**United Empire** ,1911      **The Mid-Pacific Magazine** ,1928      *Representing the Dynasty in Flavian Rome* Jonathan Davies,2023-07-19 *Representing the Dynasty in Flavian Rome* investigates the problem of contemporary historiography and regime representation in Flavian Rome through a close study of a text not usually read for such purposes but which has obvious promise for a study of this theme the Jewish War of Flavius Josephus Having surveyed the evolution of our conception of Josephus relationship to Flavian power taken a broad account of issues of political expression and regime representation in Flavian Rome outside Josephus and examined questions relating to the structure and date of the work Davies provides a series of thematically focused readings of the three senior members of the Flavian family Vespasian Titus and Domitian as represented by their contemporary and client Josephus Key topics explored include the level of independence of Josephus vision his work s relationship to how the regime is depicted in other contemporary sources how Josephus makes the Flavians serve his own agenda which is distinct from the heavy focus of much previous scholarship on how Josephus served their agenda and the viability and usefulness of certain types of reading practices relating to figured critique which have recently become influential in Josephan scholarship The book offers a new approach to Josephus relationship to the Flavian Dynasty and sheds new light on contemporary historiography and political expression in the Early Principate      *Earth into Property* Anthony Hall,2010-08-23 *Earth into Property The Bowl with One Spoon Part Two* explores the relationship between the dispossession of Indigenous peoples and the making of global capitalism Beginning with Christopher Columbus s inception of a New World Order in 1492 Anthony Hall draws on a massive body of original research to produce a narrative that is audacious encyclopedic and transformative in the new light it sheds on the complex historical processes that converged in the financial debacle of 2008 and 2009      *Buffalo Shout, Salmon Cry* Steve Heinrichs,2013-06-19 How can North Americans come to terms with the lamentable clash between indigenous and settler cultures faiths and attitudes toward creation Showcasing a variety of voices both traditional and Christian native and non native *Buffalo Shout Salmon Cry* offers up alternative histories radical theologies and poetic life giving memories that can unsettle our souls and work toward reconciliation This book is intended for all who are interested in healing historical wounds of racism stolen land and cultural exploitation Essays on land use creation history and faith appear among poems and reflections by people across ethnic and religious divides The writers do not always agree in fact some are bound to raise readers defenses But they represent the hard truths that we must hear before reconciliation can come Many who read *Buffalo Shout Salmon Cry* are wondering How can I respond *Paths for Peacemaking with Host Peoples* is a short document intended to give people tangible ways to act and respond to some of the things learned in *Buffalo Shout Salmon Cry* Click [here](#) to download Free downloadable study guide available here      *The New Learned History* ,1923      **Evolution of the Japanese Social and Psychic** Sidney L.  Hulbert G. Emery, Katharine G. Brewster, 1929      Polyrhythmicity Kofi Kissi Dompere, 2006-03-31 The modern works on  
 African philosophy have not been integrated and fully connected to Africa's antiquity in order to provide a foundational unity  
 for further intellectual refinement The philosophical dimensions of humanism Nkrumah's concept of categorial conversion  
 African concepts of duality polarity unity continual creation and democratic ideals must be shown their African centered  
 origins In considering African philosophy there arise conceptual and logical gaps that require the development of  
 fundamental cognitive unity from the available data with judicious interpretation and restructuring in order to define the  
 parameters of African philosophical unity that will allow these gaps to be closed for intellectual continuity This monograph is  
 devoted to the establishment of the foundations for the development of Africa's intellectual continuity and cognitive unity  
 from antiquity to the present Its main premise is that there is African philosophy with its own method of reasoning analysis  
 and synthesis The monograph initiates self contained philosophical foundations for African intellectual unity that is required  
 to support African cultural unity African personality African essence and humanism needed for the creation of Greater Africa  
 that is implied by African Union These philosophical foundations it is argued formed the thinking system for Africa's social  
 construct law economics politics and governance of empires kingdoms and social units that have come to pass These  
 philosophical foundations constitute the thinking system that must guide current and future Africa's socioeconomic dynamics  
 The monograph discusses also Africa's contributions to the global intellectual heritage by showing the relationships among  
 foundations of African philosophical tradition and other philosophical systems that lead to rediviva Africana It presents the  
 principles of cognitive unity and continuity on the held position that without clearly developed Africa's philosophical  
 foundations from its antiquity providing intellectual unity and cognitive continuity complete emancipation of Africa will be a  
 mere mimicking of intellectual faults of other nations and philosophical systems The research by African scholars and others  
 on specific philosophical thoughts from different areas of Africa is useful materials that must be integrated into cognitive  
 unity by accepting those that fit and rejecting those that do not fit by a defined logical process Mindful of this a case is thus  
 made in this monograph for African cognitive unity and supporting reasoning methods The system of ideas and perceptive  
 interpretations of relevant data is here referred to as Africentricity and its philosophical foundations that project thought as  
 polyrhythmicity while the study of logic of reasoning about methodological and epistemic problems of polyrhythmicity and  
 Africentricity is referred to as polyrhythmics On practical level these philosophical foundations are shown to support the  
 conceptual basis of Nguzo Saba the Seven Principles of Kwanzaa The monograph would be of interest to philosophers in  
 general professionals researchers and students engaged in African philosophy African studies Black studies socio political  
 philosophy and those interested in knowing the thinking system on the basis of which African essence arises and African  
 social formations were constructed and governed from antiquity      **Waking Up and Growing Up** Diane Musho
