The Incredible Woman Jocelynne A Scutt, 1997-01-01 Women, Rape and Justice Jan Jordan, 2022-03-14 Is justice possible for a woman raped in contemporary patriarchal culture This book explores one of the major conundrums of our time given all the feminist activism and reforms of the last 50 years why does rape remain so prevalent and justice so elusive In exploring these questions Jan Jordan takes us back into the patriarchal origins of our rape culture in order to trace the connections between past laws and current justice realities. Her examination covers developments in police and court processes and explores the connections between men masculinity and rape before considering the scope of rape prevention She argues the need for urgent transformation of the rape condoning cultures that currently make it impossible for rape prevalence to abate or for rape victims to receive justice Woman's Inhumanity to Woman Phyllis Chesler, 2009-05-01 Man s inhumanity to man the phrase is all too familiar But until Phyllis Chesler's now classic book a profound silence prevailed about woman's inhumanity to woman Women's aggression may not take the same form as men's but girls and women are indeed aggressive often indirectly and mainly toward one another They judge harshly hold grudges gossip exclude and disconnect from other women Like men women are exposed to the messages of misogyny and sexism that permeate cultures worldwide Like men women unconsciously buy into negative images that can trigger abuse and mistreatment of other women But like other social victims many do not realize stereotyping affects members within the victimized group as well as those outside the group They do not realize their behavior reflects society s biases How women view and treat other women matters Are women oppressed Yes Do oppressed people internalize their oppressors attitudes Without a doubt Prejudice must first be acknowledged before it can be resisted or overcome More than men women depend upon one another for emotional intimacy and bonding and exclusionary and sexist behavior enforces female conformity and discourages independence and psychological growth Continuing the pioneering work begun in Women and Madness Chesler's bestselling book that broke the story on double standards in psychology Woman s Inhumanity to Woman draws on important studies revolutionary theories literature and hundreds of original interviews Chesler urges us to look within to treat other women realistically ethically and kindly and to forge bold and compassionate alliances This is a necessary next step for women without which they will never be liberated **Masculinities and Management in Agricultural Organizations** Worldwide Barbara Pini, 2017-11-30 Using contemporary gender theory to examine gender and rurality beyond that of simply women femininities this illuminating book accurately locates the subject of masculinities within the rural agricultural context While there has been a wealth of literature on men and masculinities published in recent years the climate of ideas has been typically experienced through an urban lens This book therefore investigates new conceptual territory Embedded in the literature on gender and rurality as well as the scholarship on gender and organizations management the book draws on an in depth ethnographic study of gender relations in Australian agricultural politics It will speak to academic audiences in

Caroline Taylor, 2004 This book is based on award winning research that analyzes transcripts of intrafamilial child sexual abuse trials Building on the contemporary focus of legal trials as hegemonic sites of storytelling from the perspectives of dominant interest groups the argument is developed in three steps.
