The Collected Works Of James M Buchanan:

The Collected Works of James M. Buchanan ,1999 The Collected Works of James M. Buchanan James M. BUCHANAN,2002-06 In one of the major publishing endeavors of recent decades The Collected Works of James M Buchanan the Nobel laureate in Economics in 1986 is being published in twenty volumes under the auspices of The Liberty Fund The series will include ten monographs and all of the important journal articles papers and essays that Buchanan has produced in a distinguished career spanning more than a half century The monographs will appear in a new form and with the addition of indexes in those cases where no index or only a partial index was originally provided In addition each volume includes a foreword by one of the series three editors Professors Geoffrey Brennan Hartmut Kliemt and Robert D Tollison each of whom is a distinguished economist in his own right This is a series that no serious scholar of public choice theory public economics or contemporary political theory will want to be without It is a series that will also appeal to the general student of liberty for Buchanan has perhaps more than any other contemporary scholar helped us to view politics without the romantic gloss that characterizes so much normative political theory and that slips unthinkingly into so much popular commentary Buchanan has been a resolute defender of the ideal of a society of free and responsible individuals and has been a painstaking analyst of the institutional structure that might best support such a society Buchanan stands with von Mises Hayek Popper and Friedman as one of the great twentieth century scholars of liberty *Collected Works of James M.
