the Romantic era and the history of the novel The Collected Poems of Mary Tighe Paula R. Feldman, Brian C. Cooney, James T. Iii Harris, 2001-11-30 0 **Revealing Bodies** Erin M. Goss, 2012-10-26 Revealing Bodies turns to the eighteenth century to ask a question with continuing relevance what kinds of knowledge condition our understanding of our own bodies Focusing on the tension between particularity and generality that inheres in intellectual discourse about the body Revealing Bodies explores the disconnection between the body understood as a general form available to knowledge and the body experienced as particularly one's own Erin Goss locates this division in contemporary bodily exhibits such as Gunther von Hagens Body Worlds and in eighteenth century anatomical discourse Her readings of the corporeal aesthetics of Edmund Burke's Philosophical Enquiry William Blake's cosmological depiction of the body's origin in such works as The First Book of Urizen and Mary Tighe's reflection on the relation between love and the soul in Psyche or The Legend of Love demonstrate that the idea of the body that grounds knowledge in an understanding of anatomy emerges not as fact but as fiction Ultimately Revealing Bodies describes how thinkers in the eighteenth and nineteenth centuries and bodily exhibitions in the twentieth and twenty first call upon allegorized figurations of the body to conceal the absence of any other available means to understand that which is uniquely our own our existence as bodies in the world The Juvenile Tradition Laurie Langbauer, 2016-03-25 A juvenile tradition of young writers flourished in Britain between 1750-1835 Canonical Romantic poets as well as now unknown youthful writers published as teenagers These teenage writers reflected on their literary juvenilia by using the trope of prolepsis to assert their writing as a literary tradition Precocious writing child prodigies and early genius had been topics of interest since the eighteenth century Child authors girl poets and boy poets schoolboy writers and undergraduate writers juvenile authors of all kinds found new publication opportunities because of major shifts in the periodical press publishing and education School magazines and popular juvenile magazines that awarded prizes to child writers all made youthful authorship more visible Some historians estimate that minors children and teens comprised over half the population at the beginning of the nineteenth century Modern interest in Romanticism and the self-taught and women writers traditions has occluded the tradition of juvenile writers This first full-length study to recover the late eighteenth and early nineteenth century juvenile tradition draws on the history of childhood and child studies along with reception study and audience history It considers the literary juvenilia of Thomas Chatterton Henry Kirke White Robert Southey Leigh Hunt Jane Austen and Felicia Hemans then Felicia Dorothea Browne along with the childhood writing of Byron Mary Shelley Percy Shelley and John Keats and a score of other young poets infant bards no longer familiar today Recovering juvenility recasts literary history Adolescent writers acting proleptically ignored the assumptions of childhood development and the disparagement of supposedly immature writing *Women's Literary Networks and Romanticism* Andrew O. Diaries from Ireland, 1760–1810 Amy Prendergast, 2024-09-13 Honorable Mention in the ACIS Robert Rhodes Prize for Books on Literature 2024 An Open Access edition of this book will be available on publication on the Liverpool University Press website and the OAPEN library Engaging with previously overlooked diaries by women in Ireland written between 1760 and 1810 this book opens new avenues concerning authorship and female agency transforming our understanding of women's contributions to both literature and culture The result of extensive archival research across multiple international archives this book presents an entirely new corpus that demonstrates the creativity and literary capabilities of women in this period The surviving diaries showcase these women's engagement with a form that allowed them to explore their subjectivity and to experiment with the presentation of self This book demonstrates how these bagatelles should be treated as literary works that were shaped by and in turn influenced wider cultures of reading and writing underlining the generic fluidity at play The diary form forces a dismantling of the neat binaries of public and private of imaginative and non imaginative prose writing complicating our understandings of each The content of these diaries prompts a re evaluation of the very contours of Irish writing and what we consider as literature while allowing us to rediscover the importance of manuscripts to our explorations of literary culture

The Lost Romantics Norbert Lennartz, 2020-01-13 This book features a collection of essays shedding subversively new light on Romanticism and its canon of big six white male Romantics by focusing on marginalised forgotten and lost writers and their long neglected works Probing the realms of literary and cultural lostness this book identifies different strata of oblivion and shows how densely the net of contacts and rivalries was woven around the ostensibly monolithic stars of the Romantic age It reveals how the lost poets inspired the production of anthologised poetry that they served as indispensable muses sidekicks and interlocutors of the big six and that their relevance for the literary scene has been continuously underrated This is also surprisingly true for some creators of famous one hit wonders Frankenstein The Vampyre who were suddenly rocketed to fame or notoriety but could not help seeing their other works of fiction turning into abortive flops

