The Independent Bus Keith Turns,1974-01-01 **Transport Regulation Matters** J. McConville,1997-01-01 Transport has become a major concern on both social and economic grounds in the late twentieth century This concern arises from a perception of the industry s failure to respond to the rapid growth in demand and to the threat of congestion and environmental pollution A solution has been sought in economic policies dominated by ideas of liberalization and deregulation The Publishers' Trade List Annual ,1985 **The Railway Magazine** ,1974 **Urban Transport** J. McConville,John Sheldrake,1997 A bibliography of over 3000 entries on urban transport Urban transport is defined as the movement of people and materials through or within the environs of towns and cities irrespective of mode and encompasses commercial public private pedestrian and cycle traffic This text provides a compilation of economic social political legal and development literature on the subject **American Book Publishing Record Cumulative, 1950-1977** R.R. Statistical Supplement to the Survey of Current Business United States. Office of Business Economics,1949 *Urban Planning Methods* Ian Bracken,2014-04-04 In order to develop and exercise their skills urban planners need to draw upon a wide variety of methods relating to plan and policy making urban research and policy analysis More than ever planners need to be able to adapt their methods to contemporary needs and circumstances This introductory textbook focuses on the need to combine traditional research methods with policy analysis in order to understand the true nature of urban planning processes It describes both planning methods and their underlying concepts and principles illustrating applications by reference to the daily activities of planning including the assessment of needs and preferences of the population the generation and implementation of plans and policies and the need to take decisions related to the allocation of land population change employment housing and retailing Ian Bracken also provides a comprehensive guide to the more specialized research literature and case studies of contemporary urban planning practice This book was first published in 1981 Survey of Current Business ,1949 Capital City Politics in Latin America David J. Myers,Henry A. Dietz,2002 As Latin America s new democratic regimes have decentralized the region s capital cities and their elected mayors have gained increasing importance Capital City Politics in Latin America tells the story of these cities how they are changing operationally how the the empowerment of mayors and other municipal institutions is exacerbating political tensions between local

executives and regional and national entities and how the cities growing significance affects traditional political patterns throughout society The authors weave a tapestry that illustrates the impact of local national and transnational power relations on the strategies available to Latin America s capital city mayors as they seek to transform their greater influence into desired actions *The Electrical Review* ,1929 *The British National Bibliography* Arthur James Wells,2006
