Sir Joseph Alfred Bradney

The Coming Of Age Of Jane:

Pictures of Girlhood Sarah Hentges, 2015-01-09 Although the coming of age story has been a popular film plot for decades producers have only recently realized the commercial potential of targeting films to adolescent girls Movies like Clueless Legally Blonde and Mean Girls have been successfully marketed to teenage girls as have several well known independent films Important as both cultural indicators and catalysts these films simultaneously demonstrate pop culture s influence on girls films and the ability of girls films to affect pop culture and perceptions of girlhood This critical survey of film and the modern girl concentrates largely on films of the last two decades addressing key themes for girls within coming of age films the changing but not always improving young feminine paradigm and the ways these films can be powerful determinants of culture The first chapter explores the ways in which girls films construct reinforce challenge and dismantle mainstream conceptualizations of sexuality race and power The second chapter discusses mainstream limitations of coming of age narratives including recycled plots and stars treatments of parental and male authority and adult conceptualizations of adolescence The third chapter describes girls experiences within these narratives through such conventions as attitude teen fashion music and dance unsanctioned rites of passage and race The fourth chapter covers the negotiation of sex and sexuality virginity and sexual empowerment Instructors considering this book for use in a course may request an examination Sally Wainwright Kristyn Gorton, Beth Johnson, 2025-09-02 The first and only book length study of British copy here screenwriter director and producer Sally Wainwright Authors Gorton and Johnson brings together Wainwright s key television series and television films with theoretical work on the concept of emotion and feminist television criticism exploring Wainwright's contributions to British television through the heroic female characters she creates The book covers a wide range of theoretical work on melodrama genre and emotion to explore Wainwright's televisual texts offering analysis of globally recognised television series such as Happy Valley Last Tango in Halifax and Gentleman Jack The Victorian Era in Twenty-First Century Children's and Adolescent Literature and Culture Sonya Sawyer Fritz, Sara K. Day, 2018-01-19 Victorian literature for audiences of all ages provides a broad foundation upon which to explore complex and evolving ideas about young people In turn this collection argues contemporary works for young people that draw on Victorian literature and culture ultimately reflect our own disruptions and upheavals particularly as they relate to child and adolescent readers and our experiences of them The essays therein suggest that we struggle now as the Victorians did then to assert a cohesive understanding of young readers and that this lack of cohesion is a result of or a parallel to the disruptions taking place on a larger even global scale **The Coming of Annabel** Alice Callender Thompson, 1912 A Companion to the Brontës Diane Long Hoeveler, Deborah Denenholz Morse, 2016-05-31 A Companion to the Bront's brings the latest literary research and theory to bear on the life work and legacy of the Bront family Includes sections on literary and critical contexts individual texts historical and cultural contexts reception studies and the family s continuing influence Features in depth articles
