Against the Despotism of Fact T. J. Boynton,2021-02-01 Emerging at a moment of escalating colonial conflict between England and Ireland the figure of the Irish Celt enjoyed a long and varied career in both English and Irish literature from the late Victorian era to World War II While this figure assumes many forms and functions T J Boynton argues that he is consistently cast as inherently resistant to capitalism Beginning with an innovative reassessment of Matthew Arnold s *The Study of Celtic Literature* from which the book also takes its title *Against the Despotism of Fact* offers new readings of major works by writers such as Kipling Conrad Lawrence Yeats Joyce and Beckett In their writing Boynton argues the Irish Celt served as a transnational vehicle of modernist experimentation geared toward interrogating the imperial social and pop cultural dimensions of capitalist modernity Making a significant contribution to Irish studies modernist studies and postcolonial studies *Against the Despotism of Fact* draws attention to not only the prevalence but also the critical potential of

this fraught figure *Kipling and Beyond* C. Rooney, K. Nagai, 2010-10-13 Featuring an internationally distinguished list of contributors *Kipling and Beyond* reassesses Kipling's texts and their reception in order to explore new approaches in postcolonial studies The collection asks why Kipling continues to be a significant cultural icon and what this legacy means in the context of today's Anglo American globalization **Desire and Contradiction** Daniel Bivona, 1990 Analyzing literary and historical texts this book examines the relationship between representations of imperial issues and the domestic social and cultural questions which are enmeshed with them in Victorian Britain **Writing India, 1757-1990** B. J. Moore-Gilbert, 1996 This volume provides an analytic survey of the literature produced as a consequence of the long history of Britain's rule in India It stretches from the establishment of British hegemony in the 1750s to the achievement of Indian independence in the postcolonial era almost two centuries later *Writing India* concludes with a chapter on Salman Rushdie in order to suggest the complex relation of continuity as well as conflict between colonial and postcolonial constructions of India **The Byronic Hero and the Rhetoric of Masculinity in the 19th Century British Novel** D. Michael Jones, 2017-03-06 From action movies to video games to sports culture modern masculinity is intrinsically associated with violent competition This legacy has its roots in the 19th century Romantic figure of the Byronic hero the ideal Victorian male devoted husband sexual revolutionary and weaponized servant of the state His silhouette can be traced through the works of authors like Lord Byron Jane Austen Sir Arthur Conan Doyle Rudyard Kipling and Oscar Wilde More than a literary genealogy this history of the Byronic hero and his heirs follows the changes that masculinity has undergone in response to industrial upheaval the rise of the middle class and the demands of global competition from the Victorian period through the early 20th century **The American Humanities Index** Stephen H. Goode, 1989 *Kipling's Art of Fiction 1884-1901* David Sergeant, 2013-10-31 *Kipling's Art of Fiction 1884-1901* re-establishes its subject as a major artist Through extended close readings of individual works and unprecedentedly detailed attention to changes in location and readership it distinguishes between two kinds of Kipling fiction The first is coercive and concerned with the authoritarian control of meaning the second relates less directly to its immediate historical surroundings and is more aesthetically complex Misunderstandings have often resulted from confusing the two kinds of work Distinguishing between them allows for a newly coherent account of Kipling's career both explaining his artistic achievement and making clearer his identity as a political writer Changes in Kipling's narrative practice are tracked as he moves from India to Britain and the US and engages with a succession of new audiences and political contexts detailed readings are provided of such key texts as *Plain Tales from the Hills* *The Jungle Books* and *Kim* As well as revealing the precise nature of Kipling's artistry this book shows how properties of narrative which have been generally underrated such as embodiment and externality can be used to make sophisticated fictions and by linking these to Robert Louis Stevenson's discussion of the romance suggests new ways in which such work might be approached
