Missionaries in the Golden Age of Hollywood Douglas Carl Abrams, 2022-12-15 This book examines major British and American missionary films during the Golden Age of Hollywood to explore the significance of race gender and spirituality in relation to the lives of the missionaries portrayed in film during the middle third of the twentieth century Film both influences and reflects culture and racial gender and religious identities are some of the most debated issues globally today In the movies explored in this book missionary interactions with various people groups reflect the historical changes which took place during this time ***Veiled Desires*** Maureen Sabine, 2013-08-22 Ingrid Bergman s engaging screen performance as Sister Mary Benedict in *The Bells of St Mary s* made the film nun a star and her character a shining standard of comparison She represented the religious life as the happy and rewarding choice of a modern woman who had a complete understanding of both erotic and spiritual desire How did this vibrant and mature nun figure come to be viewed as girlish and naive Why have she and her cinematic sisters in postwar popular film so often been stereotyped or selectively analyzed so seldom been seen as women and religious In *Veiled Desires* a unique full length in depth look at nuns in film Maureen Sabine explores these questions in a groundbreaking interdisciplinary study covering more than sixty years of cinema She looks at an impressive breadth of films in which the nun features as an ardent lead character including *The Bells of St Mary s* 1945 *Black Narcissus* 1947 *Heaven Knows Mr Allison* 1957 *Sea Wife* 1957 *The Nun s Story* 1959 *The Sound of Music* 1965 *Change of Habit* 1969 *In This House of Brede* 1975 *Agnes of God* 1985 *Dead Man Walking* 1995 and *Doubt* 2008 *Veiled Desires* considers how the beautiful and charismatic stars who play chaste nuns from Ingrid Bergman and Audrey Hepburn to Susan Sarandon and Meryl Streep call attention to desires that the veil concealed and the habit was thought to stifle In a theologically and psychoanalytically informed argument Sabine responds to the critics who have pigeonholed the film nun as the obedient daughter and religious handmaiden of a patriarchal church and the respectful audience who revered her as an icon of spiritual perfection Sabine provides a framework for a more complex and holistic picture of nuns onscreen by showing

how the films dramatize these women's Christian call to serve, sacrifice and dedicate themselves to God and their erotic desire for intimacy, agency, achievement and fulfillment

MADNESS Serge Demianenko, 2008-07-31 This romance novel, although fiction, is based on the true life adventures of the author. It is about real life, but a life few people know exists and even fewer get to experience. The narrator is a brother in arms and brother in spirit of the protagonist Nick Malenko, who sets out to tell these scandalous tales for Nick would never do so himself, disdaining publicity and public acclaim. Nick is a young man who happens to be smart, good looking, a rebel at heart, and self-disciplined because of his upbringing. He is an athlete but also a voracious reader, loves learning, and worships at the altar of Venus. He goes to the best schools but he rebels early. He marries a woman of color against the convention of the day. He has decided that his goal in life is to become the commander of a parachute infantry battalion in the Regular Army of the United States, a goal he exceeds in time. He graduates as a distinguished military graduate and is commissioned in the regular army. Because he is quadrilingual and his education and training, the three-letter agencies become interested in him. He enters the shadowy world of intelligence. And then his troubles begin. He is bright but lacks the experience to be wise. So he mistakes sex and passion for love, learning for wisdom, and in order to gain a measure of immortality, he plunges into one adventure after another, thinking that thumbing his nose at fate will bring him immortality. In both war time and cold war settings, he plunges from one adventure to another, from one romance to another. The settings are bedrooms and battlefields and the corridors of power in Vietnam, Korea, Washington D.C., Germany, San Antonio, Texas, Rio de Janeiro, Brazil, and Los Angeles, California. Many years after he started on his journey, he realizes that all he was searching for, he has had at home. He finds that he had love all along and immortality through his loving family, and finally, finally, wisdom comes. His long-suffering wife used to say to him, "In your relentless search, you create great upheaval and great stress for those around you. Being married to you is madness." That is why his friends called him "The Mad Russian" or "The Madman." That is the reason for the book title.

Runaway Hollywood Daniel Steinhart, 2019-01-22 After World War II as cultural and industry changes were reshaping Hollywood movie studios shifted some production activities overseas capitalizing on frozen foreign earnings cheap labor and appealing locations Hollywood unions called the phenomenon runaway production to underscore the outsourcing of employment opportunities Examining this period of transition from the late 1940s to the early 1960s *Runaway Hollywood* shows how film companies exported production around the world and the effect this conversion had on industry practices and visual style In this fascinating account Daniel Steinhart uses an array of historical materials to trace the industry's creation of a more international production operation that merged filmmaking practices from Hollywood and abroad to produce movies with a greater global scope

Movie-Made Appalachia John C. Inscoe, 2020-11-24 While Hollywood deserves its reputation for much maligned portrayals of southern highlanders on screen the film industry also deserves credit for a long standing tradition of more serious and meaningful depictions of Appalachia's people Surveying some two dozen films and the literary and historical sources from which they were adapted John C Inscoe argues that in the American imagination Appalachia has long represented far more than deprived and depraved hillbillies Rather the films he highlights serve as effective conduits into the region's past some grounded firmly in documented realities and life stories others only loosely so In either case they deserve more credit than they have received for creating sympathetic and often complex characters who interact within families

households and communities amidst a wide array of historical contingencies They provide credible and informative narratives that respect the specifics of the times and places in which they are set Having used many of these movies as teaching tools in college classrooms Inscio demonstrates the cumulative effect of analyzing them in terms of shared themes and topics to convey far more generous insights into Appalachia and its history than one would have expected to emerge from southern California's dream factory

What Will A Man Give In Exchange For His Soul? George D. Johnson, 2011-10-26 George D Johnson's *What Will A Man Give In Exchange For His Soul* is an extensive study of men and women who gave their lives to Christ for the sake of others Men have exchanged their souls for much power wealth and success When the envious Pharisees asked Christ which was the greatest commandment in the law in essence he told them that loving God and their fellow man are the only two laws for which men can exchange their souls Anything apart from this means they will fall short of God's expectations And Johnson's sophisticated treatise illustrates this
