The Independent Venda Bureau for Economic Research, Co-operation and Development (South Africa),1979 **The Independent Black States of Southern Africa** ,1985 **Government Annual Report of the Republic of Venda** Venda (South Africa),1984 **Voices of Conflict** Reitumetse Obakeng Mabokela,2002-05-03 Examines how programs and structures at historically white universities have responded to the increasing enrollment of black students since the enactment of the Universities Amendment Act in 1983 **Transformation and Development of Human Society:** Robert Munthali,2014-10-31 In this book the promovendus investigates the critical role a preacher and his her homilies have in bringing transformation development and healing in the human society The investigation shows how a preacher has been sidelined on issues of progress when from time immemorial he she has been a critical and pivotal component in the phenomenon The study is an attempt to reclaim a preachers role in bringing progress and healing in underdeveloped communities through homilies particularly in Venda rural South Africa This book proposes a preacher as the transformer developer and healer of the people **Mediating Legitimacy: Chieftaincy and Democratisation in Two African Chiefdoms** Jude Fokwang,2009-02-15 This study analyses the effects of democratic transition in two African countries Cameroon and South Africa on chiefs and the institution of chieftainship Based on ethnographic fieldwork the monograph explores the cultural and socio political conditions that enabled chiefs to reinvent themselves in the new era of democratic politics despite their status as old political actors It explores the kinds of legitimacies claimed by chiefs in the new era and the responses of their subjects to such claims particularly with respect to chiefs involvement in national politics The monograph makes a case for the importance of comparative research on chiefs in the era of democracy and the predicaments they face therein It contends that contrary to exhortations about the incompatibility of chiefs and democracy the reality is that political transition in both South Africa and Cameroon produced contradictions creating space and a role for chiefs in a fascinating and negotiated interplay of legitimacies and history The Statesman's Year-Book 1989-90 J. Paxton,2016-12-28 The classic reference work that provides annually updated information on the countries of the world **New Histories of South Africa's Apartheid-Era Bantustans** Shireen Ally,Arianna Lissoni,2017-06-26 The bantustans or homelands were created by South Africa s apartheid regime as ethnically defined territories for Africans Granted self governing and independent status by Pretoria they aimed to deflect the demands for full political representation by black South Africans and were shunned by the anti apartheid movement In 1972 Steve Biko wrote that politically the bantustans are the greatest single fraud ever invented by white politicians With the end of apartheid and the first democratic elections of 1994 the bantustans formally ceased to exist but their legacies remain inscribed in South Africa s contemporary social cultural political and economic landscape While the older literature on the bantustans has tended to focus on their repressive role and political illegitimacy this edited volume offers new approaches to the histories and afterlives of the former bantustans in

South Africa by a new generation of scholars This book was originally published as various special issues of the South African Historical Journal AIDS, Politics, and Music in South Africa Fraser G. McNeill, 2011-10-31 This book offers an original anthropological approach to the AIDS epidemic in South Africa demonstrating why AIDS interventions in the former homeland of Venda have failed and possibly even been counterproductive It does so through a series of ethnographic encounters from kings to condoms which expose the ways in which biomedical understanding of the virus have been rejected by and incorporated into local understandings of health illness sex and death Through the songs of female initiation AIDS education and wandering minstrels the book argues that music is central to understanding how AIDS interventions operate This book elucidates a hidden world of meaning in which people sing about what they cannot talk about where educators are blamed for spreading the virus and in which condoms are often thought to cause AIDS The policy implications are clear African worldviews must be taken seriously if AIDS interventions in Africa are to become successful South Africa Study Commission on U.S. Policy toward Southern Africa (U.S.), United States.
