The Church Planters Training Manual:

The Church Planters Training Manual, 1988 **Church Planting** Martin Robinson, 1995 **The Evangel Dean Basic Training Manual** Don L. Davis, Hank Voss, Bob Engel, 2019-07-02 World Impact's vision is clear and bold to recruit, empower and release urban leaders who will plant churches and launch indigenous church planting movements. We have established The Evangel School of Urban Church Planting to equip church planters to plant healthy churches among the city's poor. Through assessment, coaching and consultation, we facilitate church plant teams to use biblical wisdom as they engage unreached urban neighborhoods with the goal of planting churches where Christ will be honored, the Word of God preached and justice and compassion demonstrated for all to see. This guidebook is the official text for the Dean Training course to help churches and ministries sponsor their own church plant training. Designed as a manual for deans who help steer urban church planters, this workbook provides a blueprint for the whys and wherefores of the entire process from formation of the team to transitioning leadership of the newly planted church. On completion of their course and Dean Commissioning, Deans are then certified to host their own Evangel School sessions within their ministry context. This text is keyed to other valuable resources specifically designed for the Evangel Church Plant Schools in order to help urban church planters plant churches in the city, i.e. Ripe for Harvest: A Guidebook for Planting Healthy Churches in the City and Planting Churches among the City's Poor Vols 1 and 2. In addition, online videos, PowerPoint presentations and other supplemental resources developed for Evangel Church Plant Schools are available to help a church organization or ministry train teams to plant churches among the poor. Join us as we strive to plant thousands of healthy churches in communities where Christ is not yet known.

Church Planting Martin Robinson, David Spriggs, 1995. This interactive manual provides training for the leaders of new and prospective church plants. It is designed for use in groups. Church planting is topical and is recommended by the main denominations. **Church Planter Field Manual** Tom Wood, 2014-05-15. Church Planter field training to empower leaders to multiply gospel-saturated, missionally engaged and reproducing churches. *The Church Planter's Training Manual* Fred King, 1992. *Helping You Build Cell Churches* Brian Sauder, Larry Kreider, 2002-05-01. **The Y-B-H Handbook of Church Planting (Yes, But How?)** Roger N. McNamara, Ken Davis, 2005-05. This book is a practical step-by-step guide for church planters and their coaches. It covers everything they need to know to start healthy growing churches that are biblically faithful and yet culturally relevant. While addressing the who, why and where of planting new congregations, this comprehensive manual focuses primarily on the how-tos. The authors use a five-stage life cycle conception: pre-natal development, birth, infancy, adolescent growth and adult reproduction to flesh out the entire process of starting and growing a new church. Under each of these stages, a host of essential ministry and planning tasks is addressed so the planter can keep his baby church on course and can have the joy of watching the new church grow to maturity and eventually reproduce itself.
