#### The Coalitional Presidency:

The Coalitional Presidency Lester G. Seligman, Cary Raymond Covington, 1989 Coalitional Presidentialism in Comparative Perspective Paul Chaisty, Nic Cheeseman, Timothy J. Power, 2018-02-02 This book provides the first cross regional study of an increasingly important form of politics coalitional presidentialism Drawing on original research of minority presidents in the democratising and hybrid regimes of Armenia Benin Brazil Chile Ecuador Kenya Malawi Russia and Ukraine it seeks to understand how presidents who lack single party legislative majorities build and manage cross party support in legislative assemblies It develops a framework for analysing this phenomenon and blends data from MP surveys detailed case studies and wider legislative and political contexts to analyse systematically the tools that presidents deploy to manage their coalitions. The authors focus on five key legislative cabinet partisan budget and informal exchange of favours tools that are utilised by minority presidents They contend that these constitute the toolbox for coalition management and argue that minority presidents will act with imperfect or incomplete information to deploy tools that provide the highest return of political support with the lowest expenditure of political capital In developing this analysis the book assembles a set of concepts definitions indicators analytical frameworks and propositions that establish the main parameters of coalitional presidentialism In this way Coalitional Presidentialism in Comparative Perspective provides crucial insights into this mode of governance Oxford Studies in Democratization is a series for scholars and students of comparative politics and related disciplines Volumes concentrate on the comparative study of the democratization process that accompanied the decline and termination of the cold war The geographical focus of the series is primarily Latin America the Caribbean Southern and Eastern Europe and relevant experiences in Africa and Asia The series editor is Laurence Whitehead Senior Research Fellow Nuffield College University of Oxford Routledge Handbook of Latin American Politics Peter Kingstone, Deborah J. Yashar, 2013-03-05 The Routeldge Handbook of Latin American Politics brings together the leading figures in the study of Latin America to present extensive empirical coverage and a cutting edge examination of the central areas of inquiry in the Models of Voting in Presidential Elections Herbert F. Weisberg, Clyde Wilcox, 2004 Chapters in this book were region originally commissioned for a conference held at the Mershon Center on the Ohio State University campus March 7 10 2002 The President's Dilemma in Asia Don S. Lee, 2024-07-12 The President's Dilemma in Asia provides one of the first Preface comprehensive and comparative theory of presidential government formation In the authoritarian era presidents had greater control over key institutional actors in the process such as the legislature the ruling party and the bureaucracy However after democratic transition they have to navigate competing pressures from these political institutions This book highlights the major trade off that presidents of new democracies face in their relationship with the different political institutions the so called president's dilemma and their strategy in dealing with the dilemma Existing studies of presidential government formation in new democracies have largely overlooked the entirety of the structure of the political institutions surrounding

the president and its impact on the president's government formation strategy. This book offers a view that government formation is a window to understanding how presidents weigh the benefits of appointing ministers representing different political institutions under a variety of given institutional circumstances. The question of which institution presidents attempt to accommodate through government formation is a high stakes one and addressing it is important because particular patterns of personnel distribution can influence the kind of policies political leaders adopt and the level of accountability and responsiveness to constituents these policies represent Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterized by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit www ecprnet eu The series is edited by Nicole Bolleyer Chair of Comparative Political Science Geschwister Scholl Institut LMU Munich and Jonathan Slapin Professor of Political Institutions and European Politics Department of Political Science University of Zurich The Politics of Coalition in Korea Youngmi Kim, 2011-04-05 This book examines how inter and intra party coalition building affects governability in South Korea Focusing on the Kim Dae jung administration 1998 2003 as a case study in the failure of a government to turn electoral success into stable governability or ability to implement reform policies the book s research draws on two bodies of literature which though focusing on the same dependent variable cabinet or government stability have rarely been used in tandem coalition research on parliamentary systems and studies of divided government in presidential systems Youngmi Kim argues that a weak institutionalization of the ruling party and the party system accounts for political instability and inefficient governability in Korea and in doing so her study makes a number of key contributions to the field Theoretically it proposes a framework which integrates a rationalist approach with one that acknowledges the role of political culture It further enhances the understanding of factors affecting governability after coalition building across regime types and aims to build on recent demands for broader cross regime analysis of minority divided government and of the determinants of governability This has important comparative implications as coalition building within semi presidential systems has occurred in other post authoritarian contexts. The book finally provides a new dataset which fills a gap in a field where Western cases constitute the main focus of research The Politics of Coalition in Korea will be of interest to students and scholars of Korean studies Korean politics Asian studies and Asian politics Youngmi Kim is Assistant Professor at the Departments of Public Policy and International Relations and European Studies at Central European University Budapest Presidential Party Building Daniel J. Galvin, 2009-09-21 Modern presidents are usually depicted as party Hungary predators who neglect their parties exploit them for personal advantage or undercut their organizational capacities Challenging this view Presidential Party Building demonstrates that every Republican president since Dwight D Eisenhower worked to build his party into a more durable political organization while every Democratic president refused to do the same

