicago ready to move forward and leave the past behind until an unexpected request for help sends her deep into an investigation and into the path of a killer Seventeen months after the Parkman case Dr Hartford has returned to Chicago to finish her surgical residency But when she is contacted out of the blue by Solange McClelland the only survivor of a decade old triple homicide Emily is compelled to dig deeper She doesn't know the details of the event but remembers it as one of the few cases her deceased father never solved On her thirtieth birthday Solange opens a long forgotten safe deposit box and is entirely baffled by what she finds Inside are not only painful reminders of a once happy youth but almost four million dollars enough to pursue and finally solve the mystery of who brutally murdered her family It's been over ten years and Solange has built a new life in Detroit with her husband Joseph But there are certain disturbing questions about her past that she is determined to answer So she reaches out to the only one who might know something about her family's deaths and their possibly erroneous death certificates Dr Hartford the daughter of Freeport's former medical examiner Finding it impossible to believe that her scrupulous father made a mistake Emily joins Solange's pursuit of the truth and as subzero temperatures blanket snow covered Michigan the two women pursue justice in two very different ways But lurking nearby in the frigid cold is a crafty unrepentant killer determined to finish what he started long ago **Summary of Edward Keyes's The Michigan Murders** Everest

These eight essays explore how the service's original content jumps into those conversations, creating helpful or harmful messaging about the inner workings of our minds. From toxic masculinity to PTSD, adolescence to motherhood, mental health touches our lives in myriad ways. This interdisciplinary collection explores these intersections, examining how representations of mental health on our screens shape our understanding of it in our lives.
