The Intellectual Hero:

The Intellectual Hero Victor Brombert,1964 The Intellectual Hero Victor H. Brombert,1961 **The Intellectual Hero** Victor H. Brombert,2003-01-01 **The Intellectual as Hero in 1990s Ukrainian Fiction** Mark Andryczyk,2012-03-13 The 1990s were a period of tremendous artistic vigour experimentation and liberation for Ukrainian culture The artists who emerged at this time unleashed a tidal wave of creativity that deliberately and aggressively reshaped inherited models In this first English monograph on contemporary Ukrainian literature Mark Andryczyk provides an in depth analysis of the cultural explosion that engulfed Ukraine in its first decade of independence *The Intellectual as Hero in 1990s Ukrainian Fiction* weaves a fascinating narrative full of colourful characters by examining the prose of today s leading writers Andryczyk delves into the role of the intellectual in forging a post Soviet Ukrainian identity and follows these protagonists as they soar and stumble in pursuit of redefining their creative realm In addition to introducing readers to vibrant literary gems this book explores the artistic tendencies that determined the course of the Ukrainian cultural scene in the 1990s and continue to shape it today *The Intellectual Species* John Rodden,2022-01-17 This book explores the prospects for survival of what we have come to know as the intellectual in the post Gutenberg age It addresses the contemporary history of this species spawned in the print age meditating on the precarious future of international intellectual life in the digital era of nanosecond soundbites fake news smart phones and clicks and scrolls in lieu of reading The book ponders these issues as it addresses the examples of a diverse group of British American French and German intellectuals of the post World War II era These case histories showcase concretely the state of the culture in the context of particular lives offering diverse intellectual portraiture featuring a wide range of writers across the ideological spectrum The key family resemblance of these figures is that most of them are contrarians regardless of whether they were freelance writers or academic intellectuals American or British or European and chiefly imaginative writers or non fiction writers and scholars Among the intellectuals discussed are George Orwell Dwight Macdonald Irving Howe Camille Paglia Albert Camus Robert Havemann and others Regardless of which intellectual domains occupied their energies the histories of all of them yield insight into the transformation of cultural life in recent decades and the contrasting challenges faced by intellectuals of earlier eras versus our own These issues are of paramount significance for all those who care about the life of the mind and the future of homo sapiens **The Intellectual Hero** Victor H. Brombert,1962 **The Russian Hero in Modern Chinese Fiction** Mau-sang Ng,1988 Comprehensive study demonstrates how Chinese writers in particular the writers of the May Fourth Movement of 1919 guided by Russian authors of the 19th century created works of art that are both original and Chinese Glossary of names and terms This is the Chinese U Press of Hong Kong edition of 1986 Annotation copyrighted by Book News Inc Portland OR **God, Man, & Epic Poetry** Harold Victor Routh,1927 *god, man, & epic poetry* H. V. Routh,1927 Classical Harold Victor Routh,1927 **Making the Detective Story American** J.K. Van Dover,2010-04-19 This critical text examines the fiction of Earl Derr

Biggers S S Van Dine and Dashiell Hammett during a crucial half decade when they transformed the detective story The characters they created including Charlie Chan Philo Vance and the Continental Op represented a new style of detective solving crimes in fresh ways Their successes would push crime and detective fiction in startling and rejuvenating directions Topics covered include the highbrow detective the ethnic detective the exploitation of contemporary sensations and the exploitation of women Instructors considering this book for use in a course may request an examination copy here