Yet whether they supported their party or stood in its way each president contributed to the distinctive organizational trajectories taken by the two parties in the modern era Unearthing new archival evidence Daniel Galvin reveals that Republican presidents responded to their party s minority status by building its capacities to mobilize voters recruit candidates train activists provide campaign services and raise funds From Eisenhower's Modern Republicanism to Richard Nixon's New Majority to George W Bush's hopes for a partisan realignment Republican presidents saw party building as a means of forging a new political majority in their image Though they usually met with little success their efforts made important contributions to the GOP's cumulative organizational development Democratic presidents in contrast were primarily interested in exploiting the majority they inherited not in building a new one Until their majority disappeared during Bill Clinton's presidency Democratic presidents eschewed party building and expressed indifference to the long term effects of their actions Bringing these dynamics into sharp relief Presidential Party Building offers profound new insights into presidential behavior party organizational change and modern American political development **Enhancing Democracy** With Coalition Governments and Politics Tshishonga, Ndwakhulu Stephen, 2024-05-20 Political coalition formation is a global strategy employed by leaders and parties in their pursuit of power This practice takes on particular significance in post colonial Africa where coalition governments have emerged as responses to challenges faced by the electoral base of liberation parties In countries like Congo Kinshasa Zimbabwe Nigeria Mauritius South Africa and the Kingdom of Lesotho coalition politics serves as a model for conflict resolution and democratic governance Enhancing Democracy With Coalition Governments and Politics delves into this complex landscape thoroughly investigating the pivotal role of coalition governments formed both before and after elections It sheds light on the challenges posed to dominant liberation movements and the urgent need for a radical agenda to address corruption maladministration and the abuse of political power The book focuses on Africa's pursuit of sound electoral democracy and democratic governance Enhancing Democracy With Coalition Governments and Politics aims to conceptually understand coalition governments trace their historical evolution in Africa interrogate the triggers for coalition formation assess their impact on electoral democracy and explore coalition politics at both local and national levels By providing theoretical and empirical insights the book equips policymakers practitioners scholars and researchers in the fields of Politics Sociology Public Administration and Development Studies with tools to comprehend form manage and sustain political coalitions as vehicles for democratic governance **Politics Latin America** Gavin O'Toole, 2014-05-12 This is a volume which will become invaluable to those attempting to guide the neophyte through the maze of politics in Latin America Journal of Latin American Studies Politics Latin America examines the role of Latin America in the world and its importance to the study of politics with particular emphasis on the institutions and processes that exist to guarantee democracy and the forces that threaten to compromise it Now in its second edition and fully revised to reflect recent developments in the region Politics Latin America provides students and teachers with an accessible