A History of Romantic Literature Frederick Burwick, 2019-08-19 Historical Narrative Offers Introduction to Romanticism by Placing Key Figures in Overall Social Context Going beyond the general literary survey A History of Romantic Literature examines the literatures of sensibility and intensity as well as the aesthetic dimensions of horror and terror sublimity and ecstasy by providing a richly integrated account of shared themes interests innovations rivalries and disputes among the writers of the late eighteenth and early nineteenth centuries Drawing from the assemblage theory Prof Burwick maintains that the literature of the period is inseparable from prevailing economic conditions and ongoing political and religious turmoil as well as developments in physics astronomy music and art Thus rather than deal with authors as if they worked in isolation from society he identifies and describes their interactions with their communities and with one another as well as their responses to current events By connecting seemingly scattered and random events such as the bank crisis of 1825 he weaves the coincidental into a coherent narrative of the networking that informed the rise and progress of Romanticism Notable features of the book include A strong narrative structure divided into four major chronological periods Revolution 1789 1798 Napoleonic Wars 1799 1815 Riots 1815 1820 Reform 1821 1832 Thorough coverage of major and minor figures and institutions of the Romantic movement including Mary Wollstonecraft Elizabeth Montague and the Bluestockings Lord Byron John Keats Letitia Elizabeth Landon etc Emphasis on the influence of social networks among authors such as informal dinners and teas clubs salons and more formal institutions With its extensive coverage and insightful analysis set within a lively historical narrative History of Romantic Literature is highly recommended for courses on British Romanticism at both undergraduate and post graduate levels It will also prove a highly useful reference for advanced scholars pursuing their own research

A History of Irish Women's Poetry Ailbhe Darcy, David Wheatley, 2021-07-01 A History of Irish Women's Poetry is a ground breaking

and comprehensive account of Irish women's poetry from earliest times to the present day. It reads Irish women's poetry through many prisms: mythology, gender, history, the nation, and most importantly, close readings of the poetry itself. It covers major figures such as Míre Ní Mháic and Eavan Boland, Eilín Ní Chuiléain, as well as neglected figures from the past. Writing in both English and Irish is considered, and close attention paid to the many different contexts in which Irish women's poetry has been produced and received, from the anonymous work of the early medieval period through the bardic age, the coterie poets of Anglo-Ireland, the nationalist balladeers of Young Ireland, the Irish Literary Revival, and the advent of modernity. As capacious as it is diverse, this book is an essential contribution to scholarship in the field. **Keats's Odes**

Anahid Nersessian, 2022-11-08. When I say this book is a love story, I mean it is about things that cannot be gotten over like this world, and some of the people in it. In 1819, the poet John Keats wrote six poems that would become known as the Great Odes. Some of them, *Ode to a Nightingale* and *Ode to Autumn*, are among the most celebrated poems in the English language. Anahid Nersessian here collects and elucidates each of the odes and offers a meditative personal essay in response to each, revealing why these poems still have so much to say to us, especially in a time of ongoing political crisis. Her Keats is an unflinching antagonist of modern life, of capitalism, of the British Empire, of the destruction of the planet, as well as a passionate idealist for whom every poem is a love poem. The book emerges from Nersessian's lifelong attachment to Keats's poetry, but more, it is a love story between me and Keats, and not just Keats. Drawing on experiences from her own life, Nersessian celebrates Keats even as she grieves him and counts her own losses. Nersessian, like Keats, has a passionate awareness of the reality of human suffering but also a willingness to explore the possibility that the world at least could still be saved. Intimate and speculative, this brilliant mix of the poetic and the personal will find its home among the numerous fans of Keats's enduring work. *Women, Epic, and Transition in British Romanticism*

Elisa Beshero-Bondar, 2011-05-31. *Women, Epic, and Transition in British Romanticism* argues that early nineteenth-century women poets contributed some of the most daring work in modernizing the epic genre. The book examines several long poems to provide perspective on women poets working with and against men in related efforts contributing together to a Romantic movement of large-scale genre revision. Women poets challenged longstanding categorical approaches to gender and nation in the epic tradition and they raised politically charged questions about women's importance in moments of historical crisis. **British Women Poets and the Romantic Writing Community**

Romantic Paganism Suzanne L. Barnett, 2018-02-05. This book addresses the function of the classical world in the cultural imaginations of the second generation of Romantic writers: Percy Shelley, Mary Shelley, Thomas Love Peacock, John Keats, Leigh Hunt, and the rest of their diverse circle. The younger Romantics inherited impressions of the ancient world colored by the previous century, in which classical studies experienced a resurgence, the emerging field of comparative

mythography investigated the relationship between Christianity and its predecessors and scientific and archaeological discoveries began to shed unprecedented light on the ancient world The Shelley circle embraced a specifically pagan ancient world of excess joy and ecstatic experiences that test the boundaries between self and other Though dubbed the Satanic School by Robert Southey this circle instead thought of itself as Athenian and frequently employed mythology and imagery from the classical world that was characterized not by philosophy and reason but by wildness excess and ecstatic experiences

Representing the National Landscape in Irish Romanticism Julia M. Wright, 2014-04-22 Ireland is a country which has come to be defined in part by an ideology which conflates nationalism with the land From the Irish Revival's celebration of the Irish peasant farmer as the ideal Irishman to the fierce history of land claim battles between the Irish and their colonizers notions of the land have become particularly bound up with conceptions of what Ireland is and what it is to be Irish In this book Wright considers this fraught relationship between land and national identity in Irish literature In doing so she presents a new vision of the Irish national landscape as one that is vitally connected to larger geographical spheres By exploring issues of globalization international radicalism trade routes and the export of natural resources Wright is at the cutting edge of modern global scholarly trends and concerns In considering texts from the Romantic era such as Leslie's Killarney Edgeworth's Limerick Gloves and Moore's Irish Melodies Wright undercuts the nationalist myth of a people of the soil using the very texts which helped to construct this myth Reigniting the field of Irish Romanticism Wright presents original readings which call into question politically motivated mythologies while energizing nationalist conceptions that reflect transnational networks and mobility The Broadview Anthology of Literature of the Revolutionary Period 1770-1832, 2010