George Orwell John Rodden, 2017-09-04 The making of literary reputations is as much a reflection of a writer's surrounding culture and politics as it is of the intrinsic quality and importance of his work The current stature of George Orwell commonly recognized as the foremost political journalist and essayist of the century provides a notable instance of a writer whose legacy has been claimed from a host of contending political interests The exemplary clarity and force of his style the rectitude of his political judgment along with his personal integrity have made him as he famously noted of Dickens a writer well worth stealing Thus the intellectual battles over Orwell's posthumous career point up ambiguities in Orwell's own work as they do in the motives of his would-be heirs John Rodden's *George Orwell The Politics of Literary Reputation* breaks new ground in bringing Orwell's work into proper focus while providing much original insight into the phenomenon of literary fame Rodden's intent is to clarify who Orwell was as a writer during his lifetime and who he became after his death He explores the dichotomies between the novelist and the essayist the socialist and the anti-communist and the contrast between his day-to-day activities as a journalist and his latter-day elevation to political prophet and secular saint Rodden's approach is both contextual and textual analyzing available reception materials on Orwell along with audiences and publications decisive for shaping his reputation He then offers a detailed historical and biographical interpretation of the reception scene analyzing how and why did individuals and audiences cast Orwell in their own images and how these projected images served their own political needs and aspirations Examined here are the views of Orwell as quixotic moralist socialist renegade anarchist English patriot neo-conservative forerunner of cultural studies and even media and commercial star Rodden concludes with a consideration of the meaning of Or **The Intellectual Sword** Bruce A. Kimball, Daniel R. Coquillette, 2020-05-26 A history of Harvard Law School in the twentieth century focusing on the school's precipitous decline prior to 1945 and its dramatic postwar resurgence amid national crises and internal discord By the late nineteenth century Harvard Law School had transformed legal education and become the preeminent professional school in the nation But in the early 1900s HLS came to the brink of financial failure and lagged its peers in scholarly innovation It also honed an aggressive intellectual culture famously described by Learned Hand In the universe of truth they lived by the sword They asked no quarter of absolutes and they gave none After World War II however HLS roared back In this magisterial study Bruce Kimball and Daniel Coquillette chronicle the school's near-collapse and dramatic resurgence across the twentieth century The school's struggles resulted in part from a debilitating cycle of tuition dependence which deepened through the 1940s as well as the

suicides of two deans and the dalliance of another with the Nazi regime HLS stubbornly resisted the admission of women Jews and African Americans and fell behind the trend toward legal realism But in the postwar years under Dean Erwin Griswold the school's resurgence began and Harvard Law would produce such major political and legal figures as Chief Justice John Roberts Justice Elena Kagan and President Barack Obama Even so the school faced severe crises arising from the civil rights movement the Vietnam War Critical Legal Studies and its failure to enroll and retain people of color and women including Justice Ruth Bader Ginsburg Based on hitherto unavailable sources including oral histories personal letters diaries and financial records *The Intellectual Sword* paints a compelling portrait of the law school widely considered the most influential in the world [Special Warfare Area Handbook for Cuba](#) American University (Washington, D.C.). Foreign Areas Studies Division, 1961 [The Invisible Hand in Popular Culture](#) Paul Arthur Cantor, 2012-11-05 Popular culture often champions freedom as the fundamentally American way of life and celebrates the virtues of independence and self reliance But film and television have also explored the tension between freedom and other core values such as order and political stability What may look like healthy productive and creative freedom from one point of view may look like chaos anarchy and a source of destructive conflict from another Film and television continually pose the question Can Americans deal with their problems on their own or must they rely on political elites to manage their lives In this groundbreaking work Paul A Cantor explores the ways in which television shows such as *Star Trek* *The X Files* *South Park* and *Deadwood* and films such as *The Aviator* and *Mars Attacks* have portrayed both top down and bottom up models of order Drawing on the works of John Locke Adam Smith Alexis de Tocqueville and other proponents of freedom Cantor contrasts the classical liberal vision of America particularly its emphasis on the virtues of spontaneous order with the Marxist understanding of the culture industry and the Hobbesian model of absolute state control *The Invisible Hand in Popular Culture* concludes with a discussion of the impact of 9 11 on film and television and the new anxieties emerging in contemporary alien invasion narratives the fear of a global technocracy that seeks to destroy the nuclear family religious faith local government and other traditional bulwarks against the absolute state **The Epistemology of Experts** Peter Brössel, Anna-Maria Asunta Eder, Thomas Grundmann, 2025-08-28 This volume presents new research on the epistemology of experts It features original essays from leading epistemologists on this timely topic Modern societies benefit significantly from a certain kind of epistemic division of labor they outsource much of their epistemic work to well trained cognitive experts However due to their degree of specialization cognitive sophistication and highly privileged status cognitive experts tend to become alienated from laypeople This leads to what one may call the paradox of experts as experts become more competent specialized and sophisticated the harder it will be for laypeople to identify and trust experts The chapters in this volume explore the epistemology of expert judgment across several core themes and crucial questions Analysis of Experts What does it take to be a cognitive expert Epistemic Authority How much should we concede experts over laypeople The Social Roles of Experts What role do experts