overview of the region s unique political and economic landscape covering every aspect of governance in its 21 countries The book examines the international relations of Latin American states as they seek to carve out a role in an increasingly globalised world and will be an ideal introduction for undergraduate courses in Latin American politics and comparative **The Executive Branch** Joel D. Aberbach, 2005 Presents a collection of essay that provide an examination of the politics Executive branch in American government explaining how the Constitution created the executive branch and discusses how the executive interacts with the other two branches of government at the federal and state level Coalition Politics and Federalism Adrián Albala, Josep Maria Reniu, 2018-05-08 This book analyzes the verticalization of coalition cabinets from the national to the sub national level Presenting case studies for countries with federal systems of government such as Argentina Australia Brazil Canada Germany and India as well as those focusing on states with hybrid systems of government such as Italy the contributors analyze multilevel government formation processes to identify vertical congruence between national and sub national coalitions. The book also examines various factors affecting the degree of congruence of political coalitions such as the degree of decentralization federalization and institutionalization of political systems as well as cleavage structure This book will be a valuable resource for all scholars interested in coalition politics as well as for politicians and practitioners in government and parliament Presidents and Democracy in Latin America Manuel Alcántara, Jean Blondel, Jean-Louis Thiébault, 2017-09-07 This new textbook provides students with a comprehensive and accessible introduction to the presidents and presidential leadership in Latin America Unlike other texts Presidents and Democracy in Latin America integrates both political analysis and major theoretical perspectives with extensive country specific material Part One examines the developments in recent years in Latin American presidentialism and identifies different characteristics of society and politics which have influenced Latin American governments The personalization of political life and of presidential government help to illustrate the character of Latin American politics specifically on the type of political career of those who occupied the presidential office the leadership style of these presidents and the type of government which they led Part Two studies two presidents in each of six countries in the region which reflect the broad trends in the political and electoral life Argentina Brazil Chile Colombia Mexico and Peru Each case study first provides the biographical background of the president it outlines the political career of the president both inside and outside of a party including at the local level the popularity of the president at the time of the presidential election is given as well as the mode of selection of the candidates selection by party leaders only by party members or by a primary The relation of the president with the government or ministers especially if there is a coalition government is detailed This textbook will be essential reading for all students of Latin American Politics and is highly recommended for those studying executive politics political leadership and the state of democratic governance in Latin America *Presidential Policies and the Road to the Second Iraq War John* Davis, 2016-03-23 By virtually any means of measurement postwar Iraq has become a more bloodied and embattled

settlement than ever envisaged But were the seeds of these problems sown long before military force had been committed This lucid and detailed examination of US foreign policy evaluates the continuity and divergence in the strategies of the Bush Clinton and Bush Ir administrations and their efforts to respond to the Iraqi threat and how those strategies have bequeathed a legacy of problems to those trying to rebuild a postwar Iraq Offering the most comprehensive analysis of the dynamics that paved the way for renewed conflict in Iraq the book provides a descriptive account of attempts to confront a host of political pressures from the need for international cooperation in postwar Iraq to dealing with the influx of foreign fighters and their quest to force American withdrawal This essential volume provides analysts observers and policy makers with quidelines and prescriptions about the future of postwar Iraq and detailed analysis of lessons learned both during and after the military and reconstruction phases **Presidents, Assemblies and Policy-making in Asia** Y. Kasuya, 2013-04-08 The authors assess the constitutional and partisan powers of Asian presidents and analyse how they are used in actual policy making processes Country case studies on Afghanistan Indonesia the Philippines South Korea Sri Lanka and Taiwan analyze how their Weekly Compilation of Presidential constitutional and partisan powers are used in actual policy making processes Routledge Handbook of Brazilian Politics Barry Ames, 2018-10-25 With contributions from leading Documents, 1969 international scholars this Handbook offers the most rigorous and up to date analyses of virtually every aspect of Brazilian politics including inequality environmental politics foreign policy economic policy making social policy and human rights The Handbook is divided into three major sections Part 1 focuses on mass behavior while Part 2 moves to representation and Part 3 treats political economy and policy The Handbook proffers five chapters on mass politics focusing on corruption participation gender race and religion three chapters on civil society assessing social movements grass roots participation and lobbying seven chapters focusing on money and campaigns federalism retrospective voting partisanship ideology the political right and negative partisanship five chapters on coalitional presidentialism participatory institutions judicial politics and the political character of the bureaucracy and eight chapters on inequality the environment foreign policy economic and industrial policy social programs and human rights This Handbook is an essential resource for students researchers and all those looking to understand contemporary Brazilian politics **The Coalitions Presidents Make Marcus** Mietzner, 2023-12-15 In The Coalitions Presidents Make Marcus Mietzner explains how Indonesia has turned its volatile post authoritarian presidential system into one of the world's most stable He argues that since 2004 Indonesian presidents have deployed nuanced strategies of coalition building to consolidate their authority and these coalitions are responsible for the regime stability in place today In building coalitions Indonesian presidents have looked beyond parties and parliament the traditional partners of presidents in most other countries In Indonesia actors such as the military the police the bureaucracy local governments oligarchs and Muslim groups are integrated into presidential coalitions by giving them the same status as parties and parliament But while this inclusiveness has made Indonesia's presidential system extraordinarily durable it has

