

The Cold War

Bradley Lightbody

The Cold War:

The Cold War through Documents Edward H. Judge, John W. Langdon, 2017-10-27 This comprehensive collection of carefully edited documents speeches treaties statements and articles traces the rise and fall of the Cold War The sources follow the Cold War from its roots in East West tensions at the end of World War II to the collapse of the Soviet Union in 1991 Set in historical context by the editors concise introductions and followed by thoughtful discussion questions the documents are arranged in chronological order starting with the Yalta Conference and ending with Gorbachev's resignation speech Drawing on selections from a variety of countries and leaders involved in this prolonged global struggle the editors treat the entire Cold War as an era in world history not just U S history Their judicious selection makes the great events of the time come alive through the words and phrases of those who were actively involved *The Cold War* Odd Arne Westad, 2017-09-05 The definitive history of the Cold War and its impact around the world We tend to think of the Cold War as a bounded conflict a clash of two superpowers the United States and the Soviet Union born out of the ashes of World War II and coming to a dramatic end with the collapse of the Soviet Union But in this major new work Bancroft Prize winning scholar Odd Arne Westad argues that the Cold War must be understood as a global ideological confrontation with early roots in the Industrial Revolution and ongoing repercussions around the world In *The Cold War* Westad offers a new perspective on a century when great power rivalry and ideological battle transformed every corner of our globe From Soweto to Hollywood Hanoi and Hamburg young men and women felt they were fighting for the future of the world The Cold War may have begun on the perimeters of Europe but it had its deepest reverberations in Asia Africa and the Middle East where nearly every community had to choose sides And these choices continue to define economies and regimes across the world Today many regions are plagued with environmental threats social divides and ethnic conflicts that stem from this era Its ideologies influence China Russia and the United States Iraq and Afghanistan have been destroyed by the faith in purely military solutions that emerged from the Cold War Stunning in its breadth and revelatory in its perspective this book expands our understanding of the Cold War both geographically and chronologically and offers an engaging new history of how today's world was created The Cold War Jussi M. Hanhimäki, Odd Arne Westad, 2004 The Cold War contains a selection of official and unofficial documents which provide a truly multi faceted account of the entire Cold War era The final selection of documents illustrates the global impact of the Cold War to the present day and establishes links between the Cold War and the events of 11th September 2001 The Cold War Meredith Day, 2016-07-15 Immediately following World War II former allies the United States and the Soviet Union began an open yet restricted rivalry that became known as the Cold War and played out around the world until the Soviet Union's collapse in 1991 Many conflicts such as the Chinese Civil War the Korean War the Vietnam War and the Arab Israeli wars acted as proxy wars for the U S Soviet competition Other major issues explored in this examination of the Cold War include Europe's Iron Curtain the nuclear arms race decolonization in

Africa and the spread of communism into Latin America and Southeast Asia **The Cold War** John Lewis

Gaddis, 2006-12-26 Outstanding The most accessible distillation of that conflict yet written The Boston Globe Energetically written and lucid it makes an ideal introduction to the subject The New York Times The dean of Cold War historians The New York Times now presents the definitive account of the global confrontation that dominated the last half of the twentieth century Drawing on newly opened archives and the reminiscences of the major players John Lewis Gaddis explains not just what happened but why from the months in 1945 when the U S and the U S S R went from alliance to antagonism to the barely averted holocaust of the Cuban Missile Crisis to the maneuvers of Nixon and Mao Reagan and Gorbachev Brilliant accessible almost Shakespearean in its drama The Cold War stands as a triumphant summation of the era that more than any other shaped our own Gaddis is also the author of On Grand Strategy **Brief History of the Cold War** Lee

Edwards, Elizabeth Edwards Spalding, 2016-03-01 The Cold War was a crucial conflict in American history At stake was whether the world would be dominated by the forces of totalitarianism led by the Soviet Union or inspired by the principles of economic and political freedom embodied in the United States The Cold War established America as the leader of the free world and a global superpower It shaped U S military strategy economic policy and domestic politics for nearly 50 years In A Brief History of the Cold War distinguished scholars Lee Edwards and Elizabeth Edwards Spalding recount the pivotal events of this protracted struggle and explain the strategies that eventually led to victory for freedom They analyze the development and implementation of containment and finally President Reagan's philosophy they lose we win The Cold War teaches important lessons about statecraft and America's indispensable role in the world **The Cold War** J. P. D. Dunbabin, 2008

