Project* Robert A Bolduc,2022-08-01 Scott Hardy is a quantum physicist ahead of his time He theorized that ghosts were manifestations of alternate universes and he spent most of his life proving those universes are real and we can travel to them When he asked the government for funding they took his project away from him Twenty years later the government thought they solved the critical problem of keeping matter from Earth permanent in other universes An exploratory mission was sent to another universe and is now trapped there After the exploration team left the project discovered that matter from Earth will eventually dissolve and be absorbed by other universes Time is running out for the explorers so the project turns to Scott Hardy for help to get the people back before they die Hardy reluctantly agrees to help but when he arrives at the secret base where the government runs his project attempts are made on his life It seems the project isn't exactly secret and someone wants it to fail Can Hardy help the project team get their people home before their time runs out **The "What's for Dinner?" Solution** Kathi Lipp,2011-10-01 For many women dread turns to panic around 4:00 in the afternoon That's when they have to answer that age old question What's for dinner Many resort to another supermarket rotisserie chicken or worse yet ordering dinner through a drive thru intercom In *The What's for Dinner Solution* popular author and speaker Kathi Lipp provides a full kitchen approach for getting dinner on the table every night After putting her 21 day plan into action women will save time with bulk shopping and cooking save money no more last minute phone calls to the delivery pizza place save their sanity forget the last minute scramble every night and know what they're having for dinner The book includes real recipes from real women a quick guide to planning meals for a month the best shopping strategies for saving time and money and tips on the best ways to use a slow cooker freezer and pantry With Kathi's book in hand there's no more need to hit the panic button *Married to the Job (RLE Feminist Theory)* Janet Finch,2012-11-12 *Married to the Job* examines an important but under researched area the relationships of wives to their husbands work Janet Finch looks both at the way women's lives are directly affected by the work their husbands do and how they can get drawn into it These she sees as the two sides of wives incorporation Dr Finch discusses a wide range of occupations from obvious stereotypes services diplomatic clergy and political wives to more subtle but equally valid shades of involvement the wives of policemen merchant seamen prison officers the owners of small businesses and academics She stresses that this process is by no means confined to the wives of professional men she argues that the nature of the work done and the way it is organised are more important pointers to the

ways in which wives will be incorporated For specific illustrations Dr Finch draws substantially on her own original research on wives of the clergy *Married to the Job* clearly shows that marriage itself not just child bearing is an important feature of women s subordination Dr Finch points to the links between husband s work the family and its relationship to economic structures and suggests that wives are tied into those structures as much as anything through their vicarious involvement in their husband s work She views any prospects for change with caution The organisation of social and economic life makes it difficult for wives to break free from this incorporation even should they wish to it makes economic good sense for them to continue in most cases social life is organised so as to make compliance easy and it provides a comprehensible way of being a wife As an empirically based survey of women s subordination within marriage *Married to the Job* will prove essential reading to all those concerned about the position of women whether feminists academics or general readers It will also provide important background material for undergraduate courses on women s studies the sociology of the family the sociology of work and family policy