also caused democratic decline In order to secure the stability of their coalitions presidents must observe the vested interests of each member when making policy decisions The Coalitions Presidents Make details the process through which presidents balance their own powers and interests with those of their partners encouraging patronage oriented collaboration and disincentivizing confrontation Political Handbook of the World 2018-2019 Tom Lansford, 2019-03-19 The Political Handbook of the World provides timely thorough and accurate political information with more in depth coverage of current political controversies than any other reference guide The updated 2018 2019 edition will continue to be the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup Compiling in one place more than 200 entries on countries and territories throughout the world this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system It also provides names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and UN agencies This comprehensive update will include coverage of current events issues crises and controversies from the course of the last two years including Elections across Europe Referendum in Ireland Rohingya genocide in Myanmar The Venezuelan dictatorship The renaming of Swaziland to eSwatini Qatar diplomacy changes Historic meeting between the United States and North Korea Establishment of a new governing coalition in Liberia Political Ground Bruce Miroff, 2018-01-19 How much power does a president really have Theories and arguments abound pointlessly Bruce Miroff says if we don t understand the context in which presidents operate Borrowing from Machiavelli Miroff maps five fields of political struggle that presidents must traverse to make any headway media powerful economic interests political coalitions the high risk politics of domestic policy and the partisan politics of foreign policy The prince readying for war Machiavelli writes must learn the nature of the terrain and know how mountains slope how valleys open how plains lie and understand the nature of rivers and swamps So it is with presidents navigating the political landscape The variability of political ground and of the conflicts fought on it is a core proposition of this study. The swift collapse of the Soviet Union the terrorist attacks of 9 11 and the financial crisis of 2008 recent history offers a quick lesson in fortune s role in the careers of presidents Taking a historical perspective which opens on an array of cases Miroff explores the various ways in which a president's agenda is constrained or facilitated by political conditions on the ground His book reveals how political identity is constructed and contested in the media through the ever changing presidential spectacle what happens when Democrats in the White House tangle with the titans of the economy why presidents claiming to represent the entire nation have to manage political coalitions that direct rewards to their own followers why domestic policy has become tough terrain for presidents and how partisan polarization has reshaped presidential leadership in foreign policy an area once considered beyond politics Providing a new perspective on why and how presidents succeed or fail in each of these areas this book is an indispensable resource for understanding the forces that shape presidencies and the power of a president to fight on such

fraught terrain Implications of the President's Health Budget, 1979 United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Health and Scientific Research, 1980

#### **The Coalitional Presidency Introduction**

In the digital age, access to information has become easier than ever before. The ability to download The Coalitional Presidency has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Coalitional Presidency has opened up a world of possibilities. Downloading The Coalitional Presidency provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Coalitional Presidency has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Coalitional Presidency. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Coalitional Presidency. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Coalitional Presidency, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Coalitional

Presidency has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

#### **FAQs About The Coalitional Presidency Books**

- 1. Where can I buy The Coalitional Presidency books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
- 2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
- 3. How do I choose a The Coalitional Presidency book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
- 4. How do I take care of The Coalitional Presidency books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
- 5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
- 6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
- 7. What are The Coalitional Presidency audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
- 8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores.

- Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
- 9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
