what children need to know issues of dependency and separation the role of teachers and schools the child's sense of responsibility and how to help children cope with their feelings Annotation copyright by Book News Inc Portland OR

Brief Encounters with Couples Francis Grier, 2018-05-08 Deriving from a conference organised by the Tavistock Marital Studies Institute the present volume draws the main focus of its inquiry from a few fundamental questions In its various brief encounters and in disparate contexts how effective can a psychoanalytic approach be when it addresses the parental child or adult couple relationship What specific quality of contact can be achieved in the relationship between clients and therapist in shorter term work This compilation of essays written by experienced practitioners engages directly and positively these and other questions demonstrating with clinical material the efficacious contribution of a psychoanalytic psychotherapy In both the similarity and variety of responses to the complex issues explored the authors display a creative engagement and theoretical understanding that will be of great interest and stimulus to all professionals working in this field

Emotional Geographies Liz Bondi, 2016-05-13 Bringing together well established interdisciplinary scholars including geographers Phil Hubbard Chris Philo and Hester Parr and sociologists Jenny Hockey Mike Hepworth and John Urry and a new generation of researchers this volume presents a wide range of innovative studies of fundamentally important questions of emotion Following an overarching introduction three interlinked sections elaborate key intersections between emotions and spatial concepts on which each chapter offers a particular take informed by substantive research At the heart of the collection lies a commitment to convey how emotions always spill over from one domain to another as well as to illuminate the multiplicity of spaces that produce and are produced by emotional life The book demonstrates the richness that an interdisciplinary engagement with the emotionality of socio spatial life generates

Revisiting Feminist Approaches to Art Therapy Susan Hogan, 2012-06-15 Art therapy has been slow to embrace the critical and theoretical viewpoints including feminism that have made a huge impact on other areas of the humanities and social sciences Art therapists are ideally situated however to respond to the growing awareness of how language media and images influence gender inequality and the pressures that can lead to poor mental health and diminished well being among women The contributors explore the ways in which gender issues can be addressed through art therapy By being sensitive to the socio cultural dimensions of women's lives therapists can become more receptive to the needs of their female clients The case studies included here illustrate how issues of class ethnicity and gender introduce a social element into what is sometimes described as a purely personal cathartic process By discussing empowerment sexuality pregnancy and childbirth this volume provides a comprehensive survey of women's issues within art therapy and will prompt a reevaluation of current training and practice in the field

Adult Attachment and Couple Psychotherapy Christopher Clulow, 2012-12-06 Attachment theory has triggered an explosion of research into family relationships and has provided a conceptual basis for the work of practitioners Adult Attachment and Couple Psychotherapy brings research and practice perspectives to bear on the adult couple

relationship and provides a framework for assessing and working with secure and insecure partnerships Divided into three parts the book looks at what is meant by secure and insecure attachment in the couple describes how theory and research have been applied to practice and how practice has added to the understanding of the complex problems that couples bring to therapy examines the significance of training and the organisation of work for effective practice with couples Using vivid illustrations from clinical and community work Adult Attachment and Couple Psychotherapy offers stimulating reading for all those involved in this field who wish to re assess their models of practice **Youths Living with HIV** G Cajetan

Luna,2014-02-04 In this enlightening book you ll explore the life struggles and adaptations leading up to and following HIV infection in young Americans The cases presented in Youths Living with HIV envisage a variety of experiences of youths living with HIV and AIDS including individuals of different races of each gender and of different sexual preferences This discussion of the private troubles and experiences of youths helps you understand and identify dependent and larger public issues surrounding HIV infection and AIDS and demonstrates the need for comprehensive and targeted intervention and preventive measures This book is the result of the first federally funded multi site study to research develop and provide HIV education and prevention specifically to young Americans Detailed narrative descriptions were collected by ethnographers of the Joven Project which started in October 1992 and explored and documented the lives of youths living with HIV and AIDS over a two year period This ethnographic exploratory study was one component of a larger National Institute on Drug Abuse NIDA supported Secondary AIDS Education and Prevention Program Youths Living with HIV reconstructs the past and present struggles that young people living with HIV and AIDS face d employing qualitative field interviews Larger and interrelated developmental social cultural and political factors are also illustrated and discussed As you read through the chapters you ll gain insight into youth development coming of age sexual development and risk taking behaviors gay development and activity coming out establishing relationships and power imbalanced cross generational relationships self harmful behaviors drug use sex and poverty notification and reaction to infection impression management and disclosure of infection status adaptation to HIV status and necessary life changes sexual activity and relationships after infection social worlds and support networks pathological or destructive networks availability and success of existing AIDS related services future orientation and life expectations Whether you re a counselor teacher policymaker physician mental health professional social worker or advocate who specializes in or focus on youth development gay youths field methodology qualitative research public health women s health drug use sex work and or AIDS you will find Youths Living with HIV essential to understanding and helping this affected population *The Topic of Cancer* Jonathan Burke,2018-05-01 This book focuses on our emotional responses to cancer by offering a range of perspectives psychoanalytic medical spiritual and religious as well as literary Once suppressed akin to a taboo the topic of cancer is now very much in the public consciousness The prevalence of the disease and well publicised medical advances in its treatment demand it Topic of Cancer begins with Freud s cancer

