The Ice Cold Nude Carter Brown,1963      *The Ice-Cold Nude* Carter BROWN (pseud.),1962      Ice Cold Nude Carter Brown,1969-05-01      **The Ice-cold Nude** Carter Brown,1982      Female Corpses in Crime Fiction Glen S.

Close,2018-10-10 This book examines the central significance of sexualized female corpses in modern and contemporary Hispanic and Anglophone crime fiction Beginning with the foundational detective fictions of the nineteenth century it draws from diverse subgenres to describe a transatlantic tradition of necropornography characterized by lascivious interest in female cadavers dissection morgues femicide and snuff movies Hard boiled and police procedural classics from the U S and the U K are juxtaposed with texts by established Spanish and Spanish American genre masters and with obscure works that prefigure the contemporary transmedial boom in corpse centered fictions The rhetoric and aesthetics of necropornographic crime fiction are related to those of popular crime journalism and forensic science television dramas This study argues that crime fiction has long fixated disproportionately on the corpses of beautiful young white women and continues to treat their deaths and autopsies as occasions for male visual pleasure male subjective self affirmation and male homosocial bonding

After All what Can She Do? Margaret Dunning,2011-11-28 Have you ever wondered about the staff in retail stores supermarkets shops or showrooms What are they like What do they actual do Are they any good at their job Here is finally a humorous and witty book that explains the background of such staff Margaret has put together a number of considerably sharp observations in the form of short stories some are rude obnoxious and shocking but mostly very funny The setting is a Conservatory showroom at a Garden Centre in the university town of Cambridge It is run by the national chain of conservatory installers called Conservatories R us or CRUS to the staff The three local staff Josie Gordon and Tracy interacts with and against each other Gordon and Tracy are not concerned with the customers but more with getting to work on time and spending the day how they want to Naturally their home life travels with them to work and their little personal problems soon come to the fore Working for the minimum wage does encourage them to look at the world differently especially if you can find coffee tokens in the bins next door or hear of a better paid job This book provides detailed characters which would be any employer s nightmare They have ended up working in a job which is not ideal for them Gordon and Tracy would rather be at home watching daytime TV or on a nudist beach abroad But Josie drives them forward trying to keep the showroom clean and presentable at all times This turns out to be a nearly impossible task Finally Gordon leaves for a new job which proves to be a disaster and affects the relationship between Tracy and Josie Happily it all turns out well in the end after a bit of a fight well Josie thinks so In amongst all the turmoil is the introduction of a computer and more importantly no training on how to use it Soon Gordon discovers he can look at the risky websites and Tracy finds she can chat all day long by emails to her new friends Who wants to do any work when you can slag off colleagues all day long An enjoyable book funny well written a good read and will keep you smiling from start to finish You will never look at showroom staff the same again ever
