Deserts of Fire Douglas Lain, 2016-07-12 In 1987 the New York Times published their first front page review of a science fiction anthology for a collection called In the Field of Fire themed around the war in Vietnam Vietnam was science fiction the reviewer wrote and writing about it through that lens found meaning in a war few understood This idea that speculative fiction is a vital tool to understanding the inexplicable is just as relevant nearly thirty years later Deserts of Fire is a war inspired anthology for the new millennium because for many the recent wars in the deserts of Iraq Afghanistan and the Middle East are just as slippery to grasp and difficult to understand as Vietnam was two generations earlier Inside Deserts of Fire are stories from a variety of bestselling and award winning authors that start with the simple and modest ambition of making the reader feel strange about the recent past Because when there are too many explanations the truth won't be found by merely choosing one side or the other But rather the truth is in the existence of the confusion itself Skyhorse Publishing under our Night Shade and Talos imprints is proud to publish a broad range of titles for readers interested in science fiction space opera time travel hard SF alien invasion near future dystopia fantasy grimdark sword and sorcery contemporary urban fantasy steampunk alternative history and horror zombies vampires and the occult and