The Cold War offers a brief but detailed treatment of one of the most complex eras of the 20th Century In this fully revised second edition J P D Dunbabin drawing on international scholarship and using much new material from communist sources describes a world in which covert operations could be as important as outright diplomacy soft power as influential as hard and in which competing ideologies ruled the hearts as much as the heads of the leaders in power Dunbabin's account is global in scope taking into account the importance of players beyond the superpowers and shedding light on the proxy conflicts such as those in Africa and the Middle East that if not caused by the continuing stalemate between the great powers were used as weapons within it **The Origins of the Cold War** Caroline Kennedy-Pipe, 2017-11-28 A lively and accessible new introduction to the origins and emergence of the Cold War Caroline Kennedy Pipe brings to life the clashes of ideas and personalities that led Russia and America into decades of conflict and draws out important lessons for policy and analysis in today's equally formative period in world affairs

The Cold War Steve Phillips, 2001 Heinemann Advanced History is a series which supports the AS and A Levels starting September 2000 The series provides coverage of all the most popular topics so you can cover the whole of the specification with up to date resources Each book begins with an AS level section which is very accessible dealing with narrative and explanation of the topic There are extra notes biography boxes and

definitions in the margin and summary boxes to help students assimilate the information This should help them make the transition from GCSE to A level The second section reflects the different demands of the higher level examination by concentrating on analysis and historians interpretations of the material covered in the AS sections This text concentrates on the Cold War

The World the Cold War Made James E. Cronin, 1996 The World the Cold War Made examines the Cold War and its lasting legacy by carefully exploring the creation and structure of the postwar settlement its successes failures and adaptations and the eventual coming apart of the post war order in the 1980s and early 1990s James Cronin shows how this legacy has allowed some nations and industries to grow but has blocked others paths to economic development States whose very identities are threatened and whose positions within the larger community are in flux struggle to find a path to prosperity while a competitive logic sharply limits the options available to them At the same time Cronin states the end of the Cold War has removed powerful external constraints on the political choices of nations allowing previously disenfranchised peoples the freedom to chart distinctive paths into the next century that are more responsive to their own histories Publisher description

The Cold War Katherine A.S. Sibley, 1998-09-17 Designed to meet the needs of high school and college students this one stop resource features narrative history analysis biographical profiles key primary documents and other reference tools on the Cold War Based on the latest scholarship Sibley provides a concise yet comprehensive overview of the Cold War which lasted from 1945 until the dissolution of the Soviet Union in 1991 Following a historical overview six essays organized topically examine the key themes that characterized the Cold War its origins in the distrust among the World War II allies the force of American anti Communism Washington s enhanced postwar global role the competing objectives of the U S and U S S R in pursuit of global influence and the reasons why the Soviet Union did not survive the Cold War A timeline of events glossary of terms biographical profiles of major players and the text of 17 key documents necessary for student research on the Cold War provide valuable research tools Following a timeline of events and narrative historical overview six topical essays discuss the origins of the Cold War McCarthyism and internal security in the United States the Cold War in Asia the Cold War in Latin America the Middle East and Africa the end of detente and revived hopes for Soviet American relations ushered in by Gorbachev and its denouement and the legacies and implications of the Cold War Documents include a variety of speeches excerpts from the memoirs of leaders on both sides of the Cold War as well as the text of key government documents Each document is preceded by an explanatory introduction An annotated bibliography of works suitable for students and a selection of photographs enhance the value of this work

Origins of the Cold War Melvyn P. Leffler, 2005 This second edition brings the collection up to date including the newest research from the Communist side of the Cold War and the most recent debates on culture race and intelligence

The Global Cold War Odd Arne Westad, 2005-10-24 The Cold War shaped the world we live in today its politics economics and military affairs This book shows how the globalization of the Cold War during the last century created the foundations for most of the key conflicts we

see today including the War on Terror It focuses on how the Third World policies of the two twentieth century superpowers the United States and the Soviet Union gave rise to resentments and resistance that in the end helped topple one superpower and still seriously challenge the other Ranging from China to Indonesia Iran Ethiopia Angola Cuba and Nicaragua it provides a truly global perspective on the Cold War And by exploring both the development of interventionist ideologies and the revolutionary movements that confronted interventions the book links the past with the present in ways that no other major work on the Cold War era has succeeded in doing

