Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 , Comet! Graham M. Simons,2013-11-14 A masterpiece of the most diligent research and extraordinary detail and surely represents the definitive study of the Comet a terrific book Royal Aeronautical Society This volume from the respected and well regarded aviation historian and author Graham Simons is a solid book of such scope that you ll probably consult it for a lot more than just Comet material SpeedReaders info Extensively illustrated throughout Comet features details lifted directly from enquiry and salvage reports much of which have never been published before and offers a unique insight into the failures and tragedies that blighted the early days of development laying down lessons that were ultimately to benefit later designs As part of his research into the book the author met and interviewed Harry Povey the De Havilland Production Manager and John Cunningham the Comet test pilot who would be the first to experience flight at the helms of the iconic craft Both of these first hand accounts are relayed in the book adding a deeper sense of authenticity and a more personalized account of proceedings than facts and reports alone are able to achieve Attention is also paid to the derivative Nimrod design and the book features an interview that the author conducted with the aircraft commander of the last ever Nimrod operational flight Interviews of this kind are supplemented by the author s own narrative of proceedings setting personal experience within historical context and exploring the themes and historical topics that the interviews evoke An outstanding account of the life of the Comet all readers will find inspiration and achievement in the tale Firetrench **17 Days and 17 Miles Apart** Donald J. Porter,2025-02-14 A missing two cent cotter pin smaller than a paperclip can bring down a four engine airliner and kill hundreds of people In 1961 only 17 days and 17 miles apart Trans World Airlines Flight 529 and Northwest Airlines Flight 706 suffered fatal disasters in Illinois The Lockheed Constellation operated by TWA crashed because of a missing cotter pin and the Northwest Airlines Lockheed Electra crashed because someone forgot to install a few inches of safety wire Government officials charged with investigating these crashes reveal why the airlines and their employees took no responsibility for such fatal ineptness This book tells the story of the ill fated airliners how the airlines avoided responsibility and how the passengers are remembered by next of kin after more than 50 years Readers may discover similarities between the 1961 disasters and the 2019 crashes of two Boeing 737 MAX jetliners that killed 346 people