widely known of but rarely understood in its historic and analytic context Psychotherapeutic reflections are then offered on our understanding of the adult and adolescent with cancer and the challenges of sustaining a thoughtful presence in the face of the trauma experienced when a child is diagnosed with cancer and during treatment The dilemmas and challenges faced by today's psychotherapist with cancer are explored next and for the first time in cancer literature an account of the emotional demands on nurses involved in sensitive intimate care With an increasing number of people living longer with cancer survivorship and palliative care are the focus of the chapters that follow

Towards a Contextual Psychology of Disability Brian Watermeyer, 2013 This innovative work argues that a psychological framework of disability is an essential part of developing a more cohesive disability movement Presenting conceptual ideas which describe psychological dynamics confronting disabled people in an exclusionary and prejudiced world this volume is an important contribution to the literature It will interest students and researchers of disability studies

Managing Intimacy and Emotions in Advanced Fertility Care Helen Therese Allan, 2009 This book is intended for nurses and midwives who work in Assisted Reproduction clinics and those who either work in or have an interest in women's health The number of IVF births is increasing steadily as a percentage of all births and therefore infertility may be said to be increasingly influential in women's health nursing and midwifery The sense of connectedness which women caring for women express and as the data in this book show women patients feel that there is something special about being cared for by female nurses and midwives The emotions raised in clinical practice for nurses and midwives from caring for women need attention and discussion and this book is intended to contribute to a greater awareness of emotions in clinical practice even in a busy NHS Indeed paying attention to emotions when you are busy may help you understand and deal with the business This book is intended for practicing nurses and midwives and therefore each chapter ends with a reflection from the author on the implications of the data for practice and an opportunity for the reader to reflect on their practice too

Intellectual Disability and Psychotherapy Alan Corbett, 2018-09-21 Intellectual Disability and Psychotherapy The Theories Practice and Influence of Valerie Sinason charts the transformative impact of the noted psychotherapist's work with children and adults with intellectual disabilities upon both a generation of clinicians and the treatment and services delivered by them Examining how contemporary Disability Therapists have discovered used and adapted such pioneering concepts as the Handicapped Smile and Secondary Handicap as a Defence Against Trauma in their clinical work the book includes contributions from renowned practitioners and clinicians from around the world It shines a light on how Sinason's work opened doors for working with people who were previously thought of as unreachable Intellectual Disability and Psychotherapy will be an essential resource to anyone working with children or adults with disabilities as well as psychotherapists interested in exploring Valerie Sinason's work

Health Care Choices Priscilla Alderson, Jonathan Montgomery, 1996 *Therapy Beyond Modernity* Richard House, 2018-06-12 This book draws together radical critiques of therapy and shows how therapists have become too willing

administrators of the mind and how they then delight in the bureaucratic management of therapeutic practice

The Handbook of Child and Adolescent Psychotherapy Monica Lanyado, Ann Horne, 2013-01-11 This Handbook provides a comprehensive guide to the practice and principles of child and adolescent psychotherapy around the world Contents include a brief introduction to the child psychotherapy profession its history and development a review of the theory underlying therapeutic practice an overview of the varied settings in which child psychotherapists work analysis of the growth of the profession internationally an examination of areas of expertise around the world a summary of current research Contributors are experienced practitioners from within a diverse range of schools and approaches and so provide a well rounded picture of child and adolescent psychotherapy today The Handbook of Child and Adolescent Psychotherapy will be an essential resource for professional psychotherapists students of psychotherapy social workers and all professionals working with disturbed children

Creativity and the Dissociative Patient Lani Elaine Gerity, 1999 Lani Gerity shows in this book that puppet making incorporating both art and narrative provides an ideal vehicle for therapeutic work It is particularly valuable in the treatment of dissociative patients whose symptoms may include disturbances in body image a dissociated sense of self a disrupted sense of history and causality and a feeling of alienation from the self Lani Gerity explores the application of this in the context of object relations theory She shows the creative process working on many levels for dissociative individuals and groups Making puppets three dimensional representations of the human body helped one patient to integrate her sense of her body image and herself Using puppets and creating narratives about them encourages patients to build communities and to release themselves from the hold of the trauma of their pasts Descriptions and analyses of Gerity's work with dissociative patients in the US and Canada is underpinned by a theoretical framework which encompasses theories from the arts therapies and from psychiatry