The Cold War Bradley Lightbody, 2005-08-04 The Cold War examines the complex arguments which divided East and West following the end of the Second World War and analyzes its eight major phases including the emergence of the Cold War Coexistence and Detente Glasnost in the late 1980s Combining factual overview and background discussion of the key issues such as the nuclear threat and who if anyone won the Cold War with analysis of source material students will find this a must have in the study of this major historical event

The Columbia Guide to the Cold War Michael Kort, 1998 The Cold War was the longest conflict in American history and the defining event of the second half of the twentieth century Since its recent and abrupt cessation we have only begun to measure the effects of the Cold War on American Soviet post Soviet and international military strategy economics domestic policy and popular culture This reference contains an extensive narrative overview of key events and issues and also features a concise dictionary of terms institutions and people a condensed chronology and an annotated resource section listing books articles films novels websites and more than forty CD ROMs on Cold War themes and topics

The Cold War Martin Walker, 1995-06-15 The Cold War was more of a global conflict than was either of this century s two major wars far more than a confrontation between states or even empires it was as Martin Walker puts it a total war between economic and social systems an industrial test to destruction

The Cold War Stephen E. Ambrose, 2009-01-21 Even fifteen years after the end of the Cold War it is still hard to grasp that we no longer live under its immense specter For nearly half a century from the end of World War II to the early 1990s all world events hung in the balance of a simmering dispute between two of the greatest military powers in history Hundreds of millions of people held their collective breath as the United States and the Soviet Union two national ideological entities waged proxy wars to determine spheres of influence and millions of others perished in places like Korea Vietnam and Angola where this cold war flared hot Such a consideration of the Cold War as a military event with sociopolitical and economic overtones is the crux of this stellar collection of twenty six essays compiled and edited by Robert Cowley the longtime editor of MHQ The Quarterly Journal of Military History Befitting such a complex and far ranging period the volume s contributing writers cover myriad angles John Prados in The War Scare of 1983 shows just how close we were to escalating a war of words into a nuclear holocaust Victor Davis Hanson offers The Right Man his pungent reassessment of the bellicose air power zealot Curtis LeMay as a man whose words were judged more critically than his actions The secret war also gets its due in George Feiffer s The Berlin Tunnel which details the charismatic C I A

operative Big Bill Harvey's effort to tunnel under East Berlin and tap Soviet phone lines and the Soviets equally audacious reaction to the plan while *The Truth About Overflights* by R Cargill Hall sheds light on some of the Cold War's best kept secrets The often overlooked human cost of fighting the Cold War finds a clear voice in *MIA* by Marilyn Elkins the widow of a Navy airman who details the struggle to learn the truth about her husband Lt Frank C Elkins whose A 4 Skyhawk disappeared over Vietnam in 1966 In addition there are profiles of the war's front lines Dien Bien Phu the Cuban Missile Crisis the Bay of Pigs as well as of prominent military and civil leaders from both sides including Harry S Truman Nikita Khrushchev Dean Acheson Gen Douglas MacArthur Richard M Nixon Gen Vo Nguyen Giap and others Encompassing so many perspectives and events *The Cold War* succeeds at an impossible task illuminating and explaining the history of an undeclared shadow war that threatened the very existence of humankind

The Cold War and the Making of the Modern World Martin Walker, 1993 Beskrivelse af Den kolde Krig og de mest markante hændelser og konflikter i denne periode *The Devil We Knew* H. W. Brands, 1993 A wide ranging survey of U S foreign policy from Yalta through the Berlin Wall's collapse **The Cold War** Jeremy Black, 2015-10-29 The term the Cold War has had many meanings and interpretations since it was originally coined and has been used to analyse everything from comics to pro natalist policies and science fiction to gender politics This range has great value but also poses problems notably by diluting the focus on war of a certain type and by exacerbating a lack of precision in definition and analysis *The Cold War A Military History* is the first survey of the period to focus on the diplomatic and military confrontation and conflict Jeremy Black begins his overview in 1917 and covers the long Cold War from the 7th November Revolution to the ongoing repercussions and reverberations of the conflict today The book is forward looking as well as retrospective not least in encouraging us to reflect on how much the character of the present world owes to the Cold War The result is a detailed survey that will be invaluable to students and scholars of military and international history

Discover tales of courage and bravery in Crafted by is empowering ebook, **The Cold War** . In a downloadable PDF format (Download in PDF: *), this collection inspires and motivates. Download now to witness the indomitable spirit of those who dared to be brave.
