The Starfire Chronicles **X-Men and the Avengers: The Gamma Quest Omnibus** Greg Cox,2020-01-21 Bringing the classic X Men and the Avengers Gamma Quest trilogy back into print in a brand new omnibus The X Men mutant protectors of a world that fears and hates them The Avengers Earth s Mightiest Heroes the greatest super team ever assembled When the Scarlet Witch of the Avengers and Rogue of the X Men both disappear under mysterious circumstances each team s search leads them to more questions than answers Desperate to recover their missing teammates they must join forces to uncover the truth But their efforts will bring them up against a foe with the deadliest power of all to make them turn on each other **Metamodernism and the Postdigital in the Contemporary Novel** Spencer Jordan,2024-10-03 Drawing on a range of authors that includes Zadie Smith Sally Rooney Ben Lerner Ali Smith Tom McCarthy Jennifer Egan and Kazuo Ishiguro this book provides an innovative and original analysis of the interdependencies between digital technology and metamodernism through a detailed study of the contemporary novel We are currently living through a period of profound rupture in which the way the world is perceived is undergoing significant change Just as the interplay between capitalism and technology hastened the evolution of modernism and postmodernism then so too are those same forces now taking us into uncharted waters In an increasingly fragile world in which the very existence of humankind is threatened it is vital that we begin to understand this new landscape The Ethics Class Bob Hausladen,2003 Within the United States and throughout the world there is an abundance of rhetoric about the importance of education The idea that education is vitally important seems obvious However often missing in the rhetoric is a true appreciation of the depth and complexity of what it actually means to be educated How does education happen The Ethics Class offers no clear cut answers What it does offer is an open ended exploration of this depth and complexity through conversation poetry and metaphor It is simply one possible exploration Topics include among others responsibility character indoctrination acting vs being emotion spirituality relationship and rationality At this moment in human history basic questions about humanity and the state of the world seem particularly poignant Addressing these questions intelligently may be necessary for all of our survival The Ethics Class ponders what it might mean to intelligently address **TBoan's Tales of the Fantastic 1: Fragments of Mind (CENSORED Edition)** Troy A. Boylan,2024-10-10 TBoan s Tales of the Fantastic 1 Fragments of Mind is a collection of fantasy genre short stories The author calls them fragments because some of them are excerpts from larger bodies of unfinished works in progress They are a mere taste of more yet to come Yet they stand on their own each an escape from your everyday life into worlds of the fantastic the epic the paranormal the magical the mythical and the macabre Explore these new worlds experience their different cultures and lifeways and learn about characters and situations far different from your own If you re into RPGs Role Playing Games and especially if you like fantasy anthologies in general you ll love TBoan s Tales of the Fantastic 1 Fragments of Mind Look forward for more to come from the TBoan s Tales of the Fantastic series The Purification Adair Hart,2017-03-04 The past has changed and the timeline has been updated Dr Albert Snowden and
