## **The Intentional Leader:**

**The Intentional Leader** Kenneth A. Shaw, 2009      **The Intentional Leader** Kenneth A. Shaw, 2005-08-29 Kenneth A. Shaw's book is a unique combination of theoretical ideology and practical advice on the art and skill of leadership. He offers a concise definition of leadership as a process of persuasion and demonstrates how specific methods are applied to reach that goal. The book covers a wide range of topics such as self-awareness, conflict resolution, motivating others, decision making, communicating effectively, and group dynamics. Shaw's work encompasses broader views of leadership, including issues of diversity and ethics, international leadership, and women in leadership roles. He draws on his extraordinary personal experience to present concrete examples of leadership successes. This book is the essential tool for those who want to study, practice, and perform at the highest levels of leadership, whether it is with small groups or international organizations. Kenneth A. Shaw served as a campus or system president for twenty-seven years at Southern Illinois University, the University of Wisconsin system, and Syracuse University, where he spent his last thirteen years as chancellor. A recipient of eight honorary degrees, Shaw is the author of *The Successful President* and numerous articles on leadership and issues in higher education. As chancellor emeritus, he teaches leadership courses at Syracuse University.

**The Intentional Leader** Tim Hebert, 2021-11-11 An essential guide to the elements that create strong leadership. From those decisive moments in which a difficult decision must be made to the unguarded moments when our emotional, authentic selves manifest themselves for better or worse, this book explores the actions and outlooks that define leadership. *The Intentional Leader* clarifies that openness is key to genuinely effective leadership, as Emerson wrote: "The reason why the world lacks unity and lies broken and in heaps is because man is disunited with himself. We have an overabundance of leaders in our world today. But those who truly stand out are the ones who lead in a way that inspires employees to rally behind the organizational cause, whether that be developing cutting-edge technologies or selling fast food. This is Intentional Leadership, which Tim Hebert defines as clear, aligned, compassionate guidance delivered with a strong core ideology. It's responsive, not reactionary. It's inclusive, not prejudiced. It's transformational, not transactional. It's innovative, daring, and inspirational leadership. Drawing upon his extensive experience as a business leader and consultant, Tim Hebert provides practical advice and broadly applicable guidance that will bolster business leaders across all industries. With an engaging combination of high-profile case studies, first-hand experiences, and enlightening research, *The Intentional Leader* is the essential guide to cultivating an authentic, effective, and sustainable approach to leadership.
