The Christian Vision Man And Morality:

The Christian Vision Thomas J. Burke, 1986 **A New Moral Vision** Andrea L. Turpin, 2016-08-25 In *A New Moral Vision* Andrea L. Turpin explores how the entrance of women into U S colleges and universities shaped changing ideas about the moral and religious purposes of higher education in unexpected ways and in turn profoundly shaped American culture In the decades before the Civil War evangelical Protestantism provided the main impetus for opening the highest levels of American education to women Between the Civil War and World War I however shifting theological beliefs a growing cultural pluralism and a new emphasis on university research led educators to reevaluate how colleges should inculcate an ethical outlook in students just as the proportion of female collegians swelled In this environment Turpin argues educational leaders articulated a new moral vision for their institutions by positioning them within the new landscape of competing men s women s and coeducational colleges and universities In place of fostering evangelical conversion religiously liberal educators sought to foster in students a surprisingly more gendered ideal of character and service than had earlier evangelical educators Because of this moral reorientation the widespread entrance of women into higher education did not shift the social order in as egalitarian a direction as we might expect Instead college graduates who formed a disproportionate number of the leaders and reformers of the Progressive Era contributed to the creation of separate male and female cultures within Progressive Era public life and beyond Drawing on extensive archival research at ten trend setting men s women s and coeducational colleges and universities *A New Moral Vision* illuminates the historical intersection of gender ideals religious beliefs educational theories and social change in ways that offer insight into the nature and cultural consequences of the moral messages communicated by institutions of higher education today *Socio-Historical Examination of Religion and Ministry, Volume 1, Issue 2* Darren M. Slade, 2019-09-11 *Socio Historical Examination of Religion and Ministry* SHERM journal is a biannual not for profit free peer reviewed academic journal that publishes the latest social scientific historiographic and ecclesiastic research on religious institutions and their ministerial practices SHERM is dedicated to the critical and scholarly inquiry of historical and contemporary religious phenomena both from within particular religious traditions and across cultural boundaries so as to inform the broader socio historical analysis of religion and its related fields of study The purpose of SHERM is to provide a scholarly medium for the social scientific study of religion where specialists can publish advanced studies on religious trends theologies rituals philosophies socio political influences or experimental and applied ministry research in the hopes of generating enthusiasm for the vocational and academic study of religion while fostering collegiality among religious specialists Its mission is to provide academics professionals and nonspecialists with critical reflections and evidence based insights into the socio historical study of religion and where appropriate its implications for ministry and expressions of religiosity **The Unformed Conscience of Evangelicalism** J. Daryl Charles, 2002-01-01 J. Daryl Charles urges the evangelical church to better equip in character and moral vision its pastors leaders and members to constructively

and effectively engage the ethical debates of the twenty first century *Vision and Virtue* Stanley Hauerwas,2025-02-15

Christian Ethics has been far too concerned with ethical decision making It would seem that both the advocates of situation ethics with their ever more outlandish paradigms and the proponents of traditional moral theology with their carefully qualified abstract deliberations have focused too narrowly upon the individual faced with a moral choice This collection of essays comes as a much needed change Whereas others have bemoaned the state of Christian ethics today Hauerwas has attempted to work out a serious alternative to the situationists and to the traditional moral theologians The book is divided into three parts The first and perhaps most important deals with theoretical and methodological issues The second under the title the new morality and normative ethics applies his method to a number of areas of individual morality such as abortion and euthanasia The third tackles certain problems in social ethics namely the non resistant church politics and American culture **Corrective Vision** Richard A. McCormick,1994 Essays linking Roman Catholic tradition and American cultural moral issues in the last fifty years *Retrieving the Natural Law* J. Daryl Charles,2008-04-14 J Daryl Charles argues that a traditional metaphysics of natural law lies at the heart of the present reconstructive project and that a revival in natural law thinking is of the highest priority for the Christian community as we contend in rather than abdicate the public square Nowhere is this more on display than in the realm of bioethics where the most basic moral questions human personhood human rights versus responsibilities the reality of moral evil the basis of civil society are being debated from publisher description **Joseph Ratzinger in Communio, Volume 2** Pope Benedict XVI,2013-01-30 Brings together articles by Cardinal Joseph Ratzinger previously published in the North American edition of Communio International Catholic Review