play in society and what role should they play Challenges What problems arise from experts epistemic authority and societal role The Epistemology of Experts is an essential resource for scholars and advanced students working in epistemology philosophy of science political philosophy and the sociology of knowledge *The Sociology of Philosophies* Randall Collins, 2009-07-01 Randall Collins traces the movement of philosophical thought in ancient Greece China Japan India the medieval Islamic and Jewish world medieval Christendom and modern Europe What emerges from this history is a social theory of intellectual change one that avoids both the reduction of ideas to the influences of society at large and the purely contingent local construction of meanings Instead Collins focuses on the social locations where sophisticated ideas are formed the patterns of intellectual networks and their inner divisions and conflicts **Education and Cultural Studies** Henry A. Giroux, Patrick Shannon, 2013-12-02 Although the disciplines of critical education and cultural studies have traditionally occupied separate spaces as they have addressed different audiences their concerns as well as the political and pedagogical nature of their work overlap Education and Cultural Studies brings members of these two groups together to demonstrate how a critical understanding of culture and education can transgressively implement broad political change All written from within this framework of cultural studies and critical pedagogy the contributors illuminate the possibilities and opportunities open to practicing educators In eschewing a romantic utopianism and in assessing the current climate of what is attainable and practical this book teaches us how we can begin to translate and perhaps even transform the vexing social problems that confront us daily Contributors include Carol Becker Harvey J Kaye David Theo Goldberg Jeffrey Williams Sharon Todd Douglas Kellner Deborah Britzman Jacqueline Reid Walsh Claudia Mitchell Cameron McCarthy Mike Hill Susan Searls Stanley Aronowitz Douglas Noble Kakie Urch Henry Giroux David Trend and Robert Mikilitsch [An Intellectual History of Modern China](#) Merle Goldman, Leo Ou-fan Lee, 2002-05-16 This book is the only comprehensive book on modern China's intellectual history *The Mask of Socrates* Paul Zanker, 2024-03-29 This richly illustrated work provides a new and deeper perspective on the interaction of visual representation and classical culture from the fifth century B C to the fourth century A D Drawing on a variety of source materials including Greco Roman literature historiography and philosophy coupled with artistic renderings Paul Zanker forges the first comprehensive history of the visual representation of Greek and Roman intellectuals He takes the reader from the earliest visual images of Socrates and Plato to the figures of Christ the Apostles and contemporaneous pagan and civic dignitaries Through his interpretations of the postures gestures facial expressions and stylistic changes of particular pieces we come to know these great poets and philosophers through all of their various personas the prophetic wise man the virtuous democratic citizen or the self absorbed bon vivant Zanker's analysis of how the iconography of influential thinkers and writers changed demonstrates the rise and fall of trends and the movement of schools of thought and belief each successively embodying the most valued characteristics of the period and culture This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission

to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893
Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This
title was originally published in 1995

Embracing the Melody of Term: An Psychological Symphony within **The Intellectual Hero**

In some sort of consumed by monitors and the ceaseless chatter of instantaneous transmission, the melodic elegance and mental symphony created by the published term frequently diminish into the back ground, eclipsed by the constant sound and disturbances that permeate our lives. However, situated within the pages of **The Intellectual Hero** a wonderful literary value overflowing with organic feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, that captivating masterpiece conducts viewers on a psychological journey, well unraveling the concealed songs and profound impact resonating within each cautiously constructed phrase. Within the depths of this poignant analysis, we shall examine the book is main harmonies, analyze their enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
