## **The Church Our Story Catholic Tradition Mission And Practice:**

*The Church* Patricia Morrison Driedger, 1999      **The Church** Patricia Morrison Driedger, 1999 Written in accord with the Catechism of the Catholic Church and rooted in the sound catechetical principles of the National Catechetical Directory these texts present a well defined curriculum model that stresses clear objectives careful organization and creative methods and evaluation procedures to check the attainment of goals Very flexible allowing teachers to select materials to highlight and stress each text can be implemented on various grade levels for a quarter a semester or a full year depending on the length and frequency of class meetings Intended to function as the primary textbook for a semester or year long course in a Catholic high school at the eleventh and twelfth grade levels the goal of the course is to help students understand the interrelationship of the components of the Catholic Church This course emphasizes the living Church and what it is in the present moment and is constructed around themes such as the Church as the People of God the Church as servant and the Church as sacrament Each theme traces major periods of Church history and provides insights as to how the Church has come to its contemporary expression Recognizing that to truly understand what it means to be Catholic one must look not only at current theology worship and belief but how those things were developed and accepted through history *The Church Our Story* combines a discussion of ecclesiology literally the study of the nature of the Church with a discussion of Church history The purpose of the historical sections are not to recount all of the significant events over the past two thousand years but rather to give insight into the beliefs practices and tensions in Catholicism today that resulted from their historical roots

**The Church Our Story** Patricia Morrison Driedger, 2005-12-12 *The Church Our Story Catholic Tradition Mission and Practice* provides students with a means for understanding some of the traditional definitions of the Catholic Church While acknowledging the importance of the historical perspective this course emphasizes the living Church that makes Christ present to the world today The course is constructed around key definitions that help students to formulate an understanding of ecclesiology such as the People of God the Church as Servant and the Church as Sacrament Each definition has a historical component that traces its meaning through major periods of Church history helping students understand how the Church reflects the light of Christ today      *A Lived Theology of Everyday Life* Michael W. DeLashmutt, 2025-09-18 *A Lived Theology of Everyday Life* invites readers to discover how faith and theology intersect with the mundane and extraordinary aspects of daily living Drawing from two decades of academic inquiry and personal reflection Michael DeLashmutt explores how God's presence can be found in work culture relationships and even the most unexpected corners of life With a unique blend of theological insight storytelling and practical wisdom this book challenges readers to see theology not as an abstract exercise but as a transformative practice deeply embedded in the rhythms of everyday existence Whether through popular culture institutional leadership or the act of making art DeLashmutt reveals a God who meets us where we are calling us into deeper love and meaning in the ordinary      *Shared Mission* Leonardo Franchi, 2024 This book is a contribution to

scholarship in the field of religious education Its aim is simple to offer a critical perspective on the nature of religious education in the light of contemporary developments in Catholic thinking in catechesis and wider thinking in education Part One revolves around four historical contexts selected specifically to illuminate contemporary developments in the field Part Two explores the complex genealogy of the relationship between catechesis and Religious Education including relevant Magisterial documents and associated academic literature Part Three proposes that a Spirituality of Communion should underpin the Church s work in catechesis education and Religious Education The revised edition contains an appendix on the Global Compact on Education

Thomson,2016-03-03 *Sharing Friendship* represents a post liberal approach to ecclesiology and theology generated out of the history practices and traditions of the Anglican Church Drawing on the theological ethics of Stanley Hauerwas this book explores the way friendship for the stranger emerges from contextually grounded reflection and conversations with contemporary Anglican theologians within the English tradition including John Milbank Oliver O Donovan Rowan Williams Daniel Hardy and Anthony Thiselton Avoiding abstract definitions of character mission or friendship John Thomson explores how the history of the English Church reflects a theology of friendship and how discipleship in the New Testament the performance of worship and the shape of Anglican ecclesiology are congruent with such a theology The book concludes by rooting the theme of sharing friendship within the self emptying kenotic performance of Jesus mission and looks at challenges to the character of contemporary Anglican ecclesiology represented by secularization and globalization as well as by arguments over appropriate new initiatives such as Fresh Expressions
