**The Immortal Child** Jean Hudon, 1988      Night Child Lisa Kessler, 2014-04-28 A psychic gift Muriah La Deaux's latest job requires her to locate an ancient codex detailing a prophecy of an immortal birth But before she can deliver it her client is brutally murdered Now a man with chaos in his eyes wants the codex she's hiding An immortal child Issa is one of the original Night Walkers a proud protector of the mortal world Now when the survival of his entire race rests on protecting an unborn child Issa is the only immortal strong enough to protect Muriah on a risky mission locate the lost scrolls that will trap their foe but his tenuous grasp on his sanity is slipping The ultimate sacrifice Muriah's headstrong spirit awakens feelings in Issa that are best left buried But as the battle between love and chaos ensues sacrifices must be made Each book in the Night series is a standalone full length story that can be enjoyed out of order Series Order Book 1 Night Walker Book 1 5 Night Thief Book 2 Night Demon Book 3 Night Child      *Children's Literature of the Harlem Renaissance* Katharine Capshaw, Katharine Capshaw Smith, 2006-08-16 This book explores the period's vigorous exchange about the nature and identity of black childhood and uncovers the networks of African American philosophers community activists schoolteachers and literary artists who worked together to transmit black history and culture to the next generation Jacket      **The Immortal Child** Leslie Gordon Barnard, 1941      Slavery in American Children's Literature, 1790-2010 Paula T. Connolly, 2013-07-01 Long seen by writers as a vital political force of the nation children's literature has been an important means not only of mythologizing a certain racialized past but also because of its intended audience of promoting a specific racialized future Stories about slavery for children have served as primers for racial socialization This first comprehensive study of slavery in children's literature *Slavery in American Children's Literature 1790-2010* also historicizes the ways generations of authors have drawn upon antebellum literature in their own re-creations of slavery It examines well known canonical works alongside others that have ostensibly disappeared from contemporary cultural knowledge but have nonetheless both affected and reflected the American social consciousness in the creation of racialized images Beginning with abolitionist and proslavery views in antebellum children's literature Connolly examines how successive generations reshaped the genres of the slave narrative abolitionist texts and plantation novels to reflect the changing contexts of racial politics in America From Reconstruction and the end of the nineteenth century to the early decades of the twentieth century to the civil rights era and into the twenty first century these antebellum genres have continued to find new life in children's literature in among other forms neoplantation novels biographies pseudoabolitionist adventures and neo slave narratives As a literary history of how antebellum racial images have been re-created or revised for new generations *Slavery in American Children's Literature* ultimately offers a record of the racial mythmaking of the United States from the nation's beginning to the present day      **A Child Is Being Killed** Serge Leclaire, 1998 The powerful thesis of this book is that in order to achieve full selfhood we must all repeatedly and endlessly kill the phantasmatic image of ourselves instilled in us by our parents We

must all combat what the author calls primary narcissism a projection of the child our parents wanted This idea that each of us carries as a burden an unconscious secret of our parents a hidden desire that we are made to live out but that we must kill in order to be born touches on some of the fundamental issues of psychoanalytic theory Around it the author builds an intricate analysis of the relation between primary narcissism and the death drive Each of the book's five chapters begins with one or more case studies drawn from the author's clinical experience as a psychoanalyst In these studies he links his central concern the image of the child created by the unconscious desire of the parents to other issues such as the question of love the concept of the subject and the death drive In the penultimate chapter on transference the author challenges the commonplace understanding of the analyst's impassivity What does such impassivity imply especially in the context of a transference love between a female patient and a male analyst In replying to this question the author forcefully reassesses the relation of psychoanalysis to femininity to the question What does a woman want Serge Leclair's overarching thesis leads to a provocative rereading of the Oedipal configuration Leclair suggests that he is inhabited pursued haunted and debilitated by the child who should have died in order that Oedipus might have been born into life      **Darkwater** W.