The Ethical Vision of George Eliot Thomas Albrecht,2020-01-22 The Ethical Vision of George Eliot is one of the first monographs devoted entirely to the ethical thought of George Eliot a profoundly significant influential figure not only in nineteenth century English and European literature nineteenth century women s writing the history of the novel and Victorian intellectual culture but also in the field of literary ethics Ethics are a predominant theme in Eliot s fictional and non fictional writings Her ethical insights and ideas are a defining element of her greatness as an artist and novelist Through meticulous close readings of Eliot s fiction essays and letters The Ethical Vision of George Eliot presents an original complex definition of her ethical vision as she developed it over the course of her career It examines major novels like Adam Bede Middlemarch and Daniel Deronda many of Eliot s most significant essays and devotes two entire chapters to Eliot s final book Impressions of Theophrastus Such an idiosyncratic collection of character sketches that Eliot scholars have heretofore generally overlooked or ignored The Ethical Vision of George Eliot demonstrates that Eliot defined her ethical vision alternately in terms of revealing and strengthening a fundamental human communion that links us to other persons however different and remote from ourselves and in terms of recognizing and respecting the otherness of other persons and of the universe more generally from ourselves Over the course of her career Eliot increasingly transitions from the former towards

the latter imperative but she also considerably complicates her conception of otherness and of what it means to be ethically responsible to it

The ^AGood Kill Marc LiVecche,2021-06-01 The Good Kill addresses the crisis of moral injury among warfighters from the perspective of the just war tradition By providing a moral framework for enduring the heavy business of killing in combat Marc LiVecche offers potential remedies to help warfighters manage the effects of killing without becoming irreparably morally injured

The Promise of Lutheran Ethics Karen L. Bloomquist,John R. Stumme,1998-08-01 Here ten Lutheran theologians explore Lutheran emphases themes and approaches to offer their account of Christian ethics as a way of life in today s world Writing in dialogue they raise foundational concerns of biblical and theological sources and norms of Christian freedom and responsibility of call and social witness of justice and formation in prayer Then in a lively Table Talk the participants discuss and debate the tradition s insights and oversights and show how it might illumine today s burning ethical issues such as homosexuality

Solzhenitsyn, the Moral Vision Edward E. Ericson,1980 *Growing in Christian Morality* Julia Ahlers,Barbara Allaire,Carl Koch,1996 A Christian morality course designed to be part of the religion curriculum within a Catholic high school The course focuses on character development

The Paradoxical Vision Robert Benne,1995 What are the implications of a person s faith for Christian social ethics Robert Benne elaborates a basic theological ethical framework for engaging the Christian vision with its surrounding public environment political ethical cultural and intellectual He offers practical ways in which religious traditions do in fact engage the public environment

The Christian Doctrine of Health Lily Dougal,1916 Morality and the Bomb David Fisher,2020-07-20 Originally published in 1985 this book surveys how NATO policy sought to come to terms with the revolution in thinking about war which was brought about by the advent of nuclear weapons It also examines the logic of deterrence The book assesses the ethical issues involved using as a framework the tradition of the idea of the Just War A detailed modern version of the theory is elaborated and defended from an ethical viewpoint that gives due weight both to the mental states of the agent and to the consequences of his agency The principle of non combatant immunity is also examined for its clear relevance to the debate Further considerations involve the effectiveness of deterrence and its morality and the question whether deterrence can be effective even if its use is prohibited The book also discusses the implications of various possible changes in NATO policy

The Politics of Practical Reason Mark Ryan,2011-06-09 Ought we conceive of theological ethics as an activity that draws from a community s vision of human goodness and that has implications for the kind of person each of us is to be Or can students of the discipline map the ethical implications of what Christians confess about God themselves and the world while remaining indifferent to these claims Habituated by modern moral theories such as consequentialism and deontology Mark Ryan argues we too often assume that Christian ethics makes no claim on the character of its students and teachers It is rather like yet another department store within the shopping mall of ideas and ideologies to which advanced education provides access By arguing that theological ethics is an activity by nature political the author endeavors to show us that to do

Christian ethics is to be habituated into ways of talking and seeing that put us on a path toward the good The author thus affirms the claim that theological ethics is a life changing practice But why is it so This book endeavors to display a philosophical basis for this claim by articulating the political character of practical reason Through rigorous conversation with G E M Anscombe Charles Taylor Stanley Hauerwas Alasdair MacIntyre and Jeffrey Stout Ryan provides an account of practical reasoning that enables us to rightly conceive theological ethics as a discipline that ought to change our lives

The Ethics of Community Frank G. Kirkpatrick, 2001-05-25 In this important and timely study Frank Kirkpatrick draws on theology political philosophy and the social sciences more generally to develop a Christian ethic of community

Readings in Christian Ethics David K. Clark, Robert V. Rakestraw, 1994 Ethical interpretations meet real life Case studies and readings explore divergent views on morals in action *Ethics and Christianity* Keith Ward, 2014-02-04 First published in 2002 This is Volume XII of twelve in the Library of Philosophy series on Ethics Written in 1970 this book seeks to elucidate the fundamental characteristics of Christian ethics The main concern has been with what is of most vital concern to the moral philosopher the exposition of the formal characteristics of a system of morality rather than with the detail of its content and application
